April 1, 1992

TO: Thomas R. Hoover, City Manager

THROUGH: John Alexander, Director of Public Safety

FROM: Marti D. Felker, Chief of Police

SUBJECT: 1991 Annual Report of the Toledo Police Division

I am pleased to submit the Toledo Police Division annual report for the year 1991. This report provides a summary of the Division's activities, accomplishments and set backs during 1991.

The past year, in which the Division and the City experienced many problems, was still encouraging in many respects. There was an overall decrease, 1990 - 1991, of 0.3% in major crimes reported. Crimes Against Persons decreased by 1.6%; major decrease noted in Assaults with Weapons (-8.2%). Crimes Against Property decreased by 0.1%, with Burglaries down by 6.1%.

Calls For Service decreased by 6.7%; from 349,649 to 326,260.

The Division ended 1991 with a sworn strength of 664; down from an authorized strength of 775. Civilian personnel, year end 1991, was at forty-eight (48) from an authorized strength of fifty-eight (58).

Major accomplishments for the year 1991 included:

- * Activation of the 800MHz radio system;
- * Establishment of Public Information Officer;
- * Establishment of Officer Recognition Program;
- * Hepatitis "B" inoculation program;

- * City Emergency Response Plan;
- * Numerous Grant awards; and
- * Completed transition to 9mm service weapon.

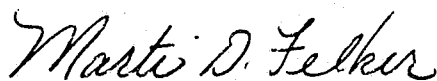

Set backs, within the Division, for 1991 included:

- * The aforementioned personnel shortages;
- * Reduction of Harbor Patrol from two boats to one;
- * Elimination of the Mounted Patrol;
- * Elimination of the Property Recovery Unit, Youth Gang Unit, and the afternoon and nights shifts in the Youth Services Section; and
- * Inability to add Detectives to the Investigative Services Bureau.

I look back on 1991 as one in which members of the Police Division, working under severe personnel shortages, continued to respond to the challenges of insuring the public safety within the City of Toledo.

I am proud of the job performed by members of this Division and of their dedication and competence.

Respectfully submitted,

Marti D. Felker
Chief of Police

MDF:ms

LAW ENFORCEMENT CODE OF ETHICS

As a law enforcement officer, my fundamental duty is to serve mankind; to safeguard lives and property; to protect the innocent against deception; the weak against oppression or intimidation, and the peaceful against violence or disorder; and to respect the constitutional rights of all persons to liberty, equality, and justice.

I will keep my private life unsullied as an example to all; maintain courageous calm in the face of danger, scorn or ridicule; develop self-restraint; and be constantly mindful of the welfare of others. Honest in thought and deed in both my personal and official life, I will be exemplary in obeying the laws of the land and regulations of my department. Whatever I see or hear of a confidential nature or that is confided to me in my official capacity will be kept ever secret unless revelation is necessary in the performance of my duty.

I will never act officiously or permit personal feelings, prejudices, animosities or friendship to influence my decisions, with no compromise for crime and with relentless prosecution of criminals. I will enforce the law courteously and appropriately without fear or favor, malice or ill will, never employing unnecessary force or violence and never accepting gratuities. I recognize the badge of my office as a symbol of public faith, and I accept it as a public trust to be held so long as I am true to the ethics of the Police Service. I will constantly strive to achieve these objectives and ideals, dedicating myself before God and my chosen profession:

- Law Enforcement.

