MARTHA LAYNE COLLINS
GOVERNOR

My Fellow Kentuckians:

In reviewing this second annual report on KENTUCKY'S MISSING PERSONS, I urge all citizens of our Commonwealth to recognize the importance of addressing the problem of missing persons. Still missing at the close of the 1985 calendar year were 230 children and 70 adults.

While extending our sympathy to the families with missing persons and assuring them that we understand the extreme distress they suffer, we must also apply our every resource to the solution of locating persons who have disappeared. It is equally important that we apply effective strategies to prevent abductions and avoid the circumstances which result in children running away or becoming lost.

I am confident that continued vigilance, accurate and timely reporting of missing persons to the police and increased public awareness to the extent and causes of this most perplexing problem represent the basic response we should all take.

Sincerely,

A handwritten signature in cursive script that reads "Martha Layne Collins".

Kentucky's reported missing and located persons is hereby
respectfully submitted. This report was compiled from those
entries and cancellations submitted to the National Crime

The success of this important program during 1985 was
attributable to the submission of accurate information pro-
vided by the law enforcement agencies of the Commonwealth.
We wish to express our gratitude to the dedicated members of
those police departments who extended their full cooperation
to the Kentucky Missing Child Information Center by submitting
accurate and timely reports and cancellations.

is appropriately dedicated to
the families and friends
of our missing.**

**We all share
your grief
and concern.**

ACKNOWLEDGEMENTS

The dedicated and tireless efforts of Kentucky's legislators in passing a model law to protect missing, abused, and exploited children, their proactive response to this most serious problem by creating a state Child Sexual Abuse and Exploitation Prevention Board, and their foresight in establishing the Missing Child Information Center and in providing the funding necessary for the Center, are duly recognized and gratefully acknowledged.

Also worthy of acknowledgement are: public officials, law enforcement personnel, private citizens, and business organizations throughout the Commonwealth for joining hands in developing a cooperative effort to locate missing persons.

A special word of appreciation is expressed to the members of the New Direction Club and the Print Shop employees at the Luther Lockett Correctional Complex who generously provide Missing Persons Flyers at no cost to the Commonwealth.

May the tears we shed be of joyful reunions!

INTRODUCTION

The 1985 Report presented in the following pages of this book has been divided into three sections. The first section is a guide for children and parents to use to help prevent a child from becoming missing. Also, enclosed is a brief guideline which might be followed by a parent or guardian if a child does become missing. In the final part is a guideline for the police response to the missing child case.

When reading or following these guidelines one must remember they are general purpose guidelines and not intended to apply to every missing child case.

The second section of this report is a comparison of missing children and adult reports with those of previous years, months and days of weeks. Also, included in this section is a breakdown of missing person reports by sex and race. When reviewing this data, one must be mindful that the material presented is tabulated from data entered into Kentucky's Law Enforcement Information Network computer and the National Crime Information Center computer. Its completeness and accuracy is totally contingent upon the local agency's abilities to determine the circumstances surrounding the disappearance and to correctly code and enter the information into the computer system.

The last section of this report is a reprint of Kentucky's law regarding the police response to missing children and applicable Kentucky Administrative Regulations.

Any questions or comments concerning this report should be addressed to the Kentucky Missing Child Information Center, 1250 Louisville Road, Frankfort, Kentucky 40601.

In an attempt to decrease the number of child abductions within Kentucky, the Kentucky Missing Child Information Center has listed some important "SAFETY TIPS" to help protect your child.

TEACH YOUR CHILDREN

Their full name, address and phone number.

Your full name, where you work and phone number.

How to use the phone, including dialing the operator and how to make a long distance call.

How to say "NO". They do not have to obey strangers.

Not to approach a car, even if the adult is signaling.

Play or walk in a group and not alone.

A password that just your family knows. Explain the word is a secret and **NOT** to go with anyone who does not know the "secret word".

To scream "**HELP**" if they are in trouble. If grabbed, to scream, kick and try to break loose.

Never open the door to strangers. If a delivery is being made, have them leave it on the porch.

Always tell you where they are going and when they will return. If plans change, they should call home.

The policemen and firemen are their friends. Go to them when they need help.

"TIPS FOR PARENTS"

Know the whereabouts of your child.

Never leave your child alone in an unattended vehicle.

Never let your children out of your sight while shopping in a store or mall.

Never let your child go to a public restroom alone.

