The U.S. Department of Justice (DOJ), Office of Justice Programs (OJP), Office for Victims of Crime (OVC) is seeking applications to carry out a national-scope initiative providing resources and training to better help victims of Cyberviolence. This program furthers the Department’s mission by providing resources supporting effective intervention to address violence, victimization, and victims’ rights, specifically for victims of cyberviolence.

OVC Fiscal Year (FY) 2016 Vision 21: Training and Resources to Better Respond to Victims of Cyberviolence
Applications Due: June 7, 2016

Eligibility

Eligible applicants are limited to non-governmental, nonprofit (including tribal nonprofit) professional and membership organizations with close working relationships with judicial personnel and the capacity to conduct a national-scope initiative. This includes both national and regional organizations.

OVC welcomes applications that involve two or more entities that will carry out the funded Federal award activities; however, one eligible entity must be the applicant and the other(s) must be proposed as subrecipient(s). The applicant must be the entity with primary responsibility for administering the funding and managing the entire program. Only one application per lead applicant will be considered; however, a subrecipient may be part of multiple proposals.

OVC may elect to make awards for applications submitted under this solicitation in future fiscal years, dependent on, among other considerations, the merit of the applications and on the availability of appropriations.

Deadline

Applicants must register with Grants.gov prior to submitting an application. All applications are due to be submitted and in receipt of a successful validation message in Grants.gov by 11:59 p.m. eastern time on June 7, 2016.
All applicants are encouraged to read this Important Notice: Applying for Grants in Grants.gov.

For additional information, see How to Apply in Section D. Application and Submission Information.

**Contact Information**

For technical assistance with submitting an application, contact the Grants.gov Customer Support Hotline at 800-518-4726 or 606-545-5035, or via email to support@grants.gov. The Grants.gov Support Hotline hours of operation are 24 hours a day, 7 days a week, except federal holidays.

Applicants that experience unforeseen Grants.gov technical issues beyond their control that prevent them from submitting their application by the deadline must email the OVC contact identified below within **24 hours after the application deadline** and request approval to submit their application. Additional information on reporting technical issues is found under “Experiencing Unforeseen Grants.gov Technical Issues” in the How to Apply section.

For assistance with any other requirements of this solicitation, contact Jasmine D'Addario-Fobian, Program Specialist, by telephone at 202–305–3332, or by email at Jasmine.D'Addario-Fobian@usdoj.gov.

A. Program Description

Overview
The OVC FY 2016 Vision 21: Training and Resources to Better Respond to Victims of Cyberviolence competitive solicitation will seek applicants to carry out a national-scope initiative including an assessment of cyberviolence training currently available and training needs of judicial professionals, an assessment of the needs of victims of cyberviolence, and the development and dissemination of training and technical assistance to be published and delivered to judicial professionals by the grantee or project partners. For purposes of this solicitation cyberviolence includes, but is not limited to, crimes commonly referred to as cyberstalking, “Sextortion”, and “Revenge Porn.” The statutory authority for this program is 42 U.S.C. 10603(c)(1)(A) and the Commerce, Justice, Science, and Related Agencies Appropriation Act, 2016, sec. 505.

Program-Specific Information
OVC will fund one grantee up to $1.5 million for a period of 3 years to develop and enhance training and technical assistance resources to assist judicial professionals in addressing victims of cyberviolence. This includes the needs assessment phase, development of the training and dissemination plan, and actual dissemination of training whether online or in-person.

Much research has been done on the hurdles of investigating crimes like stalking and cyberstalking and more is needed as technology is outpacing the ability of legislators, Internet service providers, app developers, and other technology developers to implement investigation strategies, mitigation practices, and services to victims. It is widely acknowledged that some of the biggest challenges are jurisdictional issues and issues of privacy when trying to obtain account records and user information from Internet service providers. It is also widely acknowledged that expanding use of technology and the anonymous nature of cyberstalking and other online harassment will likely contribute to the continued increases in these types of crimes. Some research has begun, such as the survey mentioned below to determine the scope of online stalking, harassment, and violations of privacy experienced by victims (http://withoutmyconsent.org/sites/default/files/wmc_prelim_survey_report.pdf).

More recently, a Summary Report of the National Institute of Justice (NIJ) funded Technology-Involved Harassment Victimization: Placement in a Broader Victimization Context1, reported that some of the most harmful interactions to students were those incidents that involved mixed technology and in-person harassment. And further, the use of technology to facilitate and perpetrate intimate partner stalking, and prevalent research on the subject, is outlined in A High-

---

1 Released in 2015 by the Crimes Against Children Research Center at the University of New Hampshire program.
Goals, Objectives, and Deliverables

The primary goal of this program is to enhance and update training and resources to better help victims of cyberviolence, specifically as it relates to engaging in judicial education.

The grantee funded through this solicitation will engage in the following activities in order to meet program goals and objectives:

- Conduct an assessment of currently available training and technical assistance for judicial personnel;
- Host a forum of victims and survivors to ascertain impacts of cyberviolence and service needs;
- Host two to three forums with judges and court personnel to establish training needs;
- Develop training and technical assistance including dissemination plans;
- Develop a curriculum to be published by the grantee; and
- Deliver training

Funds awarded through this OVC solicitation are intended primarily for the development of training and technical assistance; however, funds can also be used to update existing resources that have become outdated. Applicants should plan for all resources under this initiative to be published by the grantee.

All of these objectives and activities will be completed in close coordination with OVC’s grant monitor and Communications Team, and other partners identified by OVC. OVC expects that this project will be closely coordinated with other complementary projects (e.g., National Identity Theft Victims Assistance Network Expansion with Emphasis on Cyber Crime) to ensure that related products and resources are consistent.

The grantee is expected to prepare and submit deliverables that are in compliance with OVC’s Publications Guidelines (www.ovc.gov/publications/infores/pubguidelines/welcome.html).

To ensure that this is accomplished effectively and efficiently, the grant monitor, with the assistance of OVC’s Communications Team and OVC TTAC, will provide oversight and guidance throughout the development and submission of all materials. At the outset of the grant, the grantee, grant monitor, a member of OVC’s Communications Team, and OVC TTAC will meet to review the Publications Guidelines as they apply to this project and develop a schedule for the timely development, review, and final submission of all new materials. This schedule should include at least six benchmarks (e.g., planning, coordination, development, implementation, marketing, evaluation) that the grantee is expected to meet in order to ensure the steady progress of product development throughout the grant period.