TOLEDO CITY GOVERNMENT

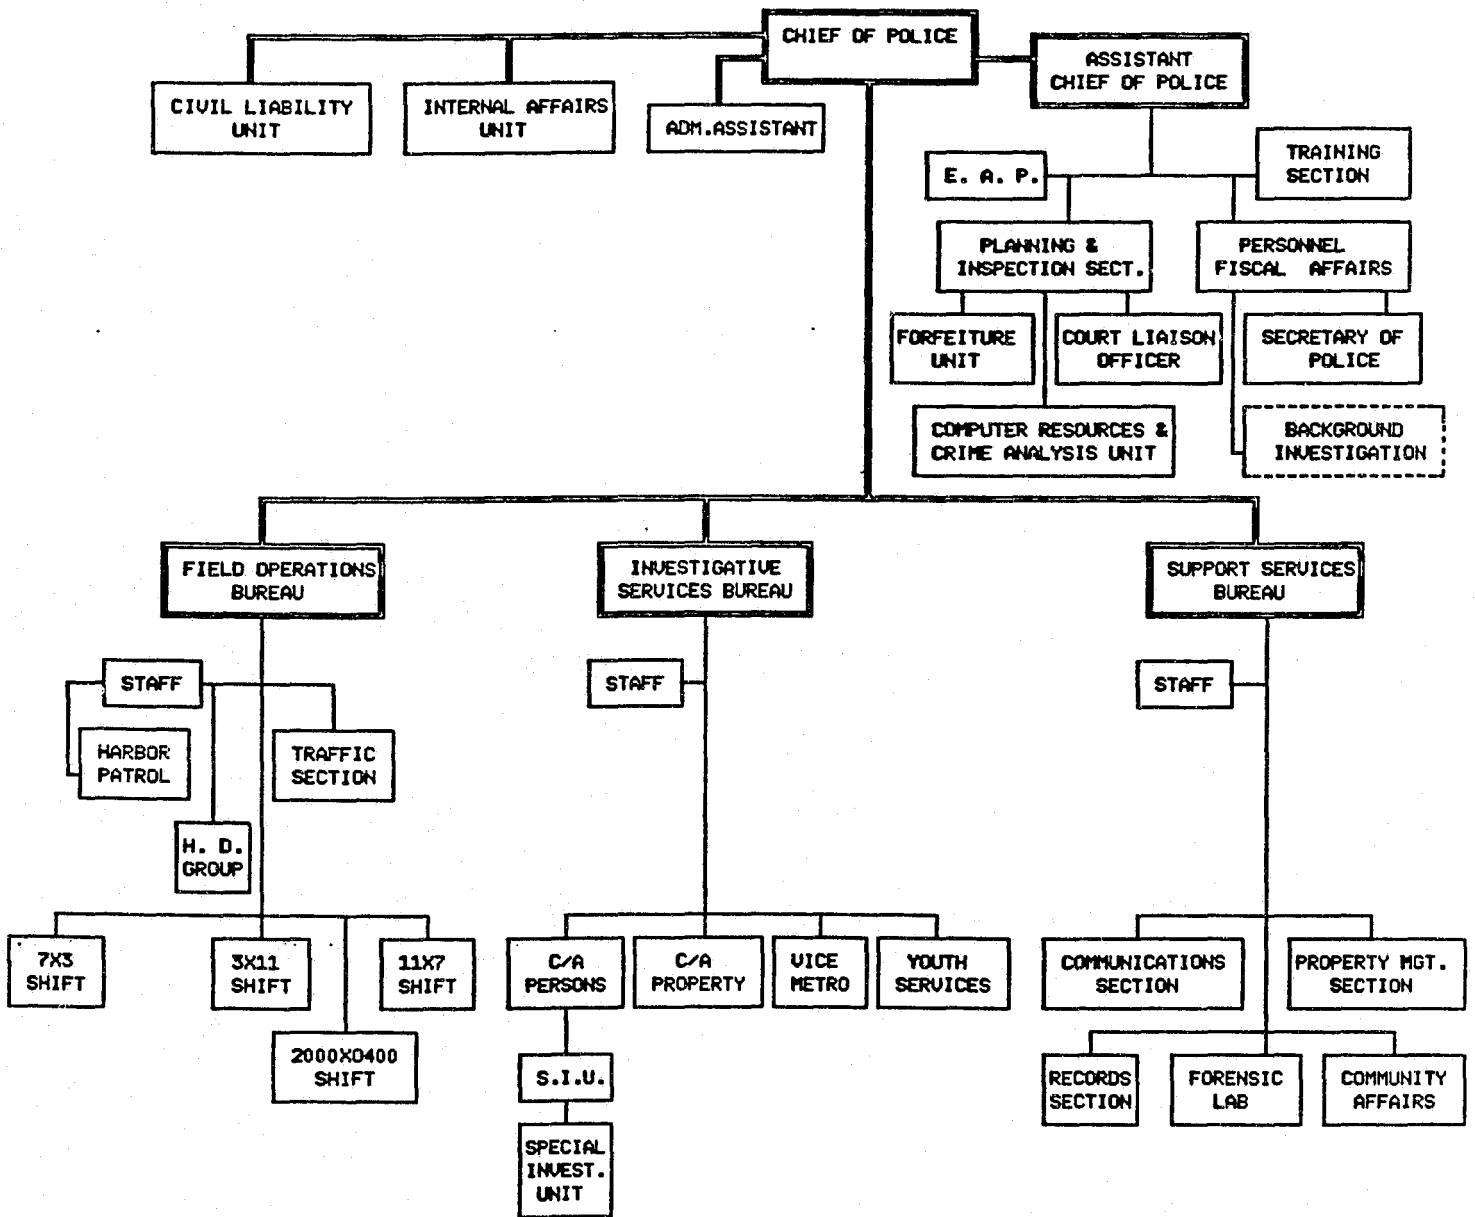

Toledo is the fourth largest city in Ohio and ranks 45th in the nation. Toledo, Ohio is the seat of Lucas County. Located on the western shore of Lake Erie, it is the major trading center for 14 counties in Northwestern Ohio and Southeastern Michigan. The 1990 census put Toledo's population at 339,900. It is 86 square miles. Known as the "*Glass Capitol of the World*," and the home of the famous "*Jeep*" vehicles, Toledo is one of the nation's most important distribution centers.

Toledo operates under a *Council-Manager* form of government. The nine member City Council is comprised of eight at-large members and the Mayor. All nine members are elected directly by voters. The City Manager is the administrative head of Toledo city government and discharges the directives of Council.

The Toledo Police Division functions under the administrative control of the Chief of Police. Organizationally, the Police Division is within the Department of Public Safety. The Department's chief executive officer is the Director of Public Safety. The Division motto is:

TO PROTECT AND SERVE

TOLEDO POLICE DIVISION
ORGANIZATIONAL CHART
 < DEC 1991 >

MISSION STATEMENT

The Toledo Police Division exists to serve every segment of the community by providing continuous protection and the highest possible level of professional service. As a constantly available representative of city government, the Division provides response to citizen requests for public services through courteous and appropriate action, advice or referral.

The Division safeguards constitutional guarantees by assuring that lawful and orderly activities may proceed without disruption from criminal elements or be curtailed by unlawful or repressive police action. All persons will be treated with fairness, dignity and respect.

The Division recognizes that citizen involvement in government is an indispensable ingredient of a free society, and that community interest and input are essential to effective law enforcement. The Division seeks the support and cooperation of the public by developing a mutual understanding of the appropriate scope, purpose and role of law enforcement in Toledo. The Division actively cooperates with citizens, organizations and units of government in addressing criminal and other problems of community interest.

The Division is flexible and innovative in attempts to find improved methods of serving the public and alleviating the problems of the community. When the need and value become apparent, it will not hesitate to try new roles, programs or procedures for fear of failure.

Through prudent and responsible expenditure of allotted funds, the Division strives to provide the necessary training, equipment and administrative support to allow its officers and employees to deliver the highest degree of professional police service possible.

By constantly monitoring the quality of its services, the Division recognizes outstanding performance by its members and takes proper steps to correct and eliminate substandard or otherwise inappropriate performance.

DIVISION GOALS

The goals of the Toledo Police Division are:

- To deter crime and create a sense of public well being and security through constant visible presence and availability.
- To reduce the opportunity for, and instances of, criminal activity and public nuisance through the consistent proactive and reactive enforcement of laws and ordinances.
- To apprehend and assist in the prosecution of law violators through investigation, intelligence gathering and the collection, preservation and presentation of evidence.
- To safeguard, identify and return to its rightful owner, whenever possible, property coming into possession of the Division.
- To facilitate the safe, expeditious flow of vehicular and pedestrian traffic through public education, enforcement of traffic laws, accident investigation and traffic control.
- To abate potentially violent confrontations and preserve individual rights through tactful mediation, informed advice, and preventive presence, whenever possible, and through enforcement of laws when necessary.
- To aid persons in need of assistance through the use of Division resources or through knowledgeable referral to other suitable agencies, as is appropriate.
- To respond to changes in community needs, legislative and judicial mandates, criminal trends and technological advances through research, planning and implementation of new and innovative policies, practices and procedures.
- To achieve and maintain a high degree of police - community interaction, respect and cooperation through education, dialogue, information sharing and responsiveness.
- To maintain a superior level of organizational and individual performance through the hiring of qualified persons, training and ongoing management and supervisory control and review of police activities.
- To provide for the safety and well being of its employees through appropriate training, equipment and supply acquisition, and administrative and technical support.