Know the names, addresses and parents' names of your child's friends.

Take pictures of your child at least once a year. If under age of two, four times a year.

Write a detailed description of your child. Include height, weight, age, eye and hair color, birthmarks, scars, moles or any "different" physical characteristics your child may have. CHILD-I-DENT FORMS for this purpose are available through your state and local law enforcement agencies.

Make sure medical and dental records can be made available.

Know your child's blood type, broken bones, health problems, prescription medications and allergies.

Have your child fingerprinted by a police officer or trained volunteer.

Notice what your child is wearing when he/she leaves for school or play.

PARENT OR GUARDIAN RESPONSE TO A MISSING CHILD

Check immediate area, friends and family to determine the child has not stopped off to play or visit.

Contact the local police and provide a complete description of the child, including physical description, birthdate, school and grade, medical and dental records or doctor's names, circumstances surrounding the disappearance, and the complete name and description of the abductor and vehicles description if known.

Record the name and badge number of the officer who takes the report. Report only to a sworn police officer, not a civilian employee.

Request the case number of the missing persons report.

Ask that all data regarding the missing child be entered into the Law Information Network of Kentucky (LINK) computer, National Crime Information Center (NCIC) computer, and the Kentucky Missing Child Information Center.

Wait 24-hours and then check with the police to determine that the information has been entered. Ask to see the printout if available.

If the information has not been entered into the LINK and NCIC computers then contact the Kentucky Missing Child Information Center and sign an affidavit that the local agency is in non-compliance with the law.

Request that you be kept informed on a regular basis of the status of the investigation.

Obtain dental and medical records, including x-rays. Furnish them to the police and request they be entered into the computer system.

If the child returns, immediately contact the police agency.

Request professional help to determine if the child was the victim of abuse or assault while missing. Law enforcement, medical and/or psychiatric professionals should be consulted.

POLICE RESPONSE TO A MISSING CHILD REPORT

Immediately contact the reporting party and fill out a "Kentucky Missing Persons Report" form and have the reporting party sign it.

Immediately enter the child into LINK/NCIC computers after the report form is completed.

Question persons in the area where the child was last seen as well as persons at the proposed destination.

Notify all law enforcement agencies having concurrent jurisdiction as soon as possible but no later than 24-hours after the report.

If a child has been missing for more than 24-hours, mail a copy of the Missing Persons Report form to the Kentucky Missing Child Information Center.

Enter dental records into LINK/NCIC computer and also send a copy of all the records to the Missing Child Information Center.

If parental abduction, contact the Federal Parent Locator Service through your local Commonwealth Attorney or County Attorney's Office.

If the child has been taken out of state, ask for a federal unlawful flight warrant from local prosecutor and contact the F.B.I.

Check with the reporting parent or guardian regularly for additional information.

Contact the Kentucky Missing Child Information Center at any time for assistance.

Request the Missing Child Information Center distribute flyers.

When the child is located, immediately cancel the entry from LINK/NCIC.

Contact the child to determine if he/she has returned and if any future police action may be warranted. Direct contact with the child may determine whether the child may have been the victim of physical or sexual abuse during the time he/she was missing.

**PERSONS REPORTED MISSING AND LOCATED
1981 through 1985**

The number of persons (adult and juvenile) reported missing and located since 1982 have steadily increased. Missing reports have increased by more than six times the number entered in 1981. Located reports (cancellations) have increased by more than seven times. These increases reflect an improved reporting and cancellation system as well as public awareness and citizen-police cooperation.

YEAR	MISSING	PERCENT (+/-)
1983	1641	
1984	3206	+95.4%

YEAR	LOCATED	PERCENT (+/-)
1983	1606	
1984	2638	+64.3%
1985	5144	+95.9%

As depicted in the above charts which compare the total number of juveniles reported missing and located, 1983 vs. 1984 vs. 1985, Kentucky has witnessed dramatic increases in both the number of juveniles reported missing as well as located. These increases can be attributed to the enactment of statutes applicable to missing children (KRS 17.450) and ff.), increased public awareness of the problem, more accurate reporting and more thorough investigation on the part of law enforcement agencies, and the establishment of Kentucky's Missing Child Information Center to monitor and evaluate reports and cancellations.

