INTRODUCTION

This report has been developed to provide information regarding selected characteristics for offenders under the jurisdiction of the New Jersey Department of Corrections who are on parole. The data compiled in this report are based on information contained in the Department of Corrections computer files as of December 31, 1988. The selected characteristics compiled in this report are Base Offense at Admission, Race/Ethnicity, Age and County of Commitment.

In this edition, note that the District Offices have been divided into four regions, with the Northern Region representing Districts 1, 4 and 12 (Clifton, Jersey City and Paterson), the Metro Region representing Districts 2 and 9 and 13 (East Orange and Newark), the Central Region representing Districts 3, 5 and 11 (Red Bank, Elizabeth and New Brunswick) and the Southern Region representing Districts 6, 7, 8 and 10 (Trenton, Camden, Atlantic City and Vineland).

Out-of-State: The out-of-state designation represents offenders convicted in New Jersey but who are under active parole supervision out of state because of family ties or job location.

"NOT CODED" are records on offenders in the Correctional system in which admission characteristic data have not been entered into the computerized information system as of this date.

Total parole population includes Prison, Young Adult and Juvenile parolees. Also included in the total parole population are 853 female offenders.

The Bureau of Parole, in addition to supervising state parolees, is also responsible for the supervision of parolees who have served county sentences, usually of a year or less. These cases are not included in this report.

(-) represents figures that are less than .5%.