HISTORY OF THE TOLEDO POLICE DIVISION

1836

The City of Toledo was incorporated by an act of the State Legislature.

1837

The first City Charter was adopted. Calvin Comstock was appointed as the first City Marshall. Prior to that, justice was administered by the Justice of the Peace and his constables.

1840-1850

The population of the City rose from 1,220 to 3,827.

1852

A volunteer police force was authorized by the City Council with the same police powers as the City Marshall.

1853

By Council Resolution, the "night watch" was initiated with a watchman for each of the four wards to patrol only during the night. The mayor had the right to appoint and regulate as he deemed necessary, with the advice of Council. The City Marshall was designated as the Captain of the Night Watch.

1865

The City Marshall was made a part of the Police Board. City Council Resolution stated, "If the Police Board shall deem it necessary at anytime, they may detail one or more of the police of the city to serve as Day Patrolman." This was the first time authorization had been given for a daytime police officer.

1867

Because of the increase in population (20,000), Toledo advanced to a City of the First Class in grade, and was invested with a local municipal government, including a Metropolitan Police Force. The Clerk of Council was instructed to begin paying salaries to police officers. Previously, any pay which the police had collected was through private contributions. Needless to say, those who contributed the most were accustomed to receiving the most protection. Thus, the City Marshall and the volunteer police force was deposed. Three Police Commissioners were selected. Henry Breed was named Captain (*Chief*) of Police, and thirteen policemen were hired, as well as a Sergeant and Turnkey. Each patrolman was paid \$720 annually. The total annual budget was \$21,980, which included equipment maintenance, all salaries, and the upkeep of the prisoners in the City Jail. Patrolmen were assigned to work fourteen hours on the Day Shift, and ten hours on the night shift, seven days a week.

The first Detective, Elijah Hanks, was officially appointed. The Chain Gang was abolished in Toledo, and the first In-Service Training was offered. The training, which involved the reading of the Department Rules and Regulations, was conducted at least once a week by the Captain.

1869

Henry Nellis, who was found sleeping on duty, became the first officer to be fired from the Toledo Police Force.

1871

Two *Sanitary Police* were appointed. Their duties consisted on fumigating homes where needed, and enforcing quarantines.

1874

By City Ordinance, the title of *Superintendent of Police* was changed to *Chief of Police*. The work hours for the officers was shortened to approximately 12 hours for the day shift, and 10 hours for the night shift. The rank of *Roundsman* was established with the duty of going to each District Beat and making sure that the assigned beatman was there, and to collect any information the beatman may have. This was the only means of communication between headquarters and the street officer.

1879

The limited use of photographs was initiated for criminal identifications.

1880

The First Metropolitan Board was instituted, with the local board members selected by the Governor. Subsequently, the members were elected by the public for four year terms.

The rank of *Detective* was permanently established by the Board of Police Commissioners. The City allowed for the appointment of a maximum of ten officers to the rank of Detective. William Scott became the first Chief of Police under the Metropolitan System.

1882

The City adopted the *Bertillion System* of measurements, as well as the *Scar and Mark System* for criminal identification. The Bertillion System involved the measuring of almost every part of the body, including the circumference of the head, the total span of the arms, etc. The Scar and Mark System involved the detailed listing of any scar or mark on a prisoner's body.

1883

The first patrol wagon (*horse and buggy*) was purchased to be used for the transportation of prisoners. Previously, all prisoners had to be walked to the station for booking, which often became a problem dealing with highly intoxicated persons. One industrious officer solved this problem by borrowing a wheelbarrow for these situations.

1890

The City began to install over 100 alarm boxes in various neighborhoods through which the beat officers could be summoned.

1898

A police substation was opened at 612 Lagrange Street. Headquarters remained located at 20 North Superior Street.

1899

The City's population increased to 115,674, necessitating the assignment of an officer to traffic duty at the Summit and Cherry Streets intersection.

1900

Toledo now encompassed 28 square miles and employed 100 patrolmen, 11 command officers, and three Detectives. The City had two prisoner wagons; one at each station.

1903

With the increased use of photographs, the Police Department established a *Rogues Gallery*, and began to do away with the Bertillion System of Identification.

1905

The use of fingerprinting was adopted for identification purposes.

1907

The City purchased its first motorcycles for use by officers. At first, they were used only for emergency reasons. Reports indicated that two detectives, assigned to nights, were dispatched to the scene of a burglary-in-progress on their motorcycles. After apprehending the burglars, they did not wish to waste time waiting for the horse and buggy wagon, so they drove the prisoners back to the station on the handlebars of the motorcycles, at speeds up to 50mph.

1908

The Toledo Police Department adopted a mounted horse unit. Each officer assigned to the Mounted Unit was required to care for his horse, which included feeding, cleaning, and grooming. The Mounted Unit remained operational until 1928.

1911

The Police Department added a full Motorcycle Squad, consisting of 20 officers.

1919

The position of *Turnkey* was filled with a sworn police officer, rather than a civilian. The first Police Woman was assigned with the duty of watching dance halls and other places of public amusement, as well as handling certain cases involving women. The remainder of her time was spent on patrol.

1924

The Toledo Police Pistol Range was dedicated. The range was built by members of the Department and was reported to be one of the finest ranges in the Country, if not the World. It was estimated at the time to have been worth \$100,000 however, the total construction cost was a mere \$5.60. Most of the materials were donated, and the labor was performed by the officers themselves.

1925

The Police Department moved from the 80 year old structure on Superior Street to the newly built, *Safety Building* at 525 North Erie Street, where the Division is currently housed.