Any publication or deliverable produced with grant funds must be submitted to OVC 9 months prior to the grant end date to provide adequate time for review by OVC to review and return to the successful applicant for any needed modifications. Fifteen percent of the grant award will be withheld until OVC returns the draft product to the grantee after its review and issues a Grant Adjustment Notice to remove the special condition withholding funds to allow the grantee to make needed modifications. Applicants must be prepared to incorporate substantive and editorial changes into the product per discussion with the OVC grant monitor. If the applicant...
proposes to work with a video production company, OVC approval must be granted before a subcontract/subgrant is awarded.

Evidence-Based Programs or Practices
OJP strongly emphasizes the use of data and evidence in policy making and program development in criminal justice, juvenile justice, and crime victim services. OJP is committed to:

- Improving the quantity and quality of evidence OJP generates
- Integrating evidence into program, practice, and policy decisions within OJP and the field
- Improving the translation of evidence into practice

OJP considers programs and practices to be evidence-based when their effectiveness has been demonstrated by causal evidence, generally obtained through one or more outcome evaluations. Causal evidence documents a relationship between an activity or intervention (including technology) and its intended outcome, including measuring the direction and size of a change, and the extent to which a change may be attributed to the activity or intervention. Causal evidence depends on the use of scientific methods to rule out, to the extent possible, alternative explanations for the documented change. The strength of causal evidence, based on the factors described above, will influence the degree to which OJP considers a program or practice to be evidence-based. The OJP CrimeSolutions.gov website is one resource that applicants may use to find information about evidence-based programs in criminal justice, juvenile justice, and crime victim services.

B. Federal Award Information
OVC anticipates that it will make one award of up to $1.5 million for a period of 3 years which would include the needs assessment phase, development of the training and dissemination plan, and actual dissemination of training whether online or in-person.

OVC may, in certain cases, provide supplemental funding in future years to awards under this solicitation. Important considerations in decisions regarding supplemental funding include, among other factors, the availability of funding, strategic priorities, assessment of the quality of the management of the award (for example, timeliness and quality of progress reports), and assessment of the progress of the work funded under the award.

All awards are subject to the availability of appropriated funds and to any modifications or additional requirements that may be imposed by law.

Type of Award
OVC expects that it will make any award from this solicitation in the form of a cooperative agreement, which is a particular type of grant used if OVC expects to have ongoing substantial involvement in award activities. Substantial involvement includes direct oversight and involvement with the grantee organization in implementation of the grant, but does not involve day-to-day project management. See Administrative, National Policy, and other Legal Requirements, under Section F. Federal Award Administration Information, for details regarding the federal involvement anticipated under an award from this solicitation.

---

2 See generally 31 U.S.C. §§ 6301-6305 (defines and describes various forms of federal assistance relationships, including grants and cooperative agreements (a type of grant)).
Financial Management and System of Internal Controls

Award recipients and subrecipients (including any recipient or subrecipient funded in response to this solicitation that is a pass-through entity\(^3\)) must, as described in the Part 200 Uniform Requirements set out at 2 C.F.R. 200.303:

(a) Establish and maintain effective internal control over the Federal award that provides reasonable assurance that the recipient (and any subrecipient) is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award. These internal controls should be in compliance with guidance in “Standards for Internal Control in the Federal Government” issued by the Comptroller General of the United States and the “Internal Control Integrated Framework”, issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

(b) Comply with Federal statutes, regulations, and the terms and conditions of the Federal awards.

(c) Evaluate and monitor the recipient’s (and any subrecipient’s) compliance with statutes, regulations, and the terms and conditions of Federal awards.

(d) Take prompt action when instances of noncompliance are identified including noncompliance identified in audit findings.

(e) Take reasonable measures to safeguard protected personally identifiable information and other information the Federal awarding agency or pass-through entity designates as sensitive or the recipient (or any subrecipient) considers sensitive consistent with applicable Federal, state, local, and tribal laws regarding privacy and obligations of confidentiality.

In order to better understand administrative requirements and cost principles, applicants are encouraged to enroll, at no charge, in the Department of Justice Grants Financial Management Online Training available here.

Budget Information

Cost Sharing or Matching Requirement
This solicitation does not require a match. However, if a successful application proposes a voluntary match amount, and OJP approves the budget, the total match amount incorporated into the approved budget becomes mandatory and subject to audit.

Pre-Agreement Cost (also known as Pre-award Cost) Approvals
Pre-agreement costs are costs incurred by the applicant prior to the start date of the period of performance of the grant award.

\(^3\) For purposes of this solicitation (or program announcement), “pass-through entity” includes any entity eligible to receive funding as a recipient or subrecipient under this solicitation (or program announcement) that, if funded, may make a subaward(s) to a subrecipient(s) to carry out part of the funded program.
OJP does not typically approve pre-agreement costs; an applicant must request and obtain the prior written approval of OJP for all such costs. If approved, pre-agreement costs could be paid from grant funds consistent with a grantee’s approved budget, and under applicable cost standards. However, all such costs prior to award and prior to approval of the costs are incurred at the sole risk of an applicant. Generally, no applicant should incur project costs before submitting an application requesting federal funding for those costs. Should there be extenuating circumstances that appear to be appropriate for OJP’s consideration as pre-agreement costs, the applicant should contact the point of contact listed on the title page of this announcement for details on the requirements for submitting a written request for approval. See the section on Costs Requiring Prior Approval in the Financial Guide, for more information.

Limitation on Use of Award Funds for Employee Compensation; Waiver
With respect to any award of more than $250,000 made under this solicitation, recipients may not use federal funds to pay total cash compensation (salary plus cash bonuses) to any employee of the award recipient at a rate that exceeds 110% of the maximum annual salary payable to a member of the Federal Government’s Senior Executive Service (SES) at an agency with a Certified SES Performance Appraisal System for that year. The 2016 salary table for SES employees is available at the Office of Personnel Management website. Note: A recipient may compensate an employee at a greater rate, provided the amount in excess of this compensation limitation is paid with non-federal funds. (Any such additional compensation will not be considered matching funds where match requirements apply.) For employees who charge only a portion of their time to an award, the allowable amount to be charged is equal to the percentage of time worked times the maximum salary limitation.

The Assistant Attorney General for OJP may exercise discretion to waive, on an individual basis, the limitation on compensation rates allowable under an award. An applicant requesting a waiver should include a detailed justification in the budget narrative of the application. Unless the applicant submits a waiver request and justification with the application, the applicant should anticipate that OJP will request the applicant to adjust and resubmit the budget.

The justification should include the particular qualifications and expertise of the individual, the uniqueness of the service the individual will provide, the individual’s specific knowledge of the program or project being undertaken with award funds, and a statement explaining that the individual’s salary is commensurate with the regular and customary rate for an individual with his/her qualifications and expertise, and for the work to be done.