**COMPARISON: ADULTS REPORTED MISSING AND LOCATED
1983, 1984, 1985**

YEAR	MISSING	PERCENT (+/-)
1983	132	
1984	422	+319.7%
1985	475	+12.6%

YEAR	LOCATED	PERCENT (+/-)
1983	78	
1984	305	+391.0%
1985	512	+67.9%

As depicted in the above charts which compare the total number of adults reported missing and located, 1983 vs. 1984 vs. 1985, Kentucky has also experienced dramatic increases in the number of adults reported missing and located, particularly during 1984. This increase is attributable primarily to more accurate reporting and more thorough investigation on the part of all law enforcement agencies in Kentucky.

SITUATIONAL ENTRY CODES, CRITERIA, AND CONFIGURATION OF DATA

Circumstances and criteria for entry codes

Five criteria for entering missing persons into the computer are used to determine the circumstances surrounding their disappearance. The criteria and code designators are:

- EMD:** A person of any age who is missing and under proven physical/mental disability or senility - thereby subjecting himself and/or others to possible personal and immediate danger.
- EMI:** A person of any age who is missing under circumstances indicating the disappearance was not voluntary.
- EME:** A person of any age who is in the company of another person under circumstances indicating that his own physical safety is in danger.
- EMJ:** A person who is declared unemancipated as defined by the laws of his state (juvenile) and does not meet any of the entry criteria set forth above.
- EMV:** A person who is missing after a disaster in which the individual might have been a victim.

Configuration of data

Persons missing or located can be grouped according to the circumstances (code) within the following configurations: day of week; sex; geographic reporting area, juvenile, adult.

An abbreviated definition of each code is footnoted on the bottom of each page for the benefit of the reader who is unfamiliar with the entry code.

STATEWIDE TOTALS—1985

98.7% of the juveniles reported missing during 1985 were reported to be missing by virtue of the EMJ category; that is, circumstances which preclude mental disability, or other circumstances involving potential danger or harm to the missing person or to another.

While data for male and female adults are also presented below within each of the entry code classifications, it should be carefully noted that the coding limitations established by the National Crime Information Center (NCIC) do not permit the entry of an adult into a category which would account for circumstances which are voluntary and/or unrelated to a mental disability.

STATEWIDE SUMMARY

MISSING JUVENILES, BY SEX, AGE AND CODE

Analysis of the chart below indicates that all juveniles in the EMD category (physical/mental disability and possible danger) were older juveniles between the ages of fourteen and seventeen. In EME circumstances (missing in the company of another person with physical safety in danger), 27% were between the ages of four and eight, with the remaining 73% between thirteen and seventeen years of age. 59% of the juveniles reported missing under EMI circumstances (not voluntary) were between one and six years of age. In the EMJ category (not meeting any of the other criteria), 15% of those juveniles reported missing were eleven and twelve year olds, 5% were ten years old or younger, and 85% were teenagers (thirteen to seventeen years of age).

STATUTORY REQUIREMENTS

KRS 17.450 Kentucky Missing Child Information Center.

(1) The justice cabinet shall establish within the cabinet a "Kentucky Missing Child Information Center", which shall serve as a central repository of and clearinghouse for information about Kentucky children believed to be missing and children from other states believed to be missing in Kentucky.

(2) The cabinet shall provide the Missing Child Information Center with computer equipment and a computer program which shall list and be capable of immediately retrieving the name and complete description of any missing Kentucky child referred to in subsection (1) of this section.

(3) The cabinet shall design the computer program so as to accept and generate complete information on a missing child, which information shall be retrievable by the child's name and date of birth, social security number, fingerprint classification, any number of physical descriptions, including hair and eye color and body marks, and known associates and locations.

(4) Only law enforcement agencies shall be authorized to order missing child information entered into or retrieved from the missing child information center computer, except that a parent or guardian may order from the state police information on his or her child to be entered or retrieved when another law enforcement agency has refused to enter or retrieve such missing child information.

(5) The cabinet, through the Kentucky Missing Child Information Center, shall regularly issue flyers containing physical and situational descriptions of missing children when requested by a law enforcement agency or when determined by the cabinet.

(6) For purposes of this section, child shall mean any person under eighteen (18) years of age or any person certified or known to be mentally incompetent or disabled.

(7) A complete written report shall be issued annually by the cabinet, which report shall include statistical information on the numbers of missing children entered on the computer and located and recommendations for more accurate and timely reports and better usage of the computer.

