Dear Member:

On Behalf of the Board of Directors, I am pleased to provide you with the 1991 ISCPP Membership Directory. We especially want to thank St. Clair Hospital in Pittsburgh, Pennsylvania for their sponsorship of this directory. Past President Jim Howell was instrumental in securing their support of the ISCPP.

This document represents an opportunity for networking within our organization, affording you the ability to communicate directly with other members of the ISCPP.

Please take a moment to verify your personal entry in the directory. Send any corrections to the office in writing, so that your information can be updated for future directories. This directory has not been printed for several years, so some of the information may need to be updated.

It is our sincere hope that this Directory meets your needs, and that it will help to increase our network of crime prevention practitioners. In past directories we have provided the Constitution and Bylaws within this directory. This year, we have decided to publish these documents at a later date, in order to reflect the perceived changes this fall. We are pleased to be able to provide you with this valuable membership service.

Sincerely,

William Hartung

A CALL TO ACTION:

CRIME PREVENTION THROUGHOUT THE WORLD

CRIME PREVENTION IS IMPORTANT TO THE QUALITY OF LIFE IN OUR COMMUNITIES, OUR STATES/PROVINCES AND OUR COUNTRIES

CRIME PREVENTION is the anticipation, recognition and the appraisal of a crime risk and the initiation of some action to remove or reduce it.

CRIME PREVENTION means working in partnership, rather than in isolation. Working with concerned citizens to address ways to prevent crime and drug abuse. It means communities and individual citizens learning how to protect themselves and working together to keep their neighborhoods crime and drug free. It means providing positive alternatives for youth and empowering them to have a stake in their schools and communities. It means law enforcement working with communities, businesses, and service organizations to develop action plans based on information about crime and other problems.

THE TEN BELIEFS OF CRIME PREVENTION

1. Crime prevention is everyone's business
2. Crime prevention is more than security
3. Crime prevention is a responsibility of all levels of government
4. Crime prevention is linked with solving social problems
5. Crime prevention is cost effective
6. Crime prevention requires a central position in law enforcement
7. Crime Prevention requires cooperation by all elements of the community
8. Crime prevention requires education
9. Crime prevention requires tailoring to local needs and conditions
10. *Crime prevention improves the quality of life for every community and its residents*

BENEFITS TO REDUCING CRIME INCLUDE:

- greater freedom and security for every person at home and in the community.
- increased respect by all for the rights of all;
- revived sense of personal civic responsibility as a natural and expected part of membership in the community.
- healthier more interdependent communities;
- increased individual and collective pride in self and community.