Prior Approval, Planning, and Reporting of Conference/Meeting/Training Costs
OJP strongly encourages applicants that propose to use award funds for any conference-, meeting-, or training-related activity to review carefully—before submitting an application—the OJP policy and guidance on conference approval, planning, and reporting available at www.ojp.gov/financialguide/DOJ/PostawardRequirements/chapter3.10a.htm. OJP policy and guidance (1) encourage minimization of conference, meeting, and training costs; (2) require prior written approval (which may affect project timelines) of most conference, meeting, and training costs for cooperative agreement recipients and of some conference, meeting, and training costs for grant recipients; and (3) set cost limits, including a general prohibition of all food and beverage costs.

---

4 OJP does not apply this limitation on the use of award funds to the nonprofit organizations listed at Appendix VIII to 2 C.F.R. Part 200.
**Costs Associated with Language Assistance (if applicable)**
If an applicant proposes a program or activity that would deliver services or benefits to individuals, the costs of taking reasonable steps to provide meaningful access to those services or benefits for individuals with limited English proficiency may be allowable. Reasonable steps to provide meaningful access to services or benefits may include interpretation or translation services where appropriate.

For additional information, see the "Civil Rights Compliance" section under “Solicitation Requirements” in the OJP Funding Resource Center.

**C. Eligibility Information**
For information, see the title page.
For additional information on cost sharing or matching requirements, see Section B. Federal Award Information.

**Limit on Number of Application Submissions**
If an applicant submits multiple versions of the same application, OVC will review only the most recent system-validated version submitted. For more information on system-validated versions, see How to Apply.

**D. Application and Submission Information**

**What an Application Should Include**
Applicants should anticipate that if they fail to submit an application that contains all of the specified elements, it may negatively affect the review of their application; and, should a decision be made to make an award, it may result in the inclusion of special conditions that preclude the recipient from accessing or using award funds pending satisfaction of the conditions.

Moreover, applicants should anticipate that applications that are determined to be nonresponsive to the scope of the solicitation, or that do not include the application elements that OVC has designated to be critical, will neither proceed to peer review nor receive further consideration. Under this solicitation, OVC has designated the following application elements as critical: Program Narrative/Applicant Questionnaire, Budget Detail Worksheet, and Budget Narrative. Applicants must address a series of questions within the Program Narrative section of the solicitation. The responses should address the:
- Scope of the Problem
- Program Design and Implementation
- Project Goals and Objectives
- Organizational Capabilities and Project Management
- Plans for collecting the required data for the Solicitations Performance Measures

Applicants may combine the Budget Narrative and the Budget Detail Worksheet in one document. However, if an applicant submits only one budget document, it must contain both narrative and detail information. Please review the “Note on File Names and File Types” under How to Apply to be sure applications are submitted in permitted formats.
OJP strongly recommends that applicants use appropriately descriptive file names (e.g., “Program Narrative,” “Budget Detail Worksheet and Budget Narrative,” “Timelines,” “Memoranda of Understanding,” “Resumes”) for all attachments. Also, OJP recommends that applicants include resumes in a single file.

1. Information to Complete the Application for Federal Assistance (SF-424)

   The SF-424 is a required standard form used as a cover sheet for submission of pre-applications, applications, and related information. Grants.gov and the OJP Grants Management System (GMS) take information from the applicant’s profile to populate the fields on this form. When selecting “type of applicant,” if the applicant is a for-profit entity, select “For-Profit Organization” or “Small Business” (as applicable).

   **Intergovernmental Review:** This funding opportunity (program) is not subject to Executive Order 12372. (In completing the SF-424, applicants are to make the appropriate selection in response to question 19 to indicate that the “Program is not covered by E.O. 12372.”)

2. Project Abstract

   Applications should include a high-quality project abstract that summarizes the proposed project in 400 words or less. Project abstracts should be—

   - Written for a general public audience
   - Submitted as a separate attachment with “Project Abstract” as part of its file name
   - Single-spaced, using a standard 12-point font (Times New Roman) with 1-inch margins

   As a separate attachment, the project abstract will not count against the page limit for the program narrative.

   All project abstracts should follow the detailed template available at ojp.gov/funding/Apply/Resources/ProjectAbstractTemplate.pdf.

   **Permission to Share Project Abstract with the Public:** It is unlikely that OVC will be able to fund all applications submitted under this solicitation, but it may have the opportunity to share information with the public regarding unfunded applications, for example, through a listing on a web page available to the public. The intent of this public posting would be to allow other possible funders to become aware of such proposals.

   In the project abstract template, applicants are asked to indicate whether they give OJP permission to share their project abstract (including contact information) with the public. Granting (or failing to grant) this permission will not affect OJP’s funding decisions, and, if the application is not funded, granting permission will not guarantee that abstract information will be shared, nor will it guarantee funding from any other source.

   **Note:** OJP may choose not to list a project that otherwise would have been included in a listing of unfunded applications, should the abstract fail to meet the format and content requirements noted above and outlined in the project abstract template.
3. **Applicant Questionnaire**

Responses to the Application Questionnaire will make up the program narrative portion of the application and must not exceed 25 pages in length, double-spaced, 12-point (Times New Roman) font, with 1-inch margins (i.e. 25 pages for the entire response, not 25 pages per question). If the program narrative fails to comply with these length-related restrictions, OVC may consider such noncompliance in peer review and in final award decisions.

The application questionnaire comprises the following sections (see also Selection Criteria):

The following sections should be included as part of the program narrative:

a. **Statement of the Problem**
   a. Why does your organization want to participate in the Cyberviolence training initiative?
   b. What experience do you have in training and technical assistance, writing curriculum, and disseminating training?
   c. What experience do you have in hosting victims and survivor forums?
   d. What experience do you have in conducting needs assessments?
   e. Describe policies and practices in your area of work related to servicing and addressing the needs of cyberviolence victims.

b. **Project Design and Implementation**
   a. How will your organization incorporate this initiative into your current business model?
   b. Who are your potential project partners?
   c. Describe how you would implement this initiative?

c. **Capabilities and Competencies**
   a. Describe your relationship in working with judicial professionals. In particular please note any work your organization has done to educate or train judicial professionals or how your organization has worked with other partners to do so.
   b. What is your current capacity to lead this program?
   c. What reach do you think you will have with this program (e.g., what audiences will you reach, where will you be able to disseminate materials and information and how many people do you estimate will see it, how many participants will training reach and where)?
   d. Describe the strengths and weaknesses of your organization. Identify the challenges (e.g., resources, policy and system barriers, training gaps, etc.).
   e. Identify any staffing, resource and capacity needs that your organization would need to lead this program.

d. **Plan for Collecting the Data Required for this Solicitation’s Performance Measures**

To demonstrate program progress and success, as well as, to assist the Department with fulfilling its responsibilities under the Government Performance and Results Act of 1993 (GPRA), Public Law 103-62, and the GPRA Modernization Act of 2010, Public Law 111–352, applicants that receive funding under this solicitation must provide data that measure the results of their work done under this solicitation. OJP will require any award recipient, post award, to provide the data requested in the “Data Grantee Provides” column so that OJP can calculate values for the “Performance Measures” column. Performance measures for this solicitation are as follows:
<table>

| literature searches, needs assessments, gap   |                                                                             |                                                                              |       |
| analyses and reports.                         |                                                                             |                                                                              |       |

OV C does not require applicants to submit performance measures data with their application. Performance measures are included as an alert that OV C will require successful applicants to submit specific data as part of their reporting requirements. For the application, applicants should indicate an understanding of these requirements and discuss how they will gather the required data, should they receive funding. Exact language may change slightly.

