* Reflects follow-up actions received after the close of a statistical month.

** Under Uniform Crime Reporting Rules, criminal homicides prosecuted under California's Felony-Murder doctrine must be statistically reported as either accidental or justifiable deaths. Therefore, the count of criminal homicides reported to the State and FBI will occasionally be lower than the count reported internally.

*** Effective January 1, 1986 The State of California changed the reporting requirements for domestic-violence related crimes. This new reporting requirement is responsible for the sharp increase in aggravated assaults, and should be given consideration when the statistics are measured against those from prior years.
