FY 2016 Self-Help Group for American Indian and Alaska Native Survivors of Homicide Facilitator's Guide Project (CFDA # 16.582)

A. Program Description

Overview

The Office for Victims of Crime (OVC) administers discretionary award programs supported by the federal Crime Victims Fund (the Fund). In general, OVC discretionary award funds support direct services for victims and training and technical assistance projects designed to improve the overall quality of services delivered to crime victims by direct services providers. OVC also uses its discretionary award funding to support innovative projects that fulfill the unmet needs of crime victims. This project is designed to provide support and healing to American Indian and Alaska Native (AI/AN) survivors of homicide by: (1) supporting costs associated with developing a facilitator's guide for a survivors of homicide self-help support group; (2) training peers and clinical mental health professionals to serve as group facilitators/leaders; and (3) providing group leaders with ongoing training and technical assistance.¹

The statutory authority for this program is 42 U.S.C. § 10603 (c)(1)(A).

Project-Specific Information

According to the Federal Bureau of Investigation, homicides accounted for three percent of the 17,000 crimes reported by tribal law enforcement agencies as part of the Uniform Crime Report between 2008–2010.² For family members and friends of homicide victims, the social, psychological, and economic implications of surviving a homicide can be overwhelming. In addition to feelings of guilt, anxiety, and the social stigma associated with homicide, family and friends of the victim may have to contend with intrusions by the media and criminal justice professionals. Increasing social support and coping skills can be critical to the recovery of survivors of homicide.

There is very little research available about the specific needs of AI/AN survivors of homicide. Researchers who have assessed the needs and preferences of groups of racially and ethnically heterogeneous survivors of homicide have found that survivors of homicide generally prefer to receive informal support, rather than formal interventions provided by mental health professionals.³ Self-help groups are steeped in American Indian cultural traditions. For example, in the 1700s and 1800s, spiritual leaders from the Shawnee and Delaware Tribes organized recovery circles where tribal members provided one another with encouragement to abstain

¹ OVC defines the term "homicide survivor" to include "...anyone (such as a spouse or partner, child, sibling, extended family member, or friend) who has been impacted by the death of a loved one by homicide." (<http://ovc.ncjrs.gov/Topic.aspx?topicid=32>)

from drinking alcohol and return to traditional methods of coping.⁴ Modern self-help groups are composed of individuals who share a common problem, crisis, or lifestyle, who offer one another suggestions for new methods of coping with stress, and in so doing, gain new insight into their own struggles.

Self-help groups can be an effective intervention for individuals who are experiencing grief and loss, and can be a culturally relevant for members of AI/AN tribes.⁵

Goals, Objectives, and Deliverables

The goals of this project include:

1. Developing a comprehensive facilitator's guide for a self-help group for AI/AN survivors of homicide who reside in tribal communities.
2. Developing and delivering training based on the facilitator's guide to an audience of peers (i.e., survivors of homicide) and mental health professionals on how to establish and lead a self-help group for survivors of homicide in tribal communities.
3. Providing ongoing technical assistance to group leader-facilitators.

In support of the three goals outlined above, the successful applicant under this solicitation, will be expected to accomplish the following objectives:

- 1. Comprehensive facilitator's guide:** The successful applicant will produce a comprehensive guide to assist potential group leader-facilitators with all aspects of organizing, facilitating, and managing a self-help group for AI/AN survivors of homicide. At a minimum, the guide must provide leader-facilitators with pertinent information about:
 - The psychosocial needs of AI/AN survivors of homicide;
 - How to recognize symptoms of suicidality and post-traumatic stress and make appropriate crisis referrals;
 - The limits of confidentiality in a group setting;
 - AI/AN beliefs, customs, and traditions related to grief, mourning, and bereavement;
 - Key facilitation skills for group leaders; and
 - Guidance on how to locate a meeting location, advertise/market the group locally, and manage the group.

The award recipient will draft the guide and, with assistance and input from OVC, coordinate the review of the draft guide with both federal and non-federal reviewers (e.g., national professional membership organizations for mental health professionals). The recipient will also prepare a final draft of the guide in accordance with OVC's Publication Guidelines, including obtaining OVC review and approval on the final content and format of the guide, and coordinating with OVC's Training and Technical Assistance Center to ensure that the final draft comports with established adult learning principles. The award recipient will be responsible for the publication and dissemination of the final, approved guide.

2. **Training for leader-facilitators:** The award recipient will develop a curriculum for a 2-day training for potential group leader-facilitators, and will deliver the training in a series of 6–8 regional training conferences. The training curriculum should be based on the guide, and must focus on advising participants on logistical skills (i.e., finding a location, marketing the group), as well as helping participants develop practical group facilitation skills through role-play and other experiential learning exercises. The recipient will be required to set aside \$75,000 of the total award amount to provide travel scholarship assistance to potential leader-facilitators, including peers and mental health professionals.
3. **Ongoing technical assistance:** The award recipient must devise and implement a strategy to provide leader-facilitators with ongoing support and guidance on managing issues related to leading a self-help group.

The successful applicant will be expected to deliver the following products to OVC:

- A comprehensive facilitator’s guide for a self-help group for AI/AN survivors of homicide; and
- 6–8 regional training conferences for potential leader-facilitators.