**Note on Project Evaluations**

Applicants that propose to use funds awarded through this solicitation to conduct project evaluations should be aware that certain project evaluations (such as systematic investigations designed to develop or contribute to generalizable knowledge) may constitute “research” for purposes of applicable DOJ human subjects protection regulations. However, project evaluations that are intended only to generate internal improvements to a program or service, or are conducted only to meet OJP’s performance measure data reporting requirements likely do not constitute “research.” Applicants should provide sufficient information for OJP to determine whether the particular project they propose would either intentionally or unintentionally collect and/or use information in such a way that it meets the DOJ regulatory definition of research.
Research, for the purposes of human subjects protections for OJP-funded programs, is defined as, “a systematic investigation, including research development, testing, and evaluation, designed to develop or contribute to generalizable knowledge” 28 C.F.R. § 46.102(d). For additional information on determining whether a proposed activity would constitute research, see the decision tree to assist applicants on the “Research and the Protection of Human Subjects” section of the OJP Funding Resource Center web page (www.ojp.gov/funding/Explore/SolicitationRequirements/EvidenceResearchEvaluationRequirements.htm). Applicants whose proposals may involve a research or statistical component also should review the “Data Privacy and Confidentiality Requirements” section on that web page.

4. Budget Detail Worksheet and Budget Narrative

a. Budget Detail Worksheet
A sample Budget Detail Worksheet can be found at www.ojp.gov/funding/Apply/Resources/BudgetDetailWorksheet.pdf. Applicants that submit their budget in a different format should include the budget categories listed in the sample budget worksheet. The Budget Detail Worksheet should be broken down by year.

For questions pertaining to budget and examples of allowable and unallowable costs, see the Financial Guide at http://ojp.gov/financialguide/DOJ/index.htm.

b. Budget Narrative
The budget narrative should thoroughly and clearly describe every category of expense listed in the Budget Detail Worksheet. OJP expects proposed budgets to be complete, cost effective, and allowable (e.g., reasonable, allocable, and necessary for project activities).

Applicants should demonstrate in their budget narratives how they will maximize cost effectiveness of grant expenditures. Budget narratives should generally describe cost effectiveness in relation to potential alternatives and the goals of the project. For example, a budget narrative should detail why planned in-person meetings are necessary, or how technology and collaboration with outside organizations could be used to reduce costs, without compromising quality.

The narrative should be mathematically sound and correspond with the information and figures provided in the Budget Detail Worksheet. The narrative should explain how the applicant estimated and calculated all costs, and how they are relevant to the completion of the proposed project. The narrative may include tables for clarification purposes but need not be in a spreadsheet format. As with the Budget Detail Worksheet, the Budget Narrative should be broken down by year.

c. Non-Competitive Procurement Contracts in Excess of Simplified Acquisition Threshold
If an applicant proposes to make one or more non-competitive procurements of products or services, where the non-competitive procurement will exceed the simplified acquisition threshold (also known as the small purchase threshold), which is currently set at $150,000, the application should address the considerations outlined in the Financial Guide.
d. Pre-Agreement Cost Approvals
For information on pre-agreement costs, see Section B. Federal Award Information.

5. Indirect Cost Rate Agreement (if applicable)
Indirect costs are allowed only under the following circumstances:
(a) The applicant has a current, federally approved indirect cost rate; or
(b) The applicant is eligible to use and elects to use the “de minimis” indirect cost rate described in the Part 200 Uniform Requirements as set out at 2 C.F.R. 200.414(f).

Attach a copy of the federally approved indirect cost rate agreement to the application. Applicants that do not have an approved rate may request one through their cognizant federal agency, which will review all documentation and approve a rate for the applicant organization, or, if the applicant’s accounting system permits, costs may be allocated in the direct cost categories. For the definition of Cognizant Federal Agency, see the “Glossary of Terms” in the Financial Guide. For assistance with identifying your cognizant agency, please contact the Customer Service Center at 1-800-458-0786 or at ask.ocfo@usdoj.gov. If DOJ is the cognizant federal agency, applicants may obtain information needed to submit an indirect cost rate proposal at http://www.ojp.gov/funding/Apply/Resources/IndirectCosts.pdf.

In order to use the “de minimis” indirect rate, attach written documentation to the application that advises OJP of both the applicant’s eligibility (to use the “de minimis” rate) and its election. If the applicant elects the “de minimis” method, costs must be consistently charged as either indirect or direct costs, but may not be double charged or inconsistently charged as both. In addition, if this method is chosen then it must be used consistently for all federal awards until such time as you choose to negotiate a federally approved indirect cost rate.5

6. Tribal Authorizing Resolution (if applicable)
Tribes, tribal organizations, or third parties proposing to provide direct services or assistance to residents on tribal lands should include in their applications a resolution, a letter, affidavit, or other documentation, as appropriate, that certifies that the applicant has the legal authority from the tribe(s) to implement the proposed project on tribal lands. In those instances when an organization or consortium of tribes applies for a grant on behalf of a tribe or multiple specific tribes, the application should include appropriate legal documentation, as described above, from all tribes that would receive services or assistance under the grant. A consortium of tribes for which existing consortium bylaws allow action without support from all tribes in the consortium (i.e., without an authorizing resolution or comparable legal documentation from each tribal governing body) may submit, instead, a copy of its consortium bylaws with the application.

Applicants unable to submit an application that includes a fully-executed (i.e., signed) copy of appropriate legal documentation, as described above, consistent with the applicable tribe’s governance structure, should, at a minimum, submit an unsigned, draft version of such legal documentation as part of its application (except for cases in which, with respect to a tribal consortium applicant, consortium bylaws allow action without the support of all consortium member tribes). If selected for funding, OVC will make use of and access to funds contingent on receipt of the fully-executed legal documentation.

