SENTENCING STATISTICS FOR HIGHER CRIMINAL COURTS (1988)**EXPLANATORY NOTES:**

1. Table 1 "Statistical Measures of Penalties", relates to the sentence for every offence for which there is a penalty.
2. The preferred measure in Table 1 is the median. The median has half the values on each side of it (when the number of observations is an even number the midpoint of the two middle values is selected). The average (arithmetic mean) is subject to distortion due to extreme and unusual values. The mode gives the size of the most common penalty. The 25th and 75th percentiles (percentage), read in conjunction with the median, indicate the size of the spread or variation, as each includes a quarter of the observations. The maximum and minimum values are self explanatory. The total number of observations (counts) is included as those with a small number of observations lack the reliability of those with more.-
3. In Table 1 only the major penalty for each offence is shown. However, in Tables 3 and 4 ancillary penalties are also given, but are not quantified.
4. The Index to Table 1, as well as giving the page number for each type of offence, also gives the code number. This code number remains the same in each of the tables and can therefore be utilised to locate any particular offence in each of the Tables.
5. The following offence grouping is followed:

Offence Grouping	Code Group
Homicide and related offences.	1
Wounding, assaults, etc.	2
Sexual offences	3
Robbery and allied offences for gain	4
Theft, burglary, etc.	5
Deception.	6
Property damage.	7
Other offences.	8
Summary offences	9

6. Table 2 "Disposition of Offences" is the only table which shows the disposition of every count appearing on the Presentments filed. When examining convictions in this table one should remember that pleas of guilty are shown separately. The meaning of the abbreviations used is as follows.
 - . "Acq/Dir" means acquitted by direction of the trial Judge.
 - . "Plead G" means plea of guilty.

"Nolle" means Nolle Prosequi (No Bill) which is a stay of criminal proceedings. The stay is usually permanent but a nolle prosequi is no bar to further criminal proceedings.

"Insanity" means acquitted on grounds of insanity and detained in custody at the Governor's pleasure. That is, the person is detained until released upon order of the Governor-in-Council (normally acting on the recommendation of the Parole Board that the person's release will no longer be prejudicial to community interests).

"No Ev Led" means no evidence was led by the Director of Public Prosecutions.

7. Table 3, "Penalties Imposed for Each Offence", simply presents the information given in Table 1 aggregated into a different format. It does, however, provide additional information as to ancillary penalties. Note that the number given in brackets for the ancillary penalty is already included in the table above for that code.
8. Only Table 4 shows the number of persons convicted. Since a person can in practical terms only be shown under one offence, the principal offence, that is the one with the severest penalty according to the rules in paragraph 12, is shown.
9. The meaning of the abbreviations used in Tables 3 and 4 is as follows:
 - "Super" means supervision by a Community Corrections Officer.
 - "Fine" means monetary penalty.
 - "SUSP" means a sentence of imprisonment which has been suspended.
 - "UCW" means Community Based Order - Unpaid Community Work (Refer to Sections 28 and 29 of the Penalties and Sentences Act).
 - "ADTT" means Community Based Order - Assessment and treatment for alcohol or drug addiction or submit to medical, psychological or psychiatric assessment and treatment as directed by the Regional Manager.
 - "CBOM" means all Community Based Orders other than above.

10. a) Statistical measures for "Suspended Sentences" in Table 1 relate only to the original term of imprisonment imposed and do not show the period for which the sentence of imprisonment was suspended. (These terms of imprisonment are not repeated under the category "Imprisonment" for the same offence).
- b) The original term of imprisonment imposed is used as the denominator in Tables 6 and 7 to derive the "Portion of Original Term Suspended".
- c) The expression "Operational Period" in Table 7 refers to the length of time for which the sentence of imprisonment is suspended. The actual definition is to be found in section 21(3) of the Penalties and Sentences Act 1985 (No. 10260).
- d) Suspended sentences of imprisonment are only shown under the column headed "SUSP" in Tables 3 and 4. They do not also appear under "Years of Imprisonment (or YTC)". This applies whether or not the whole or part of the term of imprisonment was suspended.
- e) The percentage of offenders (Table 4) or offences (Table 3) given a custodial sentence excludes suspended sentences. That is, the numerator consists only of Imprisonment and YTC.
11. On the box and whiskers graph (Table 8) "M" means median and "A" means average (arithmetic mean). A missing left or right whisker on one of these graphs means there was a cluster of observations at this level of imprisonment.
12. The number of persons sentenced is found by selecting the principal offence under which to record that person. The rules used to select the principal offence are as follows:
- (a) Imprisonment a penalty
- (i) Where there are two or more offences with imprisonment, the count with the longest term imposed is selected as the principal offence.
- (ii) Where (i) above each count has the same term of imprisonment imposed then the principal offence is that with an ancillary penalty, e.g. imprisonment and licence cancellation.

