FOREWORD

As a service to California criminal justice agencies, the Department of the Youth Authority has compiled this consolidated directory of all county offices dealing with California adult and juvenile offenders, County Probation Offices, County Sheriffs' Offices, Chiefs of Police, Juvenile Officers, and other State of California criminal justice agencies involved in some manner with adult and youthful offenders.

The Department recognizes that tremendous community demands are being made on California criminal justice agencies today, not only to provide better protection in a more complex and changing society, but also to expand and improve the delivery of services by their agencies.

The Department of the Youth Authority, through its varied branches and divisions, offer many consultation services to all criminal justice agencies in the areas of transfer of knowledge, information sharing, training, and problem-solving.

In publishing this directory, we hope to provide and promote effective coordination, communications, and sharing of information in the state-wide effort to reduce crime and delinquency.

ALLEN F. BREED, *Director*