7. Applicant Disclosure of High Risk Status

Applicants are to disclose whether they are currently designated high risk by another federal grant making agency. This includes any status requiring additional oversight by the federal agency due to past programmatic or financial concerns. If an applicant is designated high risk by another federal grant making agency, you must email the following information to OJPComplianceReporting@usdoj.gov at the time of application submission:

- The federal agency that currently designated the applicant as high risk
- Date the applicant was designated high risk
- The high risk point of contact name, phone number, and email address, from that federal agency
- Reasons for the high risk status

OJP seeks this information to ensure appropriate federal oversight of any grant award. Disclosing this high risk information does not disqualify any organization from receiving an OJP award. However, additional grant oversight may be included, if necessary, in award documentation.

8. Additional Attachments

a. Applicant Disclosure of Pending Applications

Applicants are to disclose whether they have pending applications for federally funded grants or subgrants (including cooperative agreements) that include requests for funding to support the same project being proposed under this solicitation and will cover the identical cost items outlined in the budget narrative and worksheet in the application under this solicitation. The disclosure should include both direct applications for federal funding (e.g., applications to federal agencies) and indirect applications for such funding (e.g., applications to State agencies that will subaward federal funds).

OJP seeks this information to help avoid any inappropriate duplication of funding. Leveraging multiple funding sources in a complementary manner to implement comprehensive programs or projects is encouraged and is not seen as inappropriate duplication.

Applicants that have pending applications as described above are to provide the following information about pending applications submitted within the last 12 months:

- The federal or state funding agency
- The solicitation name/project name
- The point of contact information at the applicable funding agency

<table>
<thead>
<tr>
<th>Federal or State Funding Agency</th>
<th>Solicitation Name/Project Name</th>
<th>Name/Phone/Email for Point of Contact at Funding Agency</th>
</tr>
</thead>
<tbody>
<tr>
<td>DOJ/COPS</td>
<td>COPS Hiring Program</td>
<td>Jane Doe, 202/000-0000; <a href="mailto:jane.doe@usdoj.gov">jane.doe@usdoj.gov</a></td>
</tr>
</tbody>
</table>
Applicants should include the table as a separate attachment to their application. The file should be named “Disclosure of Pending Applications.”

Applicants that do not have pending applications as described above are to include a statement to this effect in the separate attachment page (e.g., “[Applicant Name on SF-424] does not have pending applications submitted within the last 12 months for federally funded grants or subgrants (including cooperative agreements) that include requests for funding to support the same project being proposed under this solicitation and will cover the identical cost items outlined in the budget narrative and worksheet in the application under this solicitation.”).

b. Memoranda of Understanding (MOU), Letters of Intent

Applicants must include, for each named partner, an MOU, Letter of Intent, or subcontract that confirms the partner’s agreement to provide the service and describes the cost agreement between the agencies. Subcontracts, MOUs, or Letters of Intent should be submitted as one separate attachment to the application. MOUs and Letters of Intent must include the following: (1) names of the organizations involved in the agreement; (2) scope of the direct service(s) and other work to be performed under the agreement; (3) duration of the agreement; (4) estimated cost per victim or cost of actual services provided—fee-for-service, in-kind match, or no-cost; (5) whether or not there is a cap on the total amount of the agreement; and (6) whether or not there is a maximum number of victims that may be served under the agreement. If any of the required direct services above are to be provided pro bono, or accessed through other government-subsidized or otherwise funded programs, applicants must describe how services will be provided to victims without the use of grant funds.

c. Logic Model

Applicants must include a logic model that graphically illustrates how the project’s goals, objectives, and activities are interrelated to address the stated problem. The logic model must be included as a separate attachment and must include information related to anticipated outputs, performance measures, and short- and long-term outcomes that are anticipated for victims served and the community. Sample logic models are available at www.ojjdp.gov/grantees/pm/logic_models.html.

d. Research and Evaluation Independence and Integrity

If a proposal involves research and/or evaluation, regardless of the proposal’s other merits, in order to receive funds, the applicant must demonstrate research/evaluation independence, including appropriate safeguards to ensure research/evaluation
objectivity and integrity, both in this proposal and as it may relate to the applicant’s other current or prior related projects. This documentation may be included as an attachment to the application which addresses BOTH i. and ii. below.

i. For purposes of this solicitation, applicants must document research and evaluation independence and integrity by including, at a minimum, one of the following two items:

a. A specific assurance that the applicant has reviewed its proposal to identify any research integrity issues (including all principal investigators and sub-recipients) and it has concluded that the design, conduct, or reporting of research and evaluation funded by OVC grants, cooperative agreements, or contracts will not be biased by any personal or financial conflict of interest on the part of part of its staff, consultants, and/or sub-recipients responsible for the research and evaluation or on the part of the applicant organization;

OR

b. A specific listing of actual or perceived conflicts of interest that the applicant has identified in relation to this proposal. These conflicts could be either personal (related to specific staff, consultants, and/or sub-recipients) or organizational (related to the applicant or any subgrantee organization). Examples of potential investigator (or other personal) conflict situations may include, but are not limited to, those in which an investigator would be in a position to evaluate a spouse’s work product (actual conflict), or an investigator would be in a position to evaluate the work of a former or current colleague (potential apparent conflict). With regard to potential organizational conflicts of interest, as one example, generally an organization could not be given a grant to evaluate a project if that organization had itself provided substantial prior technical assistance to that specific project or a location implementing the project (whether funded by OJP or other sources), as the organization in such an instance would appear to be evaluating the effectiveness of its own prior work. The key is whether a reasonable person understanding all of the facts would be able to have confidence that the results of any research or evaluation project are objective and reliable. Any outside personal or financial interest that casts doubt on that objectivity and reliability of an evaluation or research product is a problem and must be disclosed.

ii. In addition, for purposes of this solicitation applicants must address the issue of possible mitigation of research integrity concerns by including, at a minimum, one of the following two items:

a. If an applicant reasonably believes that no potential personal or organizational conflicts of interest exist, then the applicant should provide a brief narrative explanation of how and why it reached that conclusion. Applicants MUST also include an explanation of the specific processes and procedures that the applicant will put in place to identify and eliminate (or, at the very least, mitigate) potential personal or financial conflicts of interest on the part of its staff, consultants, and/or sub-recipients for this particular project, should that be necessary during the grant period. Documentation that
may be helpful in this regard could include organizational codes of ethics/conduct or policies regarding organizational, personal, and financial conflicts of interest.

