NOTES ON FISCAL 1983 - 1987 TRENDS

During Fiscal Year 1987 there was an Average Daily Population of 15,911 offenders in the Department of Corrections, 8502 of whom were housed in State Prison Facilities while 3499 were housed in Youth Correctional Facilities, 716 were housed in Juvenile Facilities, 246 were housed in Halfway Houses, 614 in Community and Residential Programs and 1779 were housed in County Facilities.

From Fiscal 1986 to Fiscal 1987 the average daily offender count for the Department as a whole increased 15% from 13,868 to 15,911 offenders. The following are the changes within the various correctional complexes or facilities:

- The County Waiting list increased 45% from 1226 to 1779.
- The State Prison Complex count increased 8% from 7855 to 8502.
- The Youth Correctional Complex count increased 13% from 3102 to 3499.
- The Juvenile Facilities population increased 16% from 618 to 716.
- The Community Residential Juvenile Programs increased 16% from 528 to 614.

The average daily offender population in New Jersey State Correctional Institutions during Fiscal 1987 was greater than the peak populations experienced in 1982 through 1986. This figure is 2018 offenders or 15% higher than the average daily population experienced during Fiscal 1986.

This continued increase in institutional population was the result of the continued impact of Title 2C, the New Criminal Code, Legislative amendments to title 2C and the Administrative Office of the Courts' Speedy Trial Program. Continued correctional population growth has contributed significantly to the severe prison overcrowding. (See tables of monthly population counts during Fiscal 1987 on pages 10, 11 and 12).

Also, it should be noted that there was continued increase in the number of juvenile offenders residing in the Community and Residential Juvenile Programs during this period. The average daily population in Fiscal 1987 was 614 or 16% greater than the Fiscal 1986 count of 528.

NOTES ON AVERAGE DAILY POPULATION FISCAL 1987

A/ Residents include offenders in the institution and on furlough on the last day of the report period. For the Prison Complex and Youth Complex, number on furlough is included only in the total complex counts and not in the counts for separate units.

Also note that, for this report, offender counts are based on physical location and not on correctional jurisdiction (e.g., prison offenders housed in Youth Correctional Facilities are included in Youth Correctional Counts).

B/ MEDIUM/MAXIMUM UNITS: Footnote "B" identifies units providing medium or maximum custody. The count provided includes all offenders resident in units which primarily house offenders requiring more than minimum custody. Thus these counts are not a count of offender by custody status but are a count of the total number of offenders resident in designated units.