Evidence-Based Programs or Practices

OJP strongly emphasizes the use of data and evidence in policy making and program development in criminal justice, juvenile justice, and crime victim services. OJP is committed to:

- Improving the quantity and quality of evidence OJP generates
- Integrating evidence into program, practice, and policy decisions within OJP and the field
- Improving the translation of evidence into practice

OJP considers programs and practices to be evidence-based when their effectiveness has been demonstrated by causal evidence, generally obtained through one or more outcome evaluations. Causal evidence documents a relationship between an activity or intervention (including technology) and its intended outcome, including measuring the direction and size of a change, and the extent to which a change may be attributed to the activity or intervention. Causal evidence depends on the use of scientific methods to rule out, to the extent possible, alternative explanations for the documented change. The strength of causal evidence, based on the factors described above, will influence the degree to which OJP considers a program or practice to be evidence-based. The [OJP CrimeSolutions.gov](http://OJP.CrimeSolutions.gov) website is one resource that applicants may use to find information about evidence-based programs in criminal justice, juvenile justice, and crime victim services.

B. Federal Award Information

OVC estimates that it will make one award of up to \$475,000, for an estimated total of \$475,000 for a 36-month project period, beginning on October 1, 2016.

All awards are subject to the availability of appropriated funds and to any modifications or additional requirements that may be imposed by law.

Type of Award⁶

OVC expects that it will make any award from this solicitation in the form of a cooperative agreement, which is a particular type of grant used if OVC expects to have ongoing substantial involvement in award activities. Substantial involvement includes direct oversight and involvement with the grantee organization in implementation of the grant, but does not involve day-to-day project management. See [Administrative, National Policy, and other Legal Requirements](#), under [Section F. Federal Award Administration Information](#), for details regarding the federal involvement anticipated under an award from this solicitation.

Financial Management and System of Internal Controls

Award recipients and subrecipients (including any recipient or subrecipient funded in response to this solicitation that is a pass-through entity⁷) must, as described in the Part 200 Uniform Requirements set out at 2 C.F.R. 200.303:

- (a) Establish and maintain effective internal control over the Federal award that provides reasonable assurance that the recipient (and any subrecipient) is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award. These internal controls should be in compliance with guidance in “Standards for Internal Control in the Federal Government” issued by the Comptroller General of the United States and the “Internal Control Integrated Framework”, issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).
- (b) Comply with Federal statutes, regulations, and the terms and conditions of the Federal awards.
- (c) Evaluate and monitor the recipient’s (and any subrecipient’s) compliance with statutes, regulations, and the terms and conditions of Federal awards.
- (d) Take prompt action when instances of noncompliance are identified including noncompliance identified in audit findings.
- (e) Take reasonable measures to safeguard protected personally identifiable information and other information the Federal awarding agency or pass-through entity designates as sensitive or the recipient (or any subrecipient) considers sensitive consistent with applicable Federal, state, local, and tribal laws regarding privacy and obligations of confidentiality.

In order to better understand administrative requirements and cost principles, applicants are encouraged to enroll, at no charge, in the Department of Justice Grants Financial Management Online Training available [here](#).

Budget Information

Applicants must set-aside \$75,000 of the total award amount requested to be used to provide travel scholarship assistance to peers and mental health professionals who are interested in starting local self-help groups for AI/AN survivors of homicide.

⁶ See generally 31 U.S.C. §§ 6301-6305 (defines and describes various forms of federal assistance relationships, including grants and cooperative agreements (a type of grant)).

⁷ For purposes of this solicitation (or program announcement), “pass-through entity” includes any entity eligible to receive funding as a recipient or subrecipient under this solicitation (or program announcement) that, if funded, may make a subaward(s) to a subrecipient(s) to carry out part of the funded program.

Cost Sharing or Matching Requirement

This solicitation does not require a match. However, if a successful application proposes a voluntary match amount, and OJP approves the budget, the total match amount incorporated into the approved budget becomes mandatory and subject to audit.

Pre-Agreement Cost (also known as Pre-award Cost) Approvals

Pre-agreement costs are costs incurred by the applicant prior to the start date of the period of performance of the grant award.

OJP does not typically approve pre-agreement costs; an applicant must request and obtain the prior written approval of OJP for all such costs. If approved, pre-agreement costs could be paid from grant funds consistent with a grantee's approved budget, and under applicable cost standards. However, all such costs prior to award and prior to approval of the costs are incurred at the sole risk of an applicant. Generally, no applicant should incur project costs *before* submitting an application requesting federal funding for those costs. Should there be extenuating circumstances that appear to be appropriate for OJP's consideration as pre-agreement costs, the applicant should contact the point of contact listed on the title page of this announcement for details on the requirements for submitting a written request for approval. See the section on Costs Requiring Prior Approval in the [Financial Guide](#), for more information.

Limitation on Use of Award Funds for Employee Compensation; Waiver

With respect to any award of more than \$250,000 made under this solicitation, recipients may not use federal funds to pay total cash compensation (salary plus cash bonuses) to any employee of the award recipient at a rate that exceeds 110% of the maximum annual salary payable to a member of the Federal Government's Senior Executive Service (SES) at an agency with a Certified SES Performance Appraisal System for that year.⁸ The 2016 salary table for SES employees is available at the Office of Personnel Management [website](#). Note: A recipient may compensate an employee at a greater rate, provided the amount in excess of this compensation limitation is paid with non-federal funds. (Any such additional compensation will not be considered matching funds where match requirements apply.) For employees who charge only a portion of their time to an award, the allowable amount to be charged is equal to the percentage of time worked times the maximum salary limitation.

The Assistant Attorney General for OJP may exercise discretion to waive, on an individual basis, the limitation on compensation rates allowable under an award. An applicant requesting a waiver should include a detailed justification in the budget narrative of the application. Unless the applicant submits a waiver request and justification with the application, the applicant should anticipate that OJP will request the applicant to adjust and resubmit the budget.

The justification should include the particular qualifications and expertise of the individual, the uniqueness of the service the individual will provide, the individual's specific knowledge of the program or project being undertaken with award funds, and a statement explaining that the individual's salary is commensurate with the regular and customary rate for an individual with his/her qualifications and expertise, and for the work to be done.