1926

The *Women's Bureau* was formed to handle cases of missing girls and women, and any other cases involving females. Sergeant Margaret Slater headed the Unit for 29 years. Harold Towe, a professor at the University of Toledo, wrote in his history of the police department, "*It must be said that the Women's Bureau has, from its inception, been an honest to goodness police unit, making its own investigations, check-ups, and arrests. They have been Police Officers, not social workers.*"

Harry Jennings, Chief of Police, instituted the concept of probation in the courts by establishing the *Reclaiming and Probation Division* within the Police Department. Police Officers assigned to the Division, first interviewed offenders prior to their court appearance, after which a recommendation was made to the Court. If the offender was released, the officer worked closely with him for approximately six months.

1928

The memorial monument for police officers killed in the line of duty was dedicated. It was said to be the only memorial in the Country conceived and built by police officers, and was regarded as a fine work of art and architecture.

1930

The Department inaugurated radio communications with the installation of two way radios in all police vehicles. It began broadcasting on station *WRDQ*.

1932

The first police school was instituted with private, qualified citizens donating their time and expertise. The first class lasted eight weeks. The Identification Bureau, which previously was operational only during the day shift, began remaining open during evening hours.

1934

With the establishment of a school for traffic violators, whose instructors were police officers, a judge now had the options of ordering traffic violators to attend the school to improve their basic driving skills.

1937

The *Crime Laboratory* was established. Limited scientific and chemical analyses were previously conducted at the University of Toledo.

With the establishment of the *Juvenile Bureau*, the Division began expanding its responsibilities into the realm of prevention, which was consistent with the changing concept of law enforcement.

An *Accident Investigation Squad* was also established in this year. There were 900 automobile accidents in the City during 1937.

1938

The *Toledo Police Academy* was initiated and graduated its first class.

1940

Nine policemen began flight training to become *Policemen of the Air*, as soon as the Department received its first airplane.

1948

McCarthy Stadium in Highland Park was dedicated to Lt. John McCarthy, who was killed in the line of duty on January 7, 1947. His name, along with the 21 officers who predeceased him, were commemorated on a plaque at the Stadium.

1949

Radar was adopted by the Department for use in traffic enforcement.

1952

A Police Library was begun, under the guidance of Inspector Roth of the Police Academy.

A *Harbor Patrol Unit* became operational on a part time basis, with a borrowed boat.

1953

Due to a high injury rate, the two-wheel Motorcycle Squad was abolished.

1955

The City was given a retired U.S. Coast Guard boat to enforce the water law in the Toledo area. This was the beginning of a full-time Harbor Patrol.

1958

The police work week was reduced from 48 to 44 hours, which remained in effect until 1960, when it was reduced to a 40 hour work week.

1960

The uniform was modified by adding shoulder patches and changing from the traditional eight point, blue hat to a white trimmed hat.

1963

Due to major annexation in the metropolitan area, police patrol responsibility increased to 76.8 square miles, and the population increased to over 370,000 residents. In less than two years, the City had grown over 19 square miles. The police budget was \$3.3 million.

1964

Patrol districts were reorganized from 17 basic beats to 20. In addition, the Police Division initiated an 8:00pm - 4:00am *Selective Enforcement* shift to supplement district patrol units.

The *Police Auto Pound* discontinued operations, and a private garage was authorized to take over the storage of vehicles in police custody.

1966

The Division began using portable *Waikie-Talkie* radios, with a great deal of success.

1970

Officer William Miscannon was fatally shot at the corner of Junction and Dorr Streets on September 18.

1973

The first female was graduated from the Toledo Police Academy with the rank of *Patrolman*. The Division adopted the *One-Man Patrol Unit* concept.

1974

Air-conditioning was placed into marked police vehicle for the first time.

1976

The *Scott Park District Station* was opened, thus becoming the first substation since 1925.

1977

The Division closed the men's and women's jail facilities in the Safety Building, and began booking prisoners at the newly built, Lucas County Corrections Center. This ended a 140 year era, which began in 1837, of the Police Division housing its own prisoners.

1980

All Field Operations and Investigative functions were removed from the Scott Park District Station, thereby returning the Division to a centralization of line operations. The Scott Park facility began housing the Community Relations and Crime Prevention Sections.

1982

Due to severe fiscal problems facing the City, nearly all civilian police employees were laid off. Many returned to their jobs later in the year after the passage of a payroll income tax.

1984

Due to increased resources resulting from economic growth and increased municipal tax revenues, the Division restored all services to the public. Manpower was brought up to its authorized strength of 725; the first time since 1978. The Police Academy graduated the largest class in its history -- 121.

Beat patrol officers returned to the revitalized downtown area; particularly Portside, the downtown marketplace.

1985

City Council approved an increase in the Division's authorized strength of 25 officers, thereby raising the strength to 750; the highest strength since 1977, when it was reduced to 725. The Division's records keeping responsibility was computerized. Redistricting took place, doing away with the basic 22 districts and replacing them with a flexibeat system, consisting of 7 primary sectors with numerous beats within each. The traditional 2 or 3 digit call numbers were replaced with a number-letter combination, such as 3-D-14.

Chief John Mason authorized the implementation of a Mounted Patrol Unit in March 1986. Two Sergeants and nine Patrol Officers were selected to undergo training at the Detroit Mounted Police Stables.

1986

The *Mounted Patrol Unit* began operation on March 3, 1986, and instantly became a success with the public. The officers in the unit are the first horse-back officers in Toledo since 1928.

1987

On August 26th, Marti D. Felker was appointed Chief of Police, succeeding John Mason, who retired in June.

1988

In January, the *Forfeiture Unit*, whose primary responsibility is to institute civil forfeiture proceedings against individuals who use or derive personal assets during the course of criminal conduct, became fully operational.

The Mounted Patrol Unit established its stable facility in the building at 1820 N. 12th; site of the former Sealtest Dairy garage.

On January 18th the Division returned to the blue hat as part of the official uniform.

1989

On March 21st City Council raised the Division's authorized strength from 750 to 775.

In October, the Division began the first phase of its transition from the traditionally issued 38 caliber revolver to the 9mm automatic pistol. Vice-Metro and Directed Patrol Officers were the first to receive the week long training in the use of the weapon. Complete transition to the 9mm pistol is expected to occur by February 1991.

