Reader's Notes

Crime rates are sometimes calculated from multiple tables throughout the report and put into the text portion of the publication. Therefore, the reader will not necessarily see a table that reflects that calculation. Crime rates are calculated using the most current *Delaware Population Consortium: Annual Population Projections*.

In cases where there is a reference to last year's rates, the reader will need to refer to *Crime In Delaware 2000* for any further clarifications.

Crime in Delaware 2001 Highlights

- The Part I Reported Crime rate decreased for the fourth consecutive year, with a drop from 45.5 per 1,000 population in 2000 to 43.6 per 1,000 population in 2001. The Part II Reported Crime rate for 2001 was 201.3 per 1,000 population, up from 193.2 per 1,000 population in 2000. Combining Part I and Part II Reported Crimes, there were 244.9 crimes per 1,000 population in 2001. This reflected a 2.5 percent increase from 238.7 per 1,000 population in 2000. (See Figure 1)
- Total Reported Violent Crime increased slightly, from 5,566 in the year 2000 to 5,620 in 2001. The nearly one percent increase over last year can be attributed to all three counties. Reported homicide, robbery and aggravated assault all increased statewide, while reported forcible rapes stayed the same. Reports of forcible rape decreased by 4.2 percent in New Castle County and increased by 14.3 percent in Kent County from 2000 to 2001. (See Figures 3-8)
- Reported Part I Property Crimes decreased for the fourth consecutive year. Complaints decreased from 30,117 in 2000 to 28,895 in 2001, a drop of 4.1 percent. The Part I property crimes of larceny, motor vehicle theft and arson, all decreased from 2000 to 2001 - by 3.6, 16.8, and 3.7 percent respectively. Reported burglaries increased by 1.8 percent in 2001. (See Figures 9-14)
- Statewide total juvenile arrests increased for the third consecutive year, from 6,616 in 1998 to 9,107 in 2001, a 37.7 percent increase. Juvenile arrests for Part I Crimes increased by 10.3 percent, with the majority of arrests being for property crimes. The majority of violent crime arrests for juveniles, 64.7 percent, were for aggravated assault. (See Figures 15,16 and Table 8)
- The number of illicit drug complaints increased by 12.9 percent in 2001. Reported incidents of illicit drugs increased by 17.5 percent in New Castle County, and by 28.9 percent in Sussex County. However, illicit drug reports decreased by 10.7 percent for Kent County. The number of illicit drug complaints were the highest Delaware has experienced in the last ten years. Law enforcement agencies believe initiatives targeting criminal "hot spots" are identifying and documenting drug offenses that would have otherwise gone undetected. (See Figure 32)

Illicit Drug Crime

- The number of illicit drug complaints statewide in 2001 totaled 11,915; a 12.9 percent increase from the 2000 total of 10,552. The increase in 1998 through 2001 illicit drug complaints is an anticipated result of deploying additional officers and new specialized initiatives that target repeat offenders. (See Figure 32)
- Delaware's illicit drug arrest rate in 2001 was 5.7 arrests per 1,000 population. A total of 4,517 illicit drug arrests were made in Delaware in 2001, a 4.2 percent increase compared with 2000. The increases in illicit drug arrest rates throughout Delaware are associated with enhanced new law enforcement programs. (See Figures 33 and 37)
- The illicit drug complaint rate for New Castle County – 14.1 complaints per 1,000 population – was the lowest of Delaware's three counties for the sixth consecutive year. (See Figures 34-36)
- Kent County had the highest illicit drug complaint rate of Delaware's three counties – 17.7 complaints per 1,000 population. The illicit drug arrest rate for Kent County decreased from 8.2 in 2000 to 6.3 in 2001. (See Figure 35)
- The illicit drug complaint rate for Sussex County was 16.1 per 1,000 population. The arrest rate for Sussex County increased from 4.8 to 5.3 in 2001. (See Figure 36)

Crime Activity by Jurisdiction

Background Information on Reported Crimes and Clearances as Reported in Crime in Delaware 2001.