Prior Approval, Planning, and Reporting of Conference/Meeting/Training Costs

OJP strongly encourages applicants that propose to use award funds for any conference-, meeting-, or training-related activity to review carefully—before submitting an application—the

⁸ OJP does not apply this limitation on the use of award funds to the nonprofit organizations listed at Appendix VIII to 2 C.F.R. Part 200.

OJP policy and guidance on conference approval, planning, and reporting available at www.ojp.gov/financialguide/DOJ/PostawardRequirements/chapter3.10a.htm. OJP policy and guidance (1) encourage minimization of conference, meeting, and training costs; (2) require prior written approval (which may affect project timelines) of most conference, meeting, and training costs for cooperative agreement recipients and of some conference, meeting, and training costs for grant recipients; and (3) set cost limits, including a general prohibition of all food and beverage costs.

Costs Associated with Language Assistance (if applicable)

If an applicant proposes a program or activity that would deliver services or benefits to individuals, the costs of taking reasonable steps to provide meaningful access to those services or benefits for individuals with limited English proficiency may be allowable. Reasonable steps to provide meaningful access to services or benefits may include interpretation or translation services where appropriate.

For additional information, see the "Civil Rights Compliance" section under "Solicitation Requirements" in the [OJP Funding Resource Center](#).

C. Eligibility Information

Eligible applicants are limited to federally recognized Indian tribal governments (as determined by the Secretary of the Interior), universities and colleges (including tribal institutions of higher education), eligible public agencies that provide victim services, and private nonprofit agencies (including tribal nonprofit and for-profit organizations) with expertise in: (1) meeting the clinical mental health needs of AI/AN populations using diverse treatment modalities; and (2) providing training and technical assistance to individuals and organizations on how to meet the mental health needs of AI/AN individuals.

Applicants can demonstrate their expertise by highlighting the experience of key project personnel in the Project Narrative and through supporting attachments, including resumes/curricula vitae for key project personnel. Applicants should be able to demonstrate extensive expertise in developing curricula and conducting group interventions for American Indians and Alaska Natives.

For additional information on cost sharing or matching requirements, see [Section B. Federal Award Information](#).

Limit on Number of Application Submissions

If an applicant submits multiple versions of the same application, OVC will review only the most recent system-validated version submitted. For more information on system-validated versions, see [How to Apply](#).

D. Application and Submission Information

What an Application Should Include

Applicants should anticipate that if they fail to submit an application that contains all of the specified elements, it may negatively affect the review of their application; and, should a decision be made to make an award, it may result in the inclusion of special conditions that preclude the recipient from accessing or using award funds pending satisfaction of the conditions.

Moreover, applicants should anticipate that applications that are determined to be nonresponsive to the scope of the solicitation, or that do not include the application elements that OVC has designated to be critical, will neither proceed to peer review nor receive further consideration. Under this solicitation, OVC has designated the following application elements as critical: Program Narrative, Budget Detail Worksheet, and Budget Narrative. Applicants may combine the Budget Narrative and the Budget Detail Worksheet in one document. However, if an applicant submits only one budget document, it must contain **both** narrative and detail information. Please review the “Note on File Names and File Types” under [How to Apply](#) to be sure applications are submitted in permitted formats.

OJP strongly recommends that applicants use appropriately descriptive file names (e.g., “Program Narrative,” “Budget Detail Worksheet and Budget Narrative,” “Timelines,” “Memoranda of Understanding,” “Resumes”) for all attachments. Also, OJP recommends that applicants include resumes in a single file.

1. Information to Complete the Application for Federal Assistance (SF-424)

The SF-424 is a required standard form used as a cover sheet for submission of pre-applications, applications, and related information. Grants.gov and the OJP Grants Management System (GMS) take information from the applicant’s profile to populate the fields on this form. When selecting “type of applicant,” if the applicant is a for-profit entity, select “For-Profit Organization” or “Small Business” (as applicable).

Intergovernmental Review: This funding opportunity (program) **is not** subject to [Executive Order 12372](#). (In completing the SF-424, applicants are to make the appropriate selection in response to question 19 to indicate that the “Program is not covered by E.O. 12372.”)

2. Project Abstract

Applications should include a high-quality project abstract that summarizes the proposed project in 400 words or less. Project abstracts should be—

- Written for a general public audience
- Submitted as a separate attachment with “Project Abstract” as part of its file name
- Single-spaced, using a standard 12-point font (Times New Roman) with 1-inch margins

As a separate attachment, the project abstract will **not** count against the page limit for the program narrative.

All project abstracts should follow the detailed template available at ojp.gov/funding/Apply/Resources/ProjectAbstractTemplate.pdf.

Permission to Share Project Abstract with the Public: It is unlikely that OVC will be able to fund all applications submitted under this solicitation, but it may have the opportunity to share information with the public regarding unfunded applications, for example, through a listing on a web page available to the public. The intent of this public posting would be to allow other possible funders to become aware of such proposals.

In the project abstract template, applicants are asked to indicate whether they give OJP permission to share their project abstract (including contact information) with the public. Granting (or failing to grant) this permission will not affect OJP’s funding decisions, and, if the application is not funded, granting permission will not guarantee that abstract information will be shared, nor will it guarantee funding from any other source.

Note: OJP may choose not to list a project that otherwise would have been included in a listing of unfunded applications, should the abstract fail to meet the format and content requirements noted above and outlined in the project abstract template.

3. Program Narrative

The program narrative should be double-spaced, using a standard 12-point font (Times New Roman preferred); have 1-inch margins; and not exceed 25 pages. Pages should be numbered “1 of 25,” “2 of 25,” etc.

If the program narrative fails to comply with these length-related restrictions, OVC may consider such noncompliance in peer review and in final award decisions.

