DECEMBER 1974

INTRODUCTION

The second volume of the SUBJECT CATALOG adds 4,620 entries to the 7,352 subjects listed in the first volume published in December 1972. The cumulation makes a total of 11,972 subjects, covering broad areas of crime, law enforcement, criminal justice, prisons, rehabilitation, narcotics and dangerous drugs. The titles have been classified from over 10,000 books and documents in the holdings of the libraries of the Law Enforcement Assistance Administration, Drug Enforcement Administration, and the Federal Bureau of Prisons. The holdings of the agencies' libraries have been classified and combined in the LIBRARY BOOK CATALOG published in four separately bound volumes subtitled: AUTHOR CATALOG, TITLE CATALOG, SUBJECT CATALOG and PERIODICALS CATALOG.

This second volume of the SUBJECT CATALOG includes, for the first time, the titles of the holdings of the National Criminal Justice Reference Service (NCJRS), an international clearinghouse of the Law Enforcement Assistance Administration for criminal justice information reference and dissemination services. It also includes the listings contained in the supplements to the SUBJECT CATALOG issued in June and December of 1973.

Volume 2 of the AUTHOR CATALOG and the TITLE CATALOG has also been published. The first volumes of the catalogs, published in 1972 are for sale by the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402*. Order catalogs by title and stock number, and enclose remittances (check or money order) payable to the Superintendent of Documents.

The cumulative listing of the holdings of the libraries, referenced in the two catalogs, are available for loan. Please follow standard ALA inter-library loan procedures in requesting the use of books and documents.

We gratefully acknowledge the contributions of the participating libraries and the support within the Law Enforcement Assistance Administration that made the preparation and publication of this catalog possible.