(8) The cabinet may issue regulations in conformance with this section which provide for the orderly receipt of missing child information and requests for retrieval of missing child information.

(9) The Kentucky state police and each city, county, and urban county police department and each sheriff's office shall fingerprint children without charge on forms provided by the cabinet. The completed fingerprint forms shall be delivered to the child's parent or guardian and no copy of the fingerprint form shall be retained by the police department or sheriff's office.

KRS 17.460 Procedure by law enforcement agency upon receipt of report of missing child.

(1) Upon notification by a parent or guardian that a child is missing, the law enforcement agency receiving notification shall immediately complete a missing person's report in a form prescribed by the justice cabinet and which shall include such information as the cabinet deems necessary for the identification of the missing child, including the child's physical description, last known location and known associates.

(2) Within twenty-four (24) hours after completion of the missing person's report form, the law enforcement agency shall transmit the report for inclusion within the Kentucky Missing Child Information Center computer and shall cause the report to be entered into the national crime information center computer.

(3) Within twenty-four (24) hours thereafter, the law enforcement agency shall investigate the report, shall inform all appropriate law enforcement officers of the existence of the missing child report, and shall communicate the report to every other law enforcement agency having jurisdiction in the area.

(4) Within twenty-four (24) hours after a missing child is located and returned to his parent, guardian or to the state, if a ward of the state, the law enforcement agency which found or returned the missing child shall notify both the Missing Child Information Center and the National Crime Information Center of that fact.

KRS 17.460 mandates that the law enforcement agencies receiving notification of a missing child shall report information relating to that missing person to the Missing Child Information Center in a timely nature. This regulation establishes procedures and time frames associated with the reporting of a missing child.

Section 1. As defined in 502 KAR 35:010(3), a Kentucky Missing Persons Report Form shall be initiated and completed immediately by a law enforcement agency upon receiving notification from a parent or guardian that a child is missing. If possible, a current photograph and a Child-I-Dent form will be obtained from the parent, guardian, or, if approved by the parent or guardian, from the school of the missing child. The Kentucky Missing Persons Report Form shall either be completed by the responsible law enforcement agency or completed to the fullest extent possible with the information available and in all cases will be forwarded to the Missing Child Information Center no later than 24 hours after notification by parent or guardian. In the event that the missing child is located prior to forwarding the report form, it is not necessary to forward that report form to the Missing Child Information Center.

Section 2. The law enforcement agency receiving the initial report of a missing child shall immediately enter into the Law Information Network of Kentucky and the National Crime Information Center computer criterion information related to the missing child.

Section 3. In the event that the reporting agency does not have direct terminal access to NCIC or is not participating in the regional LINK/NCIC Network, it shall be the responsibility of the reporting agency to enter criterion information through the nearest Kentucky State Police Post. It shall not be the responsibility of said Post to assure the ongoing investigation of the missing child incident, that responsibility shall remain with the submitting agency.

Section 4. As soon as possible, but no later than 24 hours after the entry of Missing Child Information, the investigating law enforcement agency shall notify law enforcement agencies having concurrent jurisdiction via electronic or telecommunicative means. Receiving agencies shall promptly notify agency duty personnel of all information relating to a missing child incident.

Section 5. The Kentucky Missing Child Information Center shall issue flyers containing physical and situational descriptions of missing children when requested by a law enforcement agency or when determined by the Kentucky Missing Child Information Center. Minimum information required before a flyer may be issued from the Kentucky Missing Child Information Center, shall be: agency, case number, ORI, date missing, name, address, sex, race, date of birth, height, weight, hair color, the most recent photograph providing an adequate likeness, signature of parent or guardian, officer submitting report and agency authorization. It shall be the responsibility of the investigating agency to request that a flyer be issued and to submit to the Kentucky Missing Child Information Center all information needed. Flyers will be provided to all Kentucky law enforcement agencies as defined in 502 KAR 35:010(4) in addition to law enforcement agencies in geographical areas where there is reason to believe the missing child is proceeding to or in the process of being taken to.

Section 6. Cancellation of Missing Child Report. It shall be the responsibility of the law enforcement agency that found or returned the missing child to append the existing LINK/NCIC message by placing a locator message on the entry. It shall be the responsibility of the reporting agency upon notification and verification that the child has been found, to cancel missing child entries in LINK/NCIC. The Kentucky Missing Child Information Center may require information related to the finding or recovery of the missing child to better provide statistical information on missing children.