- (iii) If all counts in (ii) above have ancillary penalties (including those where the ancillary penalty appears to apply equally to all counts) then the penalty is selected utilising the pre-determined hierarchy of penalties followed by the highest value (time first, money second).
- (iv) If all counts have the penalty of imprisonment and the principal offence is not selected by the above rules then the first mentioned conviction becomes the principal offence.

(b) Hierarchy for Penalties Other than Imprisonment

(Note: Youth Training Centres are treated as imprisonment).

2. Attendance Centre
3. Suspended Sentence
4. CBO - Unpaid Community Work
5. Community Service Order
6. CBO - Alcohol and Drug Test and Treatment
7. Alcoholic and Drug Dependant Persons Centre (A.D.D.P.)
8. Supervision by Community Corrections Officer
9. C.B.O. - Miscellaneous Conditions
10. Probation
11. Bond
12. Monetary Penalty (Fine)
13. Restitution/Compensation order
14. Other

The principal offence is that with the highest rating in the above list. The logic follows that for selecting the principal offence under imprisonment in (a) above.

13. Information in the tables has come from collated daily reports of the Director of Public Prosecutions Officers. A cross check was made with the Daily Lists for Melbourne and the Circuit Section Register cards to ensure that all reports were received. Usually no attempt is made to edit or check the description of the offence recorded by the Preparation Officer, but some cases were checked against the "Return of Convictions", (known as "Triplicates").
14. Details are not recorded until sentences have been passed on those persons convicted. No attempt has been made to reconcile the number of persons sentenced with the number of persons convicted, as shown in tables 3.9 and 5.3 "Persons Whose Case was a Receipt or a Disposal of a Criminal Matter in the Supreme or County Court Victoria", since different counting procedures are followed and separate sources of information are utilised.

15. The figure for Nolle Prosequi's will be an underestimate as only those cases which have a Case Completion Report for completed, that is those in which at least one event went to Court, are counted. Therefore, those cases in which all counts have a Nolle Prosequi (No Bill) are not reported in this system.
16. Details of sentences are not recorded if the case has been presented by the Commonwealth Director of Public Prosecutions.
17. The results of appeals and hearings of breaches of Bonds and Probation have not been taken into account.
18. The sentence given is the sentence for each count. No attempt is made to show whether terms of imprisonment are either cumulative or concurrent or to give the minimum term which the Court may have ordered to be served. [Apart from Table 5]
19. Where, for example, a bond of 12 months is given for a number of counts, the length of the bond is recorded against each count.
20. Persons found unfit to plead are not sentenced and are therefore excluded from relevant tables until such time as they are fit to stand trial.
21. The following section "Legislation Affecting Sentencing" summarizes the major statutory changes since 1980 which may have altered sentencing practices.
22. Coding of the sentences was done by Andrew Prince and Julie Delall. Key punching was performed by Peter Elliott and Teresa Jeffries.
23. Peter Elliott was the person responsible for developing the software needed to produce these statistics.
24. Inquiries concerning these statistics may be made by telephoning (03) 603 4330 and speaking to the Manager, Management Information Section, (Mr. W.U. Johnston). The office is situated on the 20th Floor of 200 Queen Street, Melbourne, Australia.

Other conditions may be attached to the C.B.O. including : that the offender perform unpaid community work, attend education programs or attend treatment for alcohol and drug addiction (S.29)).

- Courts may, subject to any specific provision relating to that offence, fine an offender in addition to or instead of any other punishment (S. 6).