The following sections should be included as part of the program narrative:

a. Statement of the Problem

Applicants must provide the following information in this section:

- i. A description of the needs of AI/AN survivors of homicide, including customs, beliefs, and traditional practices related to grief, mourning, and bereavement.
- ii. A description of the benefits and limitations of employing a self-help group to support AI/AN of homicide, including full citations to peer-reviewed journal articles and other reliable sources which provide evidence to support the description.

b. Project Design and Implementation

Applicants must provide a coherent, concise, and comprehensive plan describing how the proposed project will be implemented, including:

- i. Detailed goals and objectives that will be completed during the 36-month award period. The stated goals and objectives must align with the project goals and objectives outlined on page 3 of this solicitation.
- ii. A detailed, 36-month project timeline that details how the applicant will accomplish its stated goals and objectives, and the name, title, and organization of the individual responsible for carrying-out the identified activities. The timeline should be submitted as a separate attachment.

c. Capabilities and Competencies

Applicants must successfully demonstrate their knowledge of and expertise in meeting the mental health needs of AI/AN individuals by using this section to:

- i. Describe their experience in providing mental health services to AI/AN tribal communities. The applicant’s expertise can be demonstrated by describing the professional experience of key project personnel, and through the submission of the resumes/curricula vitae of key project personnel as an attachment to the proposal for funding. If the applicant will hire staff to fill newly created positions to function as key project personnel, the applicant should attach the descriptions for the new positions to the proposal for funding.
- ii. Describe their experience in providing training and technical assistance on topics related to meeting the mental health needs of American Indians and Alaska Natives.

- iii. Describe the roles and responsibilities assigned to key personnel who will be responsible for developing and implementing the proposed project.
- iv. Describe their current/prior experience with managing federal grant awards, including a description of the organization’s administrative capacity to comply with federal award requirements and successfully account for federal award funds.

d. Plan for Collecting the Data Required for this Solicitation’s Performance Measures

To demonstrate program progress and success, as well as to assist the Department with fulfilling its responsibilities under the Government Performance and Results Act of 1993 (GPRA), Public Law 103-62, and the GPRA Modernization Act of 2010, Public Law 111–352, applicants that receive funding under this solicitation must provide data that measure the results of their work done under this solicitation. OJP will require any award recipient, post award, to provide the data requested in the “Data Grantee Provides” column so that OJP can calculate values for the “Performance Measures” column. Performance measures for this solicitation are as follows:

Objective	Performance Measure(s)	Data Grantee Provides
Expand the availability of supportive services for AI/AN survivors of homicide.	Production of a Comprehensive Facilitator’s Guide. Percentage of individuals trained rating the Comprehensive Facilitator’s Guide as highly useful.	Delivery of a Comprehensive Facilitator’s Guide. Number of individuals rating the Comprehensive Facilitator’s Guide highly useful.
Increase the number of self-help groups available locally to meet the needs of AI/AN survivors of homicide.	Number of peers and professionals who attend training. Number of peers and professionals who complete training. Number of training participants who implement a self-help group. Number of regional training conferences held Percentage of conference attendees rated conference as satisfactory or better	Total number of individuals, by type (i.e., peer or professional), who attend training. Total number of individuals, by type, who complete training. Total number of self-help groups started by training participants who complete the facilitators training. Number of regional training conferences held Number of conference attendees who completed an evaluation. Number of conference attendees who rated the conference as satisfactory or better.

Increase access to ongoing technical assistance for self-help group leaders.	Total number of self-help group leaders who receive ongoing support and guidance. Ongoing support and guidance activities for self-help group leaders.	Total number of self-help group leaders who receive ongoing support and guidance about managing a self-help group. Total number of ongoing support and guidance activities.
--	---	--

OVC does not require applicants to submit performance measures data with their application. Performance measures are included as an alert that OVC will require successful applicants to submit specific data as part of their reporting requirements. For the application, applicants should indicate an understanding of these requirements and discuss how they will gather the required data, should they receive funding.

Note on Project Evaluations

Applicants that propose to use funds awarded through this solicitation to conduct project evaluations should be aware that certain project evaluations (such as systematic investigations designed to develop or contribute to generalizable knowledge) may constitute “research” for purposes of applicable DOJ human subjects protection regulations. However, project evaluations that are intended only to generate internal improvements to a program or service, or are conducted only to meet OJP’s performance measure data reporting requirements likely do not constitute “research.” Applicants should provide sufficient information for OJP to determine whether the particular project they propose would either intentionally or unintentionally collect and/or use information in such a way that it meets the DOJ regulatory definition of research.

Research, for the purposes of human subjects protections for OJP-funded programs, is defined as, “a systematic investigation, including research development, testing, and evaluation, designed to develop or contribute to generalizable knowledge” 28 C.F.R. § 46.102(d). For additional information on determining whether a proposed activity would constitute research, see the decision tree to assist applicants on the “Research and the Protection of Human (www.ojp.gov/funding/Explore/SolicitationRequirements/EvidenceResearchEvaluationRequirements.htm). Applicants whose proposals may involve a research or statistical component also should review the “Data Privacy and Confidentiality Requirements” section on that web page.

e. Sustainability Plan

Applicants are required to articulate a plan for sustaining the project activities (i.e., providing training to new potential leader-facilitators as well as ongoing technical assistance to the leader-facilitators of existing groups) once federal funding is no longer available to support the project. The sustainability plan must include specific strategies for continuing these activities.

4. Budget Detail Worksheet and Budget Narrative

a. Budget Detail Worksheet

A sample Budget Detail Worksheet can be found at www.ojp.gov/funding/Apply/Resources/BudgetDetailWorksheet.pdf. Applicants that submit their budget in a different format should include the budget categories listed in

the sample budget worksheet. The Budget Detail Worksheet should be broken down by year.