1990

The Division's completely automated, indoor range was dedicated on September 26, 1990.

The forty-fourth academy class was sworn in on December 14, 1990.

1991

After five and a half years of operation, the Division's Mounted Patrol Unit was disbanded as part of several cost cutting measures. The Division also cut the Harbor Patrol Unit down to one boat.

The Division's remodeled Communications Center at 550 N. Erie Street was opened in conjunction with a new 800 MHz radio system. The new system, Call Letters **WNCE-682**, was designed to interface with the E-9-1-1 Computer Aided Dispatch system.

Officer Recognition Program

The Toledo Police Division, in order to recognize sworn personnel who demonstrate a high degree of professional service in the performance of their duties, established, in April 1991, a **Division Command Officer and Patrol Officer Recognition Program**.

A review board, comprised of command officers and patrol officers, representing the interests of the Division, recognizes a command officer and a patrol officer monthly, and a command/patrol officer annually.

Recipients for the period May 1991 - December 1991 were:

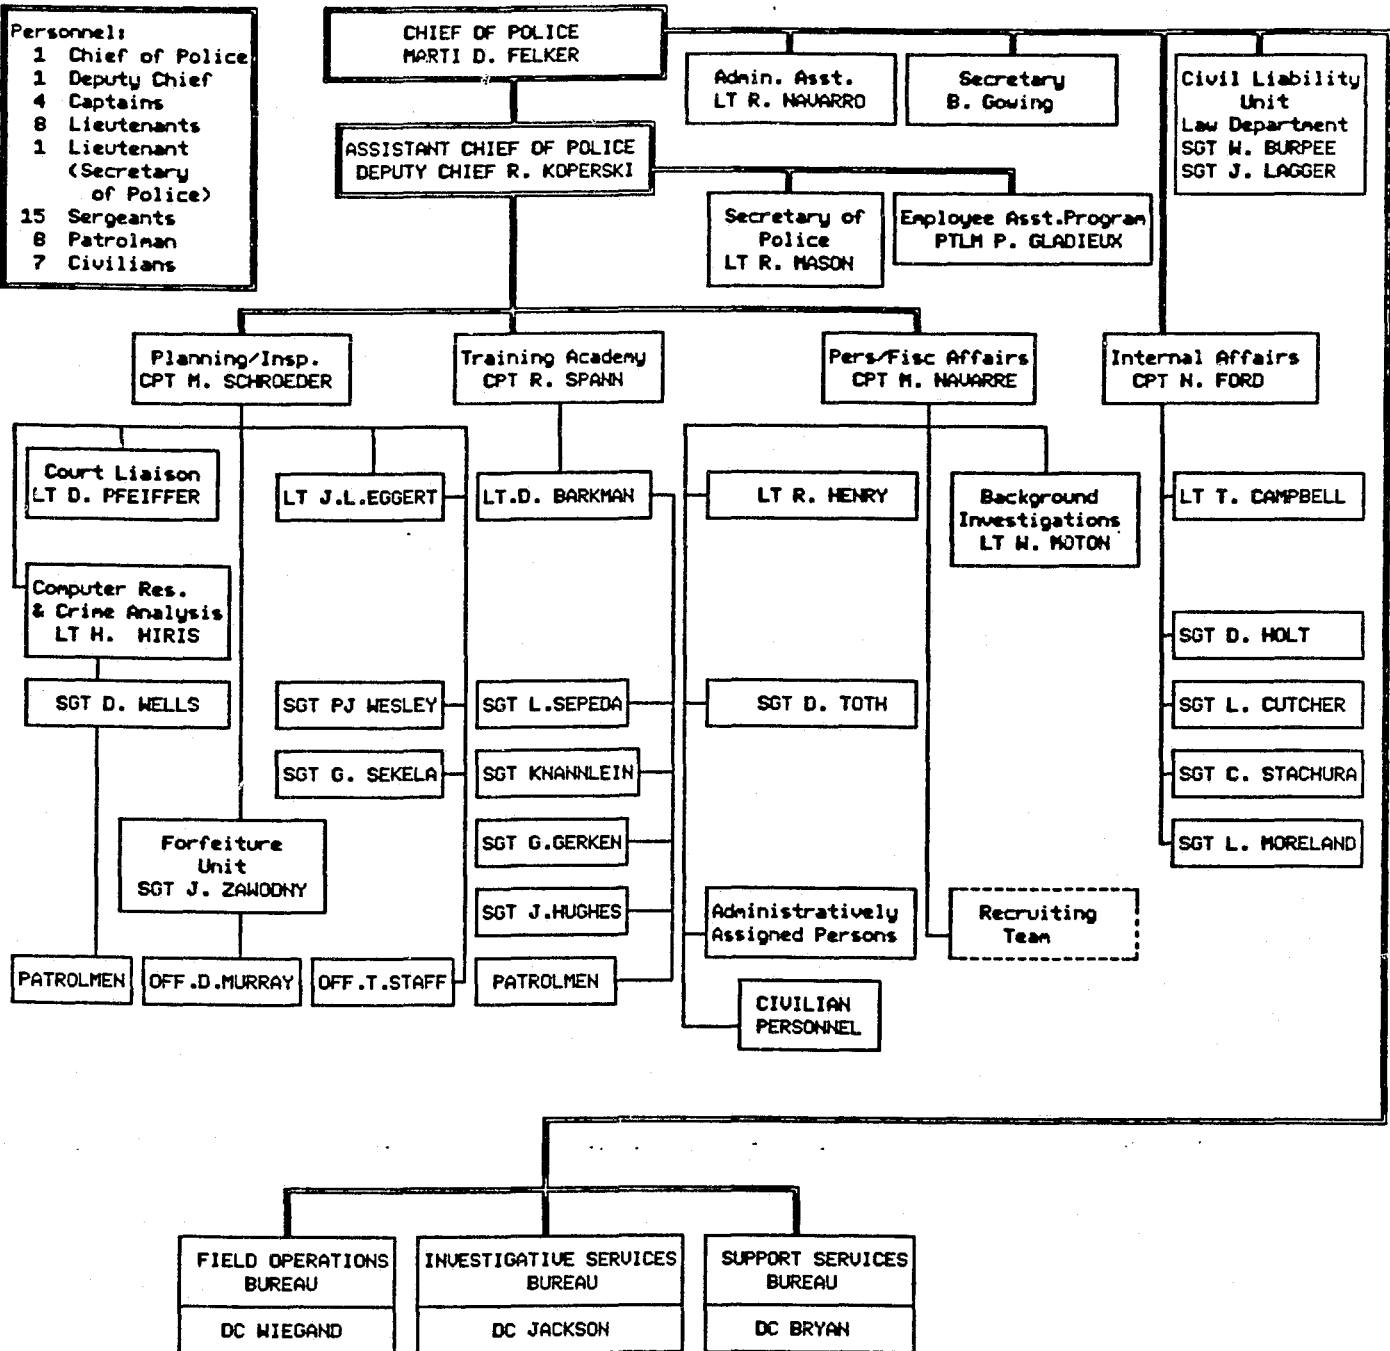

Detective David Mullin, Crimes Against Property	May 1991	Sergeant Michael Borowske, Field Operations, Day Shift
Officer Victor Guardiola, Field Operations, Midnight Shift	June 1991	Lieutenant Warren Phillips, Field Operations, Directed Patrol
Detective John Wirth, Crimes Against Persons	July 1991	Lieutenant Shirley Green, Youth Services Section
Officer Robert Marzec, Field Operations, 2000X0400 Shift	August 1991	Captain Michael D. Murphy, Community Affairs Section
Officer Frederick Janiszewski, Communications Section	September 1991	Lieutenant Jackie Lee Smith, Field Operations, Afternoon Shift
Officer Gary McKinley, Field Operations, Day Shift	October 1991	Lieutenant Timothy Borkowski, Field Operations, Day Shift
Detective Thomas Dumas, Crimes Against Property	November 1991	Lieutenant Louis Borucki, Traffic Section
Detective Donald Murray, Forfeiture Unit	December 1991	Lieutenant Thomas Wiegand, Field Operations, Afternoon Shift

1991

ADMINISTRATION
(As of: DEC 1991)

- Personnel:**
- 1 Chief of Police
 - 1 Deputy Chief
 - 4 Captains
 - 8 Lieutenants
 - 1 Lieutenant (Secretary of Police)
 - 15 Sergeants
 - 8 Patrolman
 - 7 Civilians

POLICE ADMINISTRATION

The Police Administration consists of Sections considered part of the Chief's staff. The Sections act as direct support to the Police Chief and assist in the daily operation of the Division. Organizationally, the Administration is under the command of the Assistant Chief of Police.

Achievements

Completed transition to 9mm service weapon.

Development of Officer Recognition Program.

Enhancement of Employee Assistance Program.

Development of City Emergency Operations Plan.

Document Retention Policy.

Set Backs

Unable to consolidate the Training Section into one location.

Lack of available funding to further enhance Division computerization.

Current court order injunction (Internal Affairs).

ADMINISTRATIVE STAFF

ADMINISTRATIVE ASSISTANT

The Administrative Assistant to the Chief of Police has many responsibilities in representing the Office of the Chief. He represents the Chief at meetings and meets with neighborhood groups regarding specific problems in the community. In addition, he screens and responds to citizen complaints and inquiries which are directed to the Chief's Office, as well as those emanating from other city agencies, the Mayor's Office, the City Manager's Office, and individual councilmen. Other duties include functioning as the Chairman of the Awards Committee and coordination of the outside employment (*off duty*) requests made by sworn personnel.