Complaint and clearance data appear by agency in Crime in Delaware 2001 in the section entitled **Crime Activity by Jurisdiction**. A crime *clearance* by arrest or exceptional means is related to an original crime complaint. As defined in the glossary of the report, "A complaint report to the police is considered cleared or solved once the police have identified the offender..." One reason the clearance rate may exceed the arrest rate is because the arrest of one offender could clear several crimes.

The method of reporting clearances is by the date of the action. For example, a robbery occurs in December of 2000 and the offender is apprehended in August of 2001. This would be recorded in the State Bureau of Identification's (SBI) crime database as a 2000 reported crime or complaint, and it would be counted as case cleared after the 2000 end-of-year report.

Annual complaint statistics in Crime in Delaware are for crimes reported in each respective year. Clearance statistics for a given year show how many of that year's reported crimes have been cleared during that year. While it is recognized that more crimes

will ultimately be cleared after the reporting year, clearance statistics are not updated in Crime in Delaware. This practice is consistent with that of the FBI's *Crime in the United States* reports; however, unlike the FBI reports, compilation of Crime in Delaware is delayed until the reporting year statistics are complete.

It is important to note that the snapshot is intended to provide a full account of a year's law enforcement activity, but there can be significant delays in conclusions and therefore the reporting of that activity. The SBI makes significant efforts to give all agencies the opportunity to have their year's activity entered into the state's information system. No agency is penalized for early, updated, or late reporting—in fact, SBI does not prepare the year-end summary and the annual analysis until the last jurisdiction reports.

There has been a change in the reporting for Camden-Wyoming as of 1999's *Crime Activity by Jurisdiction* section. Previously combined, in 1999 the two became separate jurisdictions and are now reported individually as Camden and Wyoming.

Glossary

Note: This glossary contains the UCR federal definition for crime categories. It also lists state statutes that should be viewed as examples of what statutes may fall into those crime categories. A good example is the federal crime category Motor Vehicle Theft. The statute listed below the federal definition is "Unauthorized use of a vehicle." There are also some motor vehicle thefts, however, that fall under robbery or aggravated assault. The State bureau of Identification determines which crime events fall into which UCR crime categories based on details not found in summary reporting.

Adult	A person 18 years of age or older.
Arrest Rate	The number of arrests per 1,000 population.
Clearance	A complaint reported to the police is considered cleared or solved once the police have identified the offender. One arrest may clear several crimes, therefore the clearance rate is often higher than the arrest rate.
Complaint	A criminal offense reported to the police or by the police.
Crime Rate	The number of crimes per 1,000 population.
Exceptional Clearance	An exceptional clearance refers to a clearance that does not result in an arrest. An offense can be cleared exceptionally only in cases where the identity of the offender has been established, enough information is available to support an arrest, and the exact location of the offender is known. For example, murder-suicides are cleared exceptionally, since the offender's death precludes their arrest.
Juvenile	A person under 18 years of age.
Part I Crime	Homicide, robbery, rape, aggravated assault, burglary, larceny, motor vehicle theft and arson.
Part II Crime	All crime not included in the Part I Crime definition.
Population Data	Delaware population projection estimates are from the Delaware Population Consortium.
Part I Property Crime	A subsection of Part I Crime including burglary, larceny, motor vehicle theft, and arson.
Reported Offenses	Crimes reported to or otherwise known to police. To be counted in Crime in Delaware, information on reported offenses must also be provided to SBI for proper classification and coding in the state's Criminal Justice Information System. If the provision of information to SBI is not complete and timely, Crime in Delaware will represent an undercounting of reported offenses.
Part I Violent Crime	A subsection of Part I Crime including homicide, rape, robbery, and aggravated assault.

Technical Notes

The UCR Part I and Part I Violent crime maps in this year's report provide a more detailed view of how crimes are distributed across New Castle County than in previous years. This year's maps use New Castle County Police Department's sector boundaries instead of the larger Delaware State Police Troop boundaries used in years past. Using the NCCPD sector boundaries required that UCR complaints reported to the Delaware State Police be distributed proportionately across the NCCPD sector boundaries that corresponded geographically with the DSP Troop boundaries.
