January 1, 1992 - June 30, 1992**

The statistics in this report are based on data received by the Division through the third week of July, 1992. Because of reporting lags, it is likely that they do not reflect all of the prosecution activity occurring in the period. For this reason these data are considered preliminary.

This report provides general summary figures for prosecution activity. More detailed data on specific offenses and geographic areas are available on request from the Bureau of Statistical Services, 1-800-342-9862.

## **HIGHLIGHTS**

### **Comparisons of preliminary data for January-June, 1991 and January-June, 1992**

#### **New York State**

Felony arrests in New York State totaled 97,552 for the first six months of 1992, 3 percent below the 100,192 felony arrests reported for the same period in 1991. Felony drug arrests were down 4 percent while non drug felony arrests declined by 2 percent.

A total 37,556 felony indictments were reported for the first half of 1992, down 1 percent from the 38,050 felony indictments reported for the first half of 1991. Felony drug indictments dropped 5 percent, down from 15,508 in January-June 1991 to 14,763 for the same period in 1992.

Convictions resulting from felony indictments decreased 2 percent from 1991 to 1992 and convictions resulting from felony drug indictments were down 3 percent.

State prison sentences declined from 15,458 for the first half of 1991 to 14,415 for the same period in 1992, a drop of 7 percent. State prison sentences resulting from felony drug indictments registered an 8 percent decrease from 1991 to 1992.

**N.B.:** The unit of count for indictments, superior court informations, and dispositions is the defendant-indictment.

Each defendant named in a felony indictment or superior court information is counted separately.

Each indictment or superior court information returned against a defendant is counted separately.

Data are not transactional, i.e., indictments and superior court informations are not necessarily based on arrests within the same year and dispositions may also result from indictments in previous years.

Additional technical information on the collection and processing of this information is available from the Division of Criminal Justice Services, Bureau of Statistical Services.

Data for Greene and Schoharie counties have been incomplete since 1990.