Travel Scholarship Set-Aside

All applicants are required to set aside \$75,000 for travel scholarships for peers and mental health professionals who are interested in completing the group leader-facilitator training. The \$75,000 must be itemized by airfare, lodging, and per diem in the budget detail worksheet.

Training Conferences

All applicants must budget sufficient funding to support costs associated with planning and conducting 6–8 regional training conferences. The costs associated with these events must be itemized and included in the Budget Detail Worksheet.

Publication of the Facilitator's Guide

As described on page 5 of this solicitation, the award recipient will be responsible for coordinating with OVC staff and the staff of the OVC Training and Technical Assistance Center in developing the content of the guide, and will also be responsible for publishing and disseminating the guide. Applicants should include the cost of printing the guide in the Budget Detail Worksheet.

For questions pertaining to budget and examples of allowable and unallowable costs, see the Financial Guide at <http://ojp.gov/financialguide/DOJ/index.htm>.

b. Budget Narrative

The budget narrative should thoroughly and clearly describe every category of expense listed in the Budget Detail Worksheet. OJP expects proposed budgets to be complete, cost effective, and allowable (e.g., reasonable, allocable, and necessary for project activities).

Applicants should demonstrate in their budget narratives how they will maximize cost effectiveness of grant expenditures. Budget narratives should generally describe cost effectiveness in relation to potential alternatives and the goals of the project. For example, a budget narrative should detail why planned in-person meetings are necessary, or how technology and collaboration with outside organizations could be used to reduce costs, without compromising quality.

The narrative should be mathematically sound and correspond with the information and figures provided in the Budget Detail Worksheet. The narrative should explain how the applicant estimated and calculated all costs, and how they are relevant to the completion of the proposed project. The narrative may include tables for clarification purposes but need not be in a spreadsheet format. As with the Budget Detail Worksheet, the Budget Narrative should be broken down by year.

c. Non-Competitive Procurement Contracts in Excess of Simplified Acquisition Threshold

If an applicant proposes to make one or more non-competitive procurements of products or services, where the non-competitive procurement will exceed the simplified acquisition threshold (also known as the small purchase threshold), which is currently set at \$150,000, the application should address the considerations outlined in the [Financial Guide](#).

d. Pre-Agreement Cost Approvals

For information on pre-agreement costs, see [Section B. Federal Award Information](#).

5. Indirect Cost Rate Agreement (if applicable)

Indirect costs are allowed only under the following circumstances:

- (a) The applicant has a current, federally approved indirect cost rate; or
- (b) The applicant is eligible to use and elects to use the “de minimis” indirect cost rate described in the Part 200 Uniform Requirements as set out at 2 C.F.R. 200.414(f).

Attach a copy of the federally approved indirect cost rate agreement to the application. Applicants that do not have an approved rate may request one through their cognizant federal agency, which will review all documentation and approve a rate for the applicant organization, or, if the applicant’s accounting system permits, costs may be allocated in the direct cost categories. For the definition of Cognizant Federal Agency, see the “Glossary of Terms” in the [Financial Guide](#). For assistance with identifying your cognizant agency, please contact the Customer Service Center at 1-800-458-0786 or at ask.ocfo@usdoj.gov. If DOJ is the cognizant federal agency, applicants may obtain information needed to submit an indirect cost rate proposal at <http://www.ojp.gov/funding/Apply/Resources/IndirectCosts.pdf>.

In order to use the “de minimis” indirect rate, attach written documentation to the application that advises OJP of both the applicant’s eligibility (to use the “de minimis” rate) and its election. If the applicant elects the “de minimis” method, costs must be consistently charged as either indirect or direct costs, but may not be double charged or inconsistently charged as both. In addition, if this method is chosen then it must be used consistently for all federal awards until such time as you choose to negotiate a federally approved indirect cost rate.⁹

6. Applicant Disclosure of High Risk Status

Applicants are to disclose whether they are currently designated high risk by another federal grant making agency. This includes any status requiring additional oversight by the federal agency due to past programmatic or financial concerns. If an applicant is designated high risk by another federal grant making agency, you must email the following information to OJPComplianceReporting@usdoj.gov at the time of application submission:

- The federal agency that currently designated the applicant as high risk
- Date the applicant was designated high risk
- The high risk point of contact name, phone number, and email address, from that federal agency
- Reasons for the high risk status

OJP seeks this information to ensure appropriate federal oversight of any grant award. Disclosing this high risk information does not disqualify any organization from receiving an OJP award. However, additional grant oversight may be included, if necessary, in award documentation.

7. Additional Attachments

a. Applicant Disclosure of Pending Applications

Applicants are to disclose whether they have pending applications for federally funded grants or subgrants (including cooperative agreements) that include requests for funding

⁹ See 2 C.F.R. § 200.414(f).

to support the same project being proposed under this solicitation and will cover the identical cost items outlined in the budget narrative and worksheet in the application under this solicitation. The disclosure should include both direct applications for federal funding (e.g., applications to federal agencies) and indirect applications for such funding (e.g., applications to state agencies that will subaward federal funds).

OJP seeks this information to help avoid any inappropriate duplication of funding. Leveraging multiple funding sources in a complementary manner to implement comprehensive programs or projects is encouraged and is not seen as inappropriate duplication.