CIVIL LIABILITY INVESTIGATION UNIT

This Unit is the investigative arm of the Law Department; facilitating the adequate preparation of a complete and effective defense in civil cases filed against the City of Toledo. It provides the City with a means for an early and effective investigative involvement in tort liability matters, thus safeguarding and preserving information and evidence necessary in defending a lawsuit.

PLANNING and INSPECTIONS SECTION

As its title implies, this section has dual responsibilities. The first part of its name "Planning" has been shortened from planning and research. This is the function of researching new ideas, methodologies, and equipment, as well as aiding in the development of long term projects such as grants. Programs are developed and forwarded with recommendations to the Chief of Police. An additional area of responsibility is the formalization of Division policy and procedures through the Division Manual and various written orders.

The second area of responsibility is that of conducting formal staff inspections to determine if Division policies, procedures, and rules are being adhered to by all Division members. It also provides for the evaluation of systems and resources to insure their utilization to maximum efficiency within the guidelines established by Division policy. When deviation are discovered, their causes are sought and recommendations for corrective action are made. A final aspect of the Section's responsibilities is that of serving as liaison between the Division and the Municipal and Common Pleas Courts to solve problems which arise. The Court Unit reviews all precipes to prevent duplication of testimony; attends pre-trials to assure that only the necessary officers are summoned; and, monitors the courtrooms to assist and supervise those officers appearing in court.

FORFEITURE UNIT

The Unit's primary purpose is to institute civil forfeiture proceedings, in conjunction with the Lucas County Prosecutor's Office, against individuals who use or derive personal assets during the course of criminal conduct.

CRIME ANALYSIS UNIT

The Crime Analysis Unit provides the Division with a comprehensive computer analysis of Part I and Part II criminal offenses. By gathering, analyzing, storing, and disseminating information to patrol units, the appropriate police action can be taken to reduce or eliminate specific criminal activities in problem areas.

EMPLOYEE ASSISTANCE PROGRAM

The Toledo Police Division's Employee Assistance Program assists Division employees, as well as the members of their families, in resolving or attempting to resolve alcohol, emotional, marital, or other problems that may be contributing to, or causing declining employee job performance. In assessing problem situations with an employee, the Program's Officer appropriately refers the individual to a suitable community resource for treatment. The EAP Officer also carefully screens, becomes familiar with, and maintains a working relationship with people working in many diverse community treatment programs in order to be able to make referrals. The Employee Assistance Program is also responsible for developing training programs for the same target population, aimed at such areas as life style management, stress management, marriage strengthening, alcoholism, and others.