OR

b. If the applicant has identified specific personal or organizational conflicts of interest in its proposal during this review, the applicant must propose a specific and robust mitigation plan to address conflicts noted above. At a minimum, the plan must include specific processes and procedures that the applicant will put in place to eliminate (or, at the very least, mitigate) potential personal or financial conflicts of interest on the part of its staff, consultants, and/or sub-recipients for this particular project, should that be necessary during the grant period. Documentation that may be helpful in this regard could include organizational codes of ethics/conduct or policies regarding organizational, personal, and financial conflicts of interest. There is no guarantee that the plan, if any, will be accepted as proposed.

Considerations in assessing research and evaluation independence and integrity will include, but are not be limited to, the adequacy of the applicant’s efforts to identify factors that could affect the objectivity or integrity of the proposed staff and/or the organization in carrying out the research, development, or evaluation activity; and the adequacy of the applicant’s existing or proposed remedies to control any such factors.

In accordance with the Part 200 Uniform Requirements as set out at 2 C.F.R. 200.205, Federal agencies must have in place a framework for evaluating the risks posed by applicants before they receive a Federal award. To facilitate part of this risk evaluation, all applicants (other than an individual) are to download, complete, and submit this form.

10. Disclosure of Lobbying Activities
All applicants must complete this information. Applicants that expend any funds for lobbying activities are to provide the detailed information requested on the form Disclosure of Lobbying Activities (SF-LLL). Applicants that do not expend any funds for lobbying activities are to enter “N/A” in the text boxes for item 10 (“a. Name and Address of Lobbying Registrant” and “b. Individuals Performing Services”).

How to Apply
Applicants must register in, and submit applications through Grants.gov, a primary source to find federal funding opportunities and apply for funding. Find complete instructions on how to register and submit an application at www.Grants.gov. Applicants that experience technical difficulties during this process should call the Grants.gov Customer Support Hotline at 800-518-4726 or 606-545-5035, 24 hours a day, 7 days a week, except federal holidays. Registering with Grants.gov is a one-time process; however, processing delays may occur, and it can take several weeks for first-time registrants to receive confirmation and a user password. OJP encourages applicants to register several weeks before the application submission deadline. In addition, OJP urges applicants to submit applications 72 hours prior to the application due date to allow time to receive validation messages or rejection notifications from Grants.gov, and to correct in a timely fashion any problems that may have caused a rejection notification.
OVC strongly encourages all prospective applicants to sign up for Grants.gov email notifications regarding this solicitation. If this solicitation is cancelled or modified, individuals who sign up with Grants.gov for updates will be automatically notified.

**Browser Information:** Grants.gov was built to be compatible with Internet Explorer. For technical assistance with Google Chrome, or another browser, contact Grants.gov Customer Support.

**Note on Attachments.** Grants.gov has two categories of files for attachments: mandatory and optional. OJP receives all files attached in both categories. Please ensure all required documents are attached in the mandatory category.

**Note on File Names and File Types:** Grants.gov only permits the use of certain specific characters in names of attachment files. Valid file names may include only the characters shown in the table below. Grants.gov is designed to reject any application that includes an attachment(s) with a file name that contains any characters not shown in the table below.

Grants.gov is designed to forward successfully submitted applications to the OJP Grants Management System (GMS).

**GMS does not accept executable file types as application attachments.** These disallowed file types include, but are not limited to, the following extensions: “.com,” “.bat,” “.exe,” “.vbs,” “.cfg,” “.dat,” “.db,” “.dbf,” “.dll,” “.ini,” “.log,” “.ora,” “.sys,” and “.zip.” GMS may reject applications with files that use these extensions. It is important to allow time to change the type of file(s) if the application is rejected.

All applicants are required to complete the following steps.

OJP may not make a federal award to an applicant organization until the applicant organization has complied with all applicable DUNS and SAM requirements. Individual applicants must comply with all Grants.gov requirements. If an applicant has not fully complied with the requirements by the time the federal awarding agency is ready to make a federal award, the federal awarding agency may determine that the applicant is not qualified to receive a federal award and use that determination as a basis for making a federal award to another applicant.

Individual applicants should search Grants.gov for a funding opportunity for which individuals are eligible to apply. Use the Funding Opportunity Number (FON) to register. Complete the registration form at https://apply07.grants.gov/apply/IndCPRegister to create a username and password. Individual applicants should complete all steps except 1, 2 and 4.

1. **Acquire a Data Universal Numbering System (DUNS) number.** In general, the Office of Management and Budget requires that all applicants (other than individuals) for federal
funds include a DUNS number in their applications for a new award or a supplement to an existing award. A DUNS number is a unique nine-digit sequence recognized as the universal standard for identifying and differentiating entities receiving federal funds. The identifier is used for tracking purposes and to validate address and point of contact information for federal assistance applicants, recipients, and subrecipients. The DUNS number will be used throughout the grant life cycle. Obtaining a DUNS number is a free, one-time activity. Call Dun and Bradstreet at 866–705–5711 to obtain a DUNS number or apply online at www.dnb.com. A DUNS number is usually received within 1-2 business days.

2. **Acquire registration with the System for Award Management (SAM).** SAM is the repository for standard information about federal financial assistance applicants, recipients, and subrecipients. OJP requires all applicants (other than individuals) for federal financial assistance to maintain current registrations in the SAM database. Applicants must be registered in SAM to successfully register in Grants.gov. Applicants must **update or renew their SAM registration annually** to maintain an active status. SAM registration and renewal can take as long as 10 business days to complete.

Applications cannot be successfully submitted in Grants.gov until Grants.gov receives the SAM registration information. Once the SAM registration/renewal is complete, **the information transfer from SAM to Grants.gov can take up to 48 hours.** OJP recommends that the applicant register or renew registration with SAM as early as possible.

Information about SAM registration procedures can be accessed at www.sam.gov.

3. **Acquire an Authorized Organization Representative (AOR) and a Grants.gov username and password.** Complete the AOR profile on Grants.gov and create a username and password. The applicant organization’s DUNS number must be used to complete this step. For more information about the registration process for organizations, go to www.grants.gov/web/grants/register.html. Individuals registering with Grants.gov should go to http://www.grants.gov/web/grants/applicants/individual-registration.html.

4. **Acquire confirmation for the AOR from the E-Business Point of Contact (E-Biz POC).** The E-Biz POC at the applicant organization must log into Grants.gov to confirm the applicant organization’s AOR. The E-Biz POC will need the Marketing Partner Identification Number (MPIN) password obtained when registering with SAM to complete this step. Note that an organization can have more than one AOR.

5. **Search for the funding opportunity on Grants.gov.** Use the following identifying information when searching for the funding opportunity on Grants.gov. The Catalog of Federal Domestic Assistance number for this solicitation is 16.582, titled “OVC Fiscal Year (FY) 2016 Vision 21: Training and Resources to Better Respond to Victims of Cyberviolence” and the funding opportunity number is OVC-2016-9288.

