COUNTY DETENTION FACILITIES:
INMATE PROFILE SUMMARY
APRIL - 1993

ABSTRACT

The County Detention Facilities Summary provides a monthly profile of Florida's detention facilities inmate population. Average daily population figures for April 1993, are collapsed into male and female categories for both adult and juvenile inmates. These population figures are also categorized into felony, misdemeanor and "other" subcategories in order to facilitate interpretation. Within both felony and misdemeanor subcategories the number of inmates held for trial or sentencing and those detained or sentenced for violation of probation are presented for April 1993. The "other" subcategory documents the number of parole violators, state inmates, undocumented aliens, holdings for other jurisdictions and individuals detained under the Baker (mental health) and Myers (alcoholism) Acts. In addition, the average daily population figures, the incarceration rates for each county, the number of overcrowded county detention facilities and the pretrial inmate levels for each facility are included in this report. County detention facilities with amended capacities since March 1993, are denoted in Table 3.

COUNTY DETENTION FACILITIES:
PROFILE DATA SUMMARY
APRIL - 1993

Average Daily Population

On the average, there were 34,418 inmates in Florida's county detention facilities during the month of April 1993. This figure represents a 1.0 percent increase in the inmate population from that reported for March 1993. The statewide average daily population (ADP) totals for April 1993 include 29,918 adult males (86.9%), 3,530 adult females (10.3%), and 970 juvenile offenders (2.8%). The overall distribution of male and female inmates has remained fairly constant in county detention facilities for the past five years. The following provides an analysis of the inmate population for April 1993:

- * 71.3% of the total inmate population were incarcerated for felony offenses, while 21.1% were detained for misdemeanor crimes. All others confined included 7.6% .
- * Offenders held for trial represented 56.5% of the inmate population and 26.7 percent were sentenced on either felony or misdemeanor crimes.
- * Inmates detained for violation of probation represented 7.3% of the inmate population
- * The remaining 9.5% were various groups as listed in Table 1.

Incarceration Rates

In April 1993, the statewide county detention incarceration rate was 2.6 per 1,000 county residents based

on the population estimate for 1990-92. Incarceration rates range from a low of 0.8 in Union County to a high of 7.4 per 1,000 population in Taylor County. Taylor, Hamilton, and Wakulla Counties' high incarceration rate is the direct result of holding a large proportion of their inmate population for the U.S. Marshals Service. Other counties may also be experiencing high incarceration rates due to the contracting of bed space.

Overcrowding: Capacity Versus Population

In April 1993, 11.94 percent (8) of the counties in the State of Florida had average daily inmate populations which exceeded their Department of Corrections (DC) rated capacity. Out of Florida's 67 counties eight (8.95%) had average daily inmate populations which were between 1 and 25 percent, 2.99 percent (2) had an inmate daily average that was between 26 and 50 percent and the remaining fifty-nine (88.06%) Florida's counties were at or below capacity.

Pretrial Population Levels

During the month of April 1993, 19,449 of the inmates housed in county detention facilities were classified as awaiting trial. Of these 19,449 offenders, 84.1% were awaiting trial for felony offenses while 15.9% were detained for misdemeanor violations.