Applicants that have pending applications as described above are to provide the following information about pending applications submitted within the last 12 months:

- The federal or state funding agency
- The solicitation name/project name
- The point of contact information at the applicable funding agency

Federal or State Funding Agency	Solicitation Name/ Project Name	Name/Phone/Email for Point of Contact at Funding Agency
DOJ/COPS	COPS Hiring Program	Jane Doe, 202/000-0000; jane.doe@usdoj.gov
HHS/Substance Abuse & Mental Health Services Administration	Drug Free Communities Mentoring Program/North County Youth Mentoring Program	John Doe, 202/000-0000; john.doe@hhs.gov

Applicants should include the table as a separate attachment to their application. The file should be named “Disclosure of Pending Applications.”

Applicants that do not have pending applications as described above are to include a statement to this effect in the separate attachment page (e.g., “[Applicant Name on SF-424] does not have pending applications submitted within the last 12 months for federally funded grants or subgrants (including cooperative agreements) that include requests for funding to support the same project being proposed under this solicitation and will cover the identical cost items outlined in the budget narrative and worksheet in the application under this solicitation.”)

b. Project Timeline

Applicants must prepare and submit a comprehensive timeline which outlines how the goals and objectives will be achieved during the 36-month award period.

c. Resumes and Position Descriptions

Applicants should submit copies of the resumes/curricula vitae and position descriptions for key project personnel.

8. Financial Management and System of Internal Controls Questionnaire

In accordance with the Part 200 Uniform Requirements as set out at 2 C.F.R. 200.205, Federal agencies must have in place a framework for evaluating the risks posed by applicants before they receive a Federal award. To facilitate part of this risk evaluation, **all** applicants (other than an individual) are to download, complete, and submit this [form](#).

9. Disclosure of Lobbying Activities

All applicants must complete this information. Applicants that expend any funds for lobbying activities are to provide the detailed information requested on the form Disclosure of Lobbying Activities (SF-LLL). Applicants that do not expend any funds for lobbying activities are to enter “N/A” in the text boxes for item 10 (“a. Name and Address of Lobbying Registrant” and “b. Individuals Performing Services”).

How to Apply

Applicants must register in, and submit applications through Grants.gov, a primary source to find federal funding opportunities and apply for funding. Find complete instructions on how to register and submit an application at www.Grants.gov. Applicants that experience technical difficulties during this process should call the Grants.gov Customer Support Hotline at **800-518-4726** or **606-545-5035**, 24 hours a day, 7 days a week, except federal holidays. Registering with Grants.gov is a one-time process; however, **processing delays may occur, and it can take several weeks** for first-time registrants to receive confirmation and a user password. OJP encourages applicants to **register several weeks before** the application submission deadline. In addition, OJP urges applicants to submit applications 72 hours prior to the application due date to allow time to receive validation messages or rejection notifications from Grants.gov, and to correct in a timely fashion any problems that may have caused a rejection notification.

OVC strongly encourages all prospective applicants to sign up for Grants.gov email [notifications](#) regarding this solicitation. If this solicitation is cancelled or modified, individuals who sign up with Grants.gov for updates will be automatically notified.

Browser Information: Grants.gov was built to be compatible with Internet Explorer. For technical assistance with Google Chrome, or another browser, contact Grants.gov Customer Support.

Note on Attachments: Grants.gov has two categories of files for attachments: mandatory and optional. OJP receives all files attached in both categories. Please insure all required documents are attached in the mandatory category.

Note on File Names and File Types: Grants.gov only permits the use of certain specific characters in names of attachment files. Valid file names may include only the characters shown in the table below. Grants.gov is designed to reject any application that includes an attachment(s) with a file name that contains any characters not shown in the table below.

Characters	Special Characters		
Upper case (A – Z)	Parenthesis ()	Curly braces { }	Square brackets []
Lower case (a – z)	Ampersand (&)	Tilde (~)	Exclamation point (!)
Underscore (_)	Comma (,)	Semicolon (;)	Apostrophe (‘)
Hyphen (-)	At sign (@)	Number sign (#)	Dollar sign (\$)
Space	Percent sign (%)	Plus sign (+)	Equal sign (=)
Period (.)	When using the ampersand (&) in XML, applicants must use the “&amp;” format.		

Grants.gov is designed to forward successfully submitted applications to the OJP Grants Management System (GMS).

GMS does not accept executable file types as application attachments. These disallowed file types include, but are not limited to, the following extensions: “.com,” “.bat,” “.exe,” “.vbs,” “.cfg,” “.dat,” “.db,” “.dbf,” “.dll,” “.ini,” “.log,” “.ora,” “.sys,” and “.zip.” GMS may reject applications with files that use these extensions. It is important to allow time to change the type of file(s) if the application is rejected.

All applicants are required to complete the following steps:

OJP may not make a federal award to an applicant organization until the applicant organization has complied with all applicable DUNS and SAM requirements. Individual applicants must comply with all Grants.gov requirements. If an applicant has not fully complied with the requirements by the time the federal awarding agency is ready to make a federal award, the federal awarding agency may determine that the applicant is not qualified to receive a federal award and use that determination as a basis for making a federal award to another applicant.

Individual applicants should search Grants.gov for a funding opportunity for which individuals are eligible to apply. Use the Funding Opportunity Number (FON) to register. Complete the registration form at <https://apply07.grants.gov/apply/IndCPRegister> to create a username and password. Individual applicants should complete all steps except 1, 2 and 4.

- 1. Acquire a Data Universal Numbering System (DUNS) number.** In general, the Office of Management and Budget requires that all applicants (other than individuals) for federal funds include a DUNS number in their applications for a new award or a supplement to an existing award. A DUNS number is a unique nine-digit sequence recognized as the universal standard for identifying and differentiating entities receiving federal funds. The identifier is used for tracking purposes and to validate address and point of contact information for federal assistance applicants, recipients, and subrecipients. The DUNS number will be used throughout the grant life cycle. Obtaining a DUNS number is a free, one-time activity. Call Dun and Bradstreet at 866–705–5711 to obtain a DUNS number or apply online at www.dnb.com. A DUNS number is usually received within 1-2 business days.
- 2. Acquire registration with the System for Award Management (SAM).** SAM is the repository for standard information about federal financial assistance applicants, recipients, and subrecipients. OJP requires all applicants (other than individuals) for federal financial assistance to maintain current registrations in the SAM database. Applicants must be registered in SAM to successfully register in Grants.gov. Applicants must **update or renew their SAM registration annually** to maintain an active status. SAM registration and renewal can take as long as 10 business days to complete.