6. **Submit a valid application consistent with this solicitation by following the directions in Grants.gov.** Within 24–48 hours after submitting the electronic application, the applicant should receive two notifications from Grants.gov. The first will confirm the receipt of the application and the second will state whether the application has been successfully validated, or rejected due to errors, with an explanation. It is possible to first receive a message indicating that the application is received and then receive a rejection notice a few minutes or hours later. Submitting well ahead of the deadline provides time to correct the problem(s) that caused the rejection. **Important:** OJP urges applicants to submit...
applications at least 72 hours prior to the application due date to allow time to receive validation messages or rejection notifications from Grants.gov, and to correct in a timely fashion any problems that may have caused a rejection notification. All applications are due to be submitted and in receipt of a successful validation message in Grants.gov by 11:59 p.m. eastern time on June 7, 2016.

Click here for further details on DUNS, SAM, and Grants.gov registration steps and timeframes.

Note: Duplicate Applications
If an applicant submits multiple versions of the same application, OVC will review only the most recent system-validated version submitted. See Note on File Names and File Types under How to Apply.

Experiencing Unforeseen Grants.gov Technical Issues

Applicants that experience unforeseen Grants.gov technical issues beyond their control that prevent them from submitting their application by the deadline must contact the Grants.gov Customer Support Hotline or the SAM Help Desk (Federal Service Desk) to report the technical issue and receive a tracking number. Then applicant must email the OVC contact identified in the Contact Information section on page 2 within 24 hours after the application deadline and request approval to submit their application. The email must describe the technical difficulties, and include a timeline of the applicant’s submission efforts, the complete grant application, the applicant’s DUNS number, and any Grants.gov Help Desk or SAM tracking number(s). Note: OVC does not automatically approve requests. After the program office reviews the submission, and contacts the Grants.gov or SAM Help Desks to validate the reported technical issues, OJP will inform the applicant whether the request to submit a late application has been approved or denied. If OJP determines that the applicant failed to follow all required procedures, which resulted in an untimely application submission, OJP will deny the applicant’s request to submit their application.

The following conditions are generally insufficient to justify late submissions:

- Failure to register in SAM or Grants.gov in sufficient time (SAM registration and renewal can take as long as 10 business days to complete. The information transfer from SAM to Grants.gov can take up to 48 hours.)
- Failure to follow Grants.gov instructions on how to register and apply as posted on its website
- Failure to follow each instruction in the OJP solicitation
- Technical issues with the applicant’s computer or information technology environment, including firewalls, browser incompatibility, etc.

Notifications regarding known technical problems with Grants.gov, if any, are posted at the top of the OJP funding web page at http://ojp.gov/funding/index.htm.
E. Application Review Information

Selection Criteria
1. Statement of the Problem (20%)
2. Project Design and Implementation (40%)
3. Capabilities and Competencies (20%)
4. Plan for Collecting the Data Required for this Solicitation’s Performance Measures (5%)
5. Budget: complete, cost effective, and allowable (e.g., reasonable, allocable, and necessary for project activities). Budget narratives should generally demonstrate how applicants will maximize cost effectiveness of grant expenditures. Budget narratives should demonstrate cost effectiveness in relation to potential alternatives and the goals of the project. 6 (10%)
6. Other (e.g. Memoranda of Understanding, Letters of Support, Project Logic Model) (5%)

Review Process

OJP is committed to ensuring a fair and open process for awarding grants. OVC reviews the application to make sure that the information presented is reasonable, understandable, measurable, and achievable, as well as consistent with the solicitation.

Peer reviewers will review the applications submitted under this solicitation that meet basic minimum requirements. For purposes of assessing whether applicants have met basic minimum requirements, OJP screens applications for compliance with specified program requirements to help determine which applications should proceed to further consideration for award. Although program requirements may vary, the following are common requirements applicable to all solicitations for funding under OJP grant programs:

- Applications must be submitted by an eligible type of applicant
- Applications must request funding within programmatic funding constraints (if applicable)
- Applications must be responsive to the scope of the solicitation
- Applications must include all items designated as “critical elements”
- Applicants will be checked against the System for Award Management (SAM)

For a list of critical elements, see “What an Application Should Include” under Section D. Application and Submission Information.

OVC may use internal peer reviewers, external peer reviewers, or a combination, to assess applications meeting basic minimum requirements on technical merit using the solicitation’s selection criteria. An external peer reviewer is an expert in the subject matter of a given solicitation who is not a current DOJ employee. An internal reviewer is a current DOJ employee who is well-versed or has expertise in the subject matter of this solicitation. A peer review panel will evaluate, score, and rate applications that meet basic minimum requirements. Peer reviewers’ ratings and any resulting recommendations are advisory only, although their views are considered carefully. In addition to peer review ratings, considerations for award recommendations and decisions may include, but are not limited to, underserved populations,

---

6 Generally speaking, a reasonable cost is a cost that, in its nature or amount, does not exceed that which would be incurred by a prudent person under the circumstances prevailing at the time the decision was made to incur the costs.
geographic diversity, strategic priorities, past performance under prior OVC and OJP awards, and available funding.

OJP reviews applications for potential discretionary awards to evaluate the risks posed by applicants before they receive an award. This review may include but is not limited to the following:

1. Financial stability and fiscal integrity
2. Quality of management systems and ability to meet the management standards prescribed in the Financial Guide
3. History of performance
4. Reports and findings from audits
5. The applicant's ability to effectively implement statutory, regulatory, or other requirements imposed on award recipients
6. Proposed costs to determine if the Budget Detail Worksheet and Budget Narrative accurately explain project costs, and whether those costs are reasonable, necessary, and allowable under applicable federal cost principles and agency regulations

Absent explicit statutory authorization or written delegation of authority to the contrary, all final award decisions will be made by the Assistant Attorney General, who may consider factors including, but not limited to, peer review ratings, underserved populations, geographic diversity, strategic priorities, past performance under prior OVC and OJP awards, and available funding when making awards.

F. Federal Award Administration Information

Federal Award Notices
OJP sends award notification by email through GMS to the individuals listed in the application as the point of contact and the authorizing official (E-Biz POC and AOR). The email notification includes detailed instructions on how to access and view the award documents, and how to accept the award in GMS. GMS automatically issues the notifications at 9:00 p.m. eastern time on the award date (by September 30, 2016). Recipients will be required to log in; accept any outstanding assurances and certifications on the award; designate a financial point of contact; and review, sign, and accept the award. The award acceptance process involves physical signature of the award document by the authorized representative and the scanning of the fully-executed award document to OJP.