INTERNAL AFFAIRS UNIT

The Internal Affairs Unit investigates, coordinates and/or exercises staff supervision on behalf of the Chief of Police with respect to complaints against, or allegations of misconduct against Division members. It has the responsibility of presenting all evidence obtained during such investigations, particularly when disciplinary hearings result from the investigations.

COMPUTER RESOURCES UNIT

The Computer Resources Unit is responsible for all aspects of computer usage within the Division of Police. It acts as a liaison to all of the various agencies providing computer services; it reviews all equipment purchases and upgrades; it coordinates computer training and assists Division personnel with computing problems; and it supervises all computer system installations.

PERSONNEL and FISCAL AFFAIRS SECTION

This Section prepares and administers the Division's budget, as well as controlling and coordinating the purchasing of all equipment and supplies for the Division. It is responsible for the payroll function, personnel record keeping, affirmative action data, equal employment opportunity plans, and maintaining the Police Time Bank. It assists in the labor relations function, including contract negotiations, grievance response, grievance settlement, and arbitration. In addition, it is responsible for the recruitment and background investigation of new personnel.

TRAINING SECTION

The Training Section manages and maintains the Division's training facilities and equipment, as well as all training records and files. It has the responsibility to research, develop, coordinate, and produce skills and career development training programs for all levels of Division Personnel. It serves as the liaison between the Division and the Ohio Peace Officer's Training Council. The Training Section functions as the Division's focal point for the training of newly sworn personnel.

BACKGROUND INVESTIGATIONS

The Background Investigation Unit is charged with the responsibility of investigating the character and aspects of the personal background of police applicants. The background investigation process, which includes both medical and psychological examinations, delves into an applicant's criminal and traffic history, military and credit history, previous employer records, neighbor interviews, and reference records. The Toledo Police Division's background investigation process has been described as one of the most thorough in the State of Ohio.

 (2000x0400) = 40
 (2300x0700) = 98
 CIVILIANS = 10

* CODE PROGRAM

FIELD OPERATIONS BUREAU

The "uniformed" officers of the Division make up the Field Operations Bureau. The patrol shifts are the nucleus of the Police Division. They require the largest commitment of manpower and are the "first line" in police work. Officers respond to calls originated by the public; both crime and service related.

The Bureau is commanded by a Deputy Chief who is responsible for Four (4) uniform shifts, Traffic Section, Harbor Patrol, Hazardous Devices Unit, Directed Policing Unit, and an administrative staff.

Achievements

The implementation of a trained "entry team". The entry team provides an invaluable tactical agent during hazardous entries, barricaded persons calls and any other type of call in which the Field Commander deems their presence necessary.

The increased use and effectiveness of a Directed Policing unit.

Accident investigation training.

Continuance of traffic enforcement Grants. This includes aircraft grant and radar grants.

Set Backs

Loss of Mounted Patrol

Reduction of Harbor Patrol from two boats to one.

Loss of CODE unit. This took away a very effective and proactive portion of the Field Operations function.

Lost the ability, due to personnel shortages, to assign "Foot beat" officers to patrol downtown area.

Due to personnel shortages, have been unable to assign officers to do any sort of effective radar control on a daily basis.

INVESTIGATIVE SERVICES BUREAU
 (As of: DEC 1991)

INVESTIGATIVE SERVICES BUREAU

The Investigative Services Bureau is the investigatory branch of the Police Division. The primary objective of the Bureau is to expend investigative efforts in interviewing victims and witnesses, locate, identify and preserve physical evidence; recover stolen property; identify and apprehend suspects; present the case to the prosecutor and cooperate in the prosecution of the defendant.

Achievements

Establishment of Toledo Area Fugitive Task Force. Comprised of personnel from the F.B.I., A.T.F., Sheriff's office, U.S. Marshall, and Toledo Division officers with the purpose of apprehending serious crime fugitives.

Cross training of investigators in the various areas within the Crimes Against Property Section; undertaken to assist investigators in becoming more versatile.

In cooperation with Federal authorities, over a period of years, justified and obtained a local Drug Enforcement Agency (DEA) office in Toledo.

Established Public Information Officer function to maintain a positive relationship while providing information to the news media.

Set Backs

Inability, due to Division personnel shortages, to re-assign additional detectives to the Bureau. Many types of incidents that once were routinely investigated, now no longer get a response. Many assignments that are made can no longer be investigated to the degree they should be, due to workload and time constraints.

Elimination of Property Recovery Unit.

Youth Services Section forced to eliminate Child Abuse Unit as well as its entire afternoon and night shift.

Elimination of Youth Gang Unit.

INVESTIGATIVE SERVICES BUREAU

Administrative Staff

The Administrative Staff of the Investigative Services Bureau has the responsibility of maintaining personnel time sheets, sick leave, vacation and all other records pertaining to the Bureau's personnel. It coordinates all roll call training; supervises the civilian desk technicians; coordinates case information with the Lucas County Prosecutor's Office and Grand Jury; and ensures the service of subpoenas on Bureau personnel. In addition, it coordinates the highly successful Crime Stopper Program.

Public Information is a new area of responsibility which was added to the ISB staff during 1991. The Public Information Officer is responsible for preparing all Press Releases and for forwarding timely information of public concern to the media.

CRIMES AGAINST PERSONS SECTION

Robbery Unit

This Unit investigates all commercial, street and financial institution robberies. Suspect auto and suspect photo files are kept to maintain current and past robbery events records in the event of similar offenses occurring. The Robbery Unit also correlates all information regarding suspects and possible locations for stake-outs with the uniformed units with the intention of on scene apprehension. Unit members are called upon to conduct line-ups, photo identifications, and one-on-one street identifications.

Homicide Unit

The Homicide Unit has a wide range of investigative responsibilities, from the investigation of purposeful deaths caused by violent means, to simple assault investigations. Its members work in close relationship with the Lucas County Coroner and his investigators. Additional investigative responsibilities include unattended death situations, felonious assaults, aggravated assaults, kidnapping, abduction, and weapons offenses.