Applications cannot be successfully submitted in Grants.gov until Grants.gov receives the SAM registration information. Once the SAM registration/renewal is complete, **the information transfer from SAM to Grants.gov can take up to 48 hours.** OJP recommends that the applicant register or renew registration with SAM as early as possible.

Information about SAM registration procedures can be accessed at www.sam.gov.

- 3. Acquire an Authorized Organization Representative (AOR) and a Grants.gov username and password.** Complete the AOR profile on Grants.gov and create a username

and password. The applicant organization's DUNS number must be used to complete this step. For more information about the registration process for organizations, go to www.grants.gov/web/grants/register.html. Individuals registering with Grants.gov should go to <http://www.grants.gov/web/grants/applicants/individual-registration.html>.

4. **Acquire confirmation for the AOR from the E-Business Point of Contact (E-Biz POC).** The E-Biz POC at the applicant organization must log into Grants.gov to confirm the applicant organization's AOR. The E-Biz POC will need the Marketing Partner Identification Number (MPIN) password obtained when registering with SAM to complete this step. Note that an organization can have more than one AOR.
5. **Search for the funding opportunity on Grants.gov.** Use the following identifying information when searching for the funding opportunity on Grants.gov. The Catalog of Federal Domestic Assistance number for this solicitation is 16.582, titled "Crime Victim Assistance/Discretionary Grants," and the funding opportunity number is OVC-2016-9308.
6. **Submit a valid application consistent with this solicitation by following the directions in Grants.gov.** Within 24–48 hours after submitting the electronic application, the applicant should receive two notifications from Grants.gov. The first will confirm the receipt of the application and the second will state whether the application has been successfully validated, or rejected due to errors, with an explanation. It is possible to first receive a message indicating that the application is received and then receive a rejection notice a few minutes or hours later. Submitting well ahead of the deadline provides time to correct the problem(s) that caused the rejection. **Important:** OJP urges applicants to submit applications **at least 72 hours prior** to the application due date to allow time to receive validation messages or rejection notifications from Grants.gov, and to correct in a timely fashion any problems that may have caused a rejection notification. All applications are due to be submitted and in receipt of a successful validation message in Grants.gov by 11:59 p.m. eastern time on June 6, 2016.

Click [here](#) for further details on DUNS, SAM, and Grants.gov registration steps and timeframes.

Note: Duplicate Applications

If an applicant submits multiple versions of the same application, OVC will review only the most recent system-validated version submitted. See Note on File Names and File Types under [How to Apply](#).

Experiencing Unforeseen Grants.gov Technical Issues

Applicants that experience unforeseen Grants.gov technical issues beyond their control that prevent them from submitting their application by the deadline must contact the Grants.gov [Customer Support Hotline](#) or the [SAM Help Desk](#) (Federal Service Desk) to report the technical issue and receive a tracking number. Then applicant must email the OVC contact identified in the Contact Information section on page 2 **within 24 hours after the application deadline** and request approval to submit their application. The email must describe the technical difficulties, and include a timeline of the applicant's submission efforts, the complete grant application, the applicant's DUNS number, and any Grants.gov Help Desk or SAM tracking number(s). **Note: OVC does not automatically approve requests.** After the program office reviews the submission, and contacts the Grants.gov or SAM Help Desks to validate the reported technical issues, OJP will inform the applicant whether the request to submit a late application has been approved or denied. If OJP determines that the applicant failed to follow all required procedures,

which resulted in an untimely application submission, OJP will deny the applicant's request to submit their application.

The following conditions are generally insufficient to justify late submissions:

- Failure to register in SAM or Grants.gov in sufficient time (SAM registration and renewal can take as long as 10 business days to complete. The information transfer from SAM to Grants.gov can take up to 48 hours.)
- Failure to follow Grants.gov instructions on how to register and apply as posted on its website
- Failure to follow each instruction in the OJP solicitation
- Technical issues with the applicant's computer or information technology environment, including firewalls, browser incompatibility, etc.

Notifications regarding known technical problems with Grants.gov, if any, are posted at the top of the OJP funding web page at <http://ojp.gov/funding/index.htm>

Budget narratives should demonstrate cost effectiveness in relation to potential alternatives and the goals of the project.¹⁰ (10%)

Review Process

OJP is committed to ensuring a fair and open process for awarding grants. OVC reviews the application to make sure that the information presented is reasonable, understandable, measurable, and achievable, as well as consistent with the solicitation.

Peer reviewers will review the applications submitted under this solicitation that meet basic minimum requirements. For purposes of assessing whether applicants have met basic minimum requirements, OJP screens applications for compliance with specified program requirements to help determine which applications should proceed to further consideration for award. Although program requirements may vary, the following are common requirements applicable to all solicitations for funding under OJP grant programs:

- Applications must be submitted by an eligible type of applicant
- Applications must request funding within programmatic funding constraints (if applicable)
- Applications must be responsive to the scope of the solicitation
- Applications must include all items designated as "critical elements"

¹⁰ Generally speaking, a reasonable cost is a cost that, in its nature or amount, does not exceed that which would be incurred by a prudent person under the circumstances prevailing at the time the decision was made to incur the costs.