Administrative, National Policy, and other Legal Requirements
If selected for funding, in addition to implementing the funded project consistent with the agency-approved project proposal and budget, the recipient must comply with award terms and conditions, and other legal requirements, including but not limited to OMB, DOJ or other federal regulations which will be included in the award, incorporated into the award by reference, or are otherwise applicable to the award. OJP strongly encourages prospective applicants to review the information pertaining to these requirements prior to submitting an application. To assist applicants and recipients in accessing and reviewing this information, OJP has placed pertinent information on its Solicitation Requirements page of the OJP Funding Resource Center.

Please note in particular the following two forms, which applicants must accept in GMS prior to the receipt of any award funds, as each details legal requirements with which applicants must provide specific assurances and certifications of compliance. Applicants may view these forms
in the Apply section of the OJP Funding Resource Center and are strongly encouraged to review and consider them carefully prior to making an application for OJP grant funds.

- **Certifications Regarding Lobbying; Debarment, Suspension and Other Responsibility Matters; and Drug-Free Workplace Requirements**

- **Standard Assurances**

Upon grant approval, OJP electronically transmits (via GMS) the award document to the prospective award recipient. In addition to other award information, the award document contains award terms and conditions that specify national policy requirements with which recipients of federal funding must comply; uniform administrative requirements, cost principles, and audit requirements; and program-specific terms and conditions required based on applicable program (statutory) authority or requirements set forth in OJP solicitations and program announcements, and other requirements which may be attached to appropriated funding. For example, certain efforts may call for special requirements, terms, or conditions relating to intellectual property, data/information-sharing or -access, or information security; or audit requirements, expenditures and milestones, or publications and/or press releases. OJP also may place additional terms and conditions on an award based on its risk assessment of the applicant, or for other reasons it determines necessary to fulfill the goals and objectives of the program.

Prospective applicants may access and review the text of mandatory conditions OJP includes in all OJP awards, as well as the text of certain other conditions, such as administrative conditions, via Mandatory Award Terms and Conditions page of the OJP Funding Resource Center.

As stated above, OVC anticipates that it will make any award from this solicitation in the form of a cooperative agreement. Cooperative agreement awards include standard “federal involvement” conditions that describe the general allocation of responsibility for execution of the funded program. Generally stated, under cooperative agreement awards, responsibility for the day-to-day conduct of the funded project rests with the recipient in implementing the funded and approved proposal and budget, and the award terms and conditions. Responsibility for oversight and redirection of the project, if necessary, rests with OVC.

In addition to any “federal involvement” condition(s), OJP cooperative agreement awards include a special condition specifying certain reporting requirements required in connection with conferences, meetings, retreats, seminars, symposium, training activities, or similar events funded under the award, consistent with OJP policy and guidance on conference approval, planning, and reporting.

**General Information about Post-Federal Award Reporting Requirements**

Recipients must submit quarterly financial reports, semi-annual progress reports, final financial and progress reports, and, if applicable, an annual audit report in accordance with the Part 200 Uniform Requirements. Future awards and fund drawdowns may be withheld if reports are delinquent.

---

7 *See generally* 2 C.F.R. 200.300 (provides a general description of national policy requirements typically applicable to recipients of Federal awards, including the Federal Funding Accountability and Transparency Act of 2006 (FFATA)).
Special Reporting requirements may be required by OJP depending on the statutory, legislative or administrative obligations of the recipient or the program.

H. Other Information

Provide Feedback to OJP
To assist OJP in improving its application and award processes, we encourage applicants to provide feedback on this solicitation, the application submission process, and/or the application review/peer review process. Provide feedback to OJPSolicitationFeedback@usdoj.gov.

IMPORTANT: This email is for feedback and suggestions only. Replies are not sent from this mailbox. If you have specific questions on any program or technical aspect of the solicitation, you must directly contact the appropriate number or email listed on the front of this solicitation document. These contacts are provided to help ensure that you can directly reach an individual who can address your specific questions in a timely manner.

If you are interested in being a reviewer for other OJP grant applications, please email your résumé to ojpeerreview@lmsolas.com. The OJP Solicitation Feedback email account will not forward your résumé. **Note:** Neither you nor anyone else from your organization can be a peer reviewer in a competition in which you or your organization have submitted an application.

**Application Checklist**

**OVC FY 2016 Vision 21: Training and Resources to Better Respond to Victims of Cyberviolence**

This application checklist has been created to assist in developing an application.

**What an Applicant Should Do:**

*Prior to Registering in Grants.gov:*
- _____ Acquire a DUNS Number (see page 21)
- _____ Acquire or renew registration with SAM (see page 21)

*To Register with Grants.gov:*
- _____ Acquire AOR and Grants.gov username/password (see page 22)
- _____ Acquire AOR confirmation from the E-Biz POC (see page 22)

*To Find Funding Opportunity:*
- _____ Search for the Funding Opportunity on Grants.gov (see page 22)
- _____ Download Funding Opportunity and Application Package (see page 22)
- _____ Sign up for Grants.gov email notifications (optional) (see page 20)
- _____ Read Important Notice: Applying for Grants in Grants.gov

*After Application Submission, Receive Grants.gov Email Notifications That:*
- _____ (1) application has been received, (see page 8)
- _____ (2) application has either been successfully validated or rejected with errors (see page 20)

*If No Grants.gov Receipt, and Validation or Error Notifications are Received:*
- _____ contact OVC regarding experiencing technical difficulties (see page 2)

**General Requirements:**
- _____ Review the Solicitation Requirements in the OJP Funding Resource Center.

**Scope Requirement:**
- _____ The federal amount requested is within the allowable limit(s) of $1.5 million.
- _____ The proposed initiative is national in scope

**Eligibility Requirement:** See Title page.

**What an Application Should Include:**
- _____ Application for Federal Assistance (SF-424) (see page 10)
- _____ Project Abstract (see page 10)
- _____ Application Questionnaire (see page 10)
- _____ Budget Detail Worksheet (see page 15)
- _____ Budget Narrative (see page 15)
- _____ Indirect Cost Rate Agreement (if applicable) (see page 15)
- _____ Tribal Authorizing Resolution (if applicable) (see page 16)
- _____ Applicant Disclosure of High Risk Status (see page 17)
- _____ Additional Attachments
_____ Applicant Disclosure of Pending Applications (see page 17)
_____ MOUs, Letters of Intent (see page 18)
_____ Logic Model (see page 18)
_____ Research and Evaluation Independence and Integrity (see page 18)
_____ Financial Management and System of Internal Controls Questionnaire (see page 20)
_____ Disclosure of Lobbying Activities (SF-LLL) (see page 20)
_____ Employee Compensation Waiver request and justification (if applicable) (see page 8)