Personal Assault Unit

This Unit investigates all sex related crimes, including sexual child abuse, and telephone harassment complaints. Its members attempt to recognize and evaluate series of similar sex related crimes in order to forward the information to the appropriate street patrol units. An on-going program is that of working with the Child Sexual Abuse Team at the Medical College of Ohio, in order to improve procedures related to the treatment of both victim and offenders. The Unit works actively with members of Toledo United Against Rape in training programs.

Scientific Investigation Unit

The Scientific Investigation Unit visits all major crime scenes with the task of sketching the scene, photographing it, as well as searching for and lifting fingerprints when found. Its members collect and preserve all physical evidence for future analysis and/or court presentations. In addition, its members attend autopsies when required and record the findings of the forensic pathologists, as well as collecting any evidence obtained as a result of the autopsy.

CRIMES AGAINST PROPERTY SECTION

Auto Theft Unit

The primary role of this Unit is to investigate all phases of auto theft and recoveries in an attempt to establish the pertinent information which will lead to the successful arrest and prosecution of the perpetrator. This Unit accomplishes this by maintaining files of stolen and recovered vehicles and by working actively with the uniformed patrol units, and adjacent police agencies in their vehicle investigations. By maintaining close working relationship with the various title officers and the Bureau of Motor Vehicles in Columbus, members of the Unit attempt to identify professional motor vehicle theft rings, as well as the routine teenage joyrider. In addition, the Unit is concerned with the theft prevention and investigation of heavy industrial equipment and marine type equipment offenses, as well as the investigation of altered, concealed, or obliterated vehicle identification numbers, and vehicle arson.

Burglary Unit

The Burglary Unit investigates all residential and commercial break-ins that are reported to the Police Division. These investigations include the development of profiles of burglary suspects by examining crime scenes, interpreting physical evidence, interrogating suspects and interviewing witnesses. In order to link suspects and stolen items to the particular offense, the Burglary Unit provides constant communication with property recovery personnel. Information is collected and then disseminated to the patrol operations in order to advise them on particular burglary patterns. Citizen cooperation is solicited by presenting programs to the community illustrating a realistic picture of the burglary problem, and explaining the role of the responding officers, as well as the investigator assigned to the case.

Check Unit

This Unit provides a complete investigative service pertaining to crimes of forgery and passing bad checks. It maintains files on active and inactive offenders of these types of crime and of stolen checks, as well as check writing machines. One of its primary roles is that of liaison with area banks and commercial lending institutions in disseminating information to assist in apprehending persons involved in forgery and the cashing of bad checks.

Theft Unit

The Theft Unit processes and investigates miscellaneous crime such as theft, credit card offenses, vandalism, and extortion. It has the responsibility of serving arrest warrants issued in other jurisdictions, when the person sought is in Toledo.

SUPPORT SERVICES BUREAU
(As of: DEC 1991)

Personnel:	
Deputy Chief	- 1
Captains	- 4
Lieutenants	- 3
Sergeants	- 17
Patrolmen	- 71
Civilians	- 28

SUPPORT SERVICES BUREAU

The Support Services Bureau is comprised of Sections that act as direct support to the daily operation of the Division's line functions.

Organizationally, the Support Services Bureau is under the command of a Deputy Chief and consists of the Forensic Laboratory, Records Section, Communications Section, Community Affairs, and Property Management.

Achievements

All instruments in the Forensic Laboratory, with the exception of the ultraviolet spectrophotometer, are now computerized.

On-line with the 800 MHz radio system.

Acquisition of \$44,165 for PACT II Grant.

Increase in Block Watch membership.

Community Affairs Section was recipient of Silver Slate Award, from Toledo Board of Education, for outstanding service in 1991.

Set Backs

Inability to fill vacant Criminalist position in Forensic Laboratory.

Loss of two (2) Vehicle Service Workers in the Property Management Section.

SUPPORT SERVICES BUREAU

COMMUNICATIONS SECTION

The Communications Section, as its name implies, is the primary hub of the entire Police Division's emergency communications network, including: telephone communications, radio communications, and teletype communications. This Section receives and records on tape, all necessary incoming calls, both by radio and by telephone. It is responsible for dispatching all necessary police units to calls for service and other police situations. Section personnel monitor the National Weather Service teletype and broadcast all severe weather information. In addition, this Section is responsible for maintaining the portable radio inventory and the battery management program to ensure the proper functioning of the portable radio equipment.

COMMUNITY AFFAIRS SECTION

The Community Affairs Section acts as liaison between community organizations and the Division by attending meetings, providing information and reporting to the Administration on past, current and potential community problems. Another primary responsibility of this Section is that of investigating complaints from the local school systems involving the safety of students, teachers, and administrators, as well as investigating complaints involving neighbors which can not be diffused or alleviated by conventional police practices. The Section conducts traffic and personal safety programs in the schools, as well as coordinating the pre-school, summer safety program, Safe-T-City. Community crime prevention is also under its control.

RECORDS SECTION

The Police Division's Records Section acts at the central repository of all Division crime reports, criminal histories, information on lost, stolen, and recovered property, and all other operational information. By maintaining a historical record of Division activities such as files and updates on criminals, suspected criminals, person wanted on warrants, arrests, criminal activity statistics, fingerprints, photographs, stolen and recovered property and vehicles, information is readily accessible to Division members and other qualified agencies.

FORENSIC LABORATORY

The Toledo Police Regional Forensic Laboratory provides its technical services to all area law enforcement agencies. Working in conjunction with the Scientific Investigation Unit, it develops proper methods for the collection and preservation of physical evidence. Lab services which are provided include: forensic drug analysis, arson analysis, firearms identification, serial number restoration, blood alcohol determination, serological testing, hair and fibre determination and various other microanalytical techniques. Crime Lab personnel are called upon to testify in court as to their analytical findings.

PROPERTY MANAGEMENT SECTION

The Property Management Section has the responsibility of maintaining control and accountability of all Division owned property. It functions as the receiving point for all incoming and outgoing deliveries for the entire Division. Included within its sphere of responsibility is the task of maintaining the Division's Motor Pool and the equipment assigned to each vehicle, overseeing the operation of the Police Armory and its arsenal, as well as maintaining the proper and legal functioning of the Police Property Room. This Section conducts the Police Division's auctions in which autos, bicycles, and any other confiscated property, which remains unclaimed is offered for sale to the general public.