- Applicants will be checked against the System for Award Management (SAM)

For a list of critical elements, see “What an Application Should Include” under [Section D. Application and Submission Information](#).

OVC may use internal peer reviewers, external peer reviewers, or a combination, to assess applications meeting basic minimum requirements on technical merit using the solicitation’s selection criteria. An external peer reviewer is an expert in the subject matter of a given solicitation who is not a current DOJ employee. An internal reviewer is a current DOJ employee who is well-versed or has expertise in the subject matter of this solicitation. A peer review panel will evaluate, score, and rate applications that meet basic minimum requirements. Peer reviewers’ ratings and any resulting recommendations are advisory only, although their views are considered carefully. In addition to peer review ratings, considerations for award recommendations and decisions may include, but are not limited to, underserved populations, geographic diversity, strategic priorities, past performance under prior OVC and OJP awards, and available funding.

OJP reviews applications for potential discretionary awards to evaluate the risks posed by applicants before they receive an award. This review may include but is not limited to the following:

1. Financial stability and fiscal integrity
2. Quality of management systems and ability to meet the management standards prescribed in the Financial Guide
3. History of performance
4. Reports and findings from audits
5. The applicant's ability to effectively implement statutory, regulatory, or other requirements imposed on award recipients
6. Proposed costs to determine if the Budget Detail Worksheet and Budget Narrative accurately explain project costs, and whether those costs are reasonable, necessary, and allowable under applicable federal cost principles and agency regulations

Absent explicit statutory authorization or written delegation of authority to the contrary, all final award decisions will be made by the Assistant Attorney General, who may consider factors including, but not limited to, peer review ratings, underserved populations, geographic diversity, strategic priorities, past performance under prior OVC and OJP awards, and available funding when making awards.

F. Federal Award Administration Information

Federal Award Notices

OJP sends award notification by email through GMS to the individuals listed in the application as the point of contact and the authorizing official (E-Biz POC and AOR). The email notification includes detailed instructions on how to access and view the award documents, and how to accept the award in GMS. GMS automatically issues the notifications at 9:00 p.m. eastern time on the award date (by September 20, 2016). Recipients will be required to log in; accept any outstanding assurances and certifications on the award; designate a financial point of contact; and review, sign, and accept the award. The award acceptance process involves physical signature of the award document by the authorized representative and the scanning of the fully executed award document to OJP.

Administrative, National Policy, and other Legal Requirements

If selected for funding, in addition to implementing the funded project consistent with the agency-approved project proposal and budget, the recipient must comply with award terms and conditions, and other legal requirements, including but not limited to OMB, DOJ, or other federal regulations which will be included in the award, incorporated into the award by reference, or are otherwise applicable to the award. OJP strongly encourages prospective applicants to review the information pertaining to these requirements **prior** to submitting an application. To assist applicants and recipients in accessing and reviewing this information, OJP has placed pertinent information on its [Solicitation Requirements](#) page of the [OJP Funding Resource Center](#).

Please note in particular the following two forms, which applicants must accept in GMS prior to the receipt of any award funds, as each details legal requirements with which applicants must provide specific assurances and certifications of compliance. Applicants may view these forms in the Apply section of the [OJP Funding Resource Center](#) and are strongly encouraged to review and consider them carefully prior to making an application for OJP grant funds.

- [Certifications Regarding Lobbying; Debarment, Suspension and Other Responsibility Matters; and Drug-Free Workplace Requirements](#)
- [Standard Assurances](#)

Upon grant approval, OJP electronically transmits (via GMS) the award document to the prospective award recipient. In addition to other award information, the award document contains award terms and conditions that specify national policy requirements¹¹ with which recipients of federal funding must comply; uniform administrative requirements, cost principles, and audit requirements; and program-specific terms and conditions required based on applicable program (statutory) authority or requirements set forth in OJP solicitations and program announcements, and other requirements which may be attached to appropriated funding. For example, certain efforts may call for special requirements, terms, or conditions relating to intellectual property, data/information-sharing or -access, or information security; or audit requirements, expenditures and milestones, or publications and/or press releases. OJP also may place additional terms and conditions on an award based on its risk assessment of the applicant, or for other reasons it determines necessary to fulfill the goals and objectives of the program.

Prospective applicants may access and review the text of mandatory conditions OJP includes in all OJP awards, as well as the text of certain other conditions, such as administrative conditions, via [Mandatory Award Terms and Conditions](#) page of the [OJP Funding Resource Center](#).

As stated above, OVC anticipates that it will make any award from this solicitation in the form of a cooperative agreement. Cooperative agreement awards include standard “federal involvement” conditions that describe the general allocation of responsibility for execution of the funded program. Generally stated, under cooperative agreement awards, responsibility for the day-to-day conduct of the funded project rests with the recipient in implementing the funded and approved proposal and budget, and the award terms and conditions. Responsibility for oversight and redirection of the project, if necessary, rests with OVC.

¹¹ See generally 2 C.F.R. 200.300 (provides a general description of national policy requirements typically applicable to recipients of Federal awards, including the Federal Funding Accountability and Transparency Act of 2006 (FFATA)).

In addition to any “federal involvement” condition(s), OJP cooperative agreement awards include a special condition specifying certain reporting requirements required in connection with conferences, meetings, retreats, seminars, symposiums, training activities, or similar events funded under the award, consistent with OJP policy and guidance on conference approval, planning, and reporting.

General Information about Post-Federal Award Reporting Requirements

Recipients must submit quarterly financial reports, semi-annual progress reports, final financial and progress reports, and, if applicable, an annual audit report in accordance with the Part 200 Uniform Requirements. Future awards and fund drawdowns may be withheld if reports are delinquent.

Special Reporting requirements may be required by OJP depending on the statutory, legislative or administrative obligations of the recipient or the program.
