THE CITY OF SPRINGFIELD

STATE OF OHIO
DIVISION OF POLICE

WINSTON STULTZ
CHIEF OF POLICE

20 April 1978

James Peifer
Acting City Manager and
Acting Director of Public Safety
City of Springfield, Ohio

Sir:

The annual report of the Springfield Police Division for the year 1977 is herewith submitted. This report provides a summary of the Division's activities and accomplishments.

The Division enjoyed a 17% decrease in crime as the following statistical tables indicate:

	<u>1976</u>	<u>1977</u>	<u>% Increase or Decrease</u>
1. Murder	6	7	+ 17 %
2. Rape	23	23	-
3. Robbery	177	214	+ 21 %
4. Aggravated Assault	70	68	- 3 %
5. Burglary	962	797	- 17 %
6. Larceny - \$50. & Over	818	665	- 19 %
7. Larceny - Under \$50	3300	2657	- 19 %
8. Auto Theft	<u>227</u>	<u>212</u>	- 7 %
TOTALS:	5583	4643	- 17 %

Clearances of offenses by arrest for 1977 totaled 35.6% as compared to 34% for 1976.

The Division has maintained its high standards of performance to the city of Springfield, and continued efforts will be made toward containing crime in our area.

The Division gratefully acknowledges the support and cooperation received from the City Administration and from other governmental agencies and officials.

Sincerely,

Winston Stultz
Chief of Police

UNIFORM SUB-DIVISION

Capt. John Richard
Commander

Patrol Section

This Section is charged with the responsibility of maintaining a sustained effort toward the accomplishment of the primary police functions of preserving the peace, protecting life and property and the apprehension of all violators of criminal law, both State Statute and City Ordinance, and of either a serious nature or of a minor type.

Traffic Section

This Section provides traffic law enforcement for vehicles and pedestrians, supervises the school safety patrol, and apprehends both criminal and traffic violators. Most of the parking and moving violation tickets are issued by this Section.

UNIFORM SUB-DIVISION

Capt. John Richard
Commander

In February of 1976, the Patrol Unit and Special Operations were combined into one Sub-Division, known as the Uniform Sub-Division.

This Sub-Division is under the command of a superior officer with the rank of Captain, who is under the general supervision of the Chief of Police, but under the immediate direction of the Assistant Chief of Police. The assignment of the Commander is made by the Chief of Police.

PATROL SECTION

The Captain is assisted by three (3) Lieutenants and twelve (12) Sergeants in the supervision and administration of the various functions of this Section. Fifty (50) Patrolmen are assigned to this, the largest Unit of the Police Division. These officers are assigned to four (4) shifts, i.e., 1st, 2nd, 3rd shifts and a Supplementary Shift that is assigned to the busiest hours.

In order to accomplish the responsibilities or objectives required of his office, the Uniform Sub-Division Commander must:

Promptly obey and transmit all orders of the Chief of Police or Assistant Chief of Police, and insure the uniform interpretation and full compliance with these orders by all subordinates under his command; exercise complete line authority over his Sub-Division's operations and staff supervision over all functions relative to the preservation of the public peace and the maintenance of order, the protection of life and property and the apprehension of all criminal offenders throughout the City by:

Exactng proper performance of duty from all officers assigned to his Command, paying particular attention to their appearance, discipline, general conduct and efficiency in performing their assigned tasks, so that he may accurately evaluate these subordinate officers on the Divisional Efficiency report submitted every six (6) months.

Collaborating with the Assistant Chief of Police and other Sub-Division Commanders at staff meetings, in the formulation and the implementation of staff decisions, and specifically assists the Assistant Chief of Police in the preparation and the presentation of material relating to public peace and safety, other than traffic safety, docketed on the staff meeting agenda.

Systematically investigates, or causes to be investigated by subordinate supervisory officers, all cases of apparent or alleged misconduct by his Sub-Division's personnel, review the reports relative to the investigation and prepare the necessary reports to the Assistant Chief of Police, as Chairman of the Board of

Continued

UNIFORM SUB-DIVISION

Capt. John Richard
Commander

Inquiry, and Chief of Police, when required, for their careful scrutiny and subsequent follow-up action.

Must represent his Sub-Division at all Board of Inquiry hearings in which a member of his command faces examination, but may delegate this seating to one of his Lieutenants if he cannot possibly be present at this time.

Shall familiarize himself when going on duty, with all police affairs which have transpired since last present for duty, and shall keep himself informed of all the current affairs of his command; thus being assured that the duties of his subordinates are properly discharged.

Examine all reports submitted by subordinate officers under his jurisdiction to insure completeness and conformity with the reporting procedure.

Is charged with the proper upkeep of all charts, records, files, maps, office equipment, vehicles and other Divisional property utilized by his Sub-Division.

Assign personally, or delegate to his subordinate supervisory officers, the task of providing police personnel at such special events as visits from important dignitaries, and other activities, when the necessity for such assignment arises.

Maintain harmonious relationships with the other Sub-Divisions within the Police Division and all other City Agencies, cooperating fully with them on all mutual endeavors.

Work under ordinary conditions, those hours that meet the demands of his office; but shall be available for duty at all times in cases of special need or emergency; responding punctually to all his assignments.

TRAFFIC SECTION

The Captain is assisted by two (2) Lieutenants in this Section. Fifteen (15) Patrolmen, operate the motorcycles, radar units and accident investigation vehicles assigned to this Sub-Division.

This Section provides traffic law enforcement for vehicles and pedestrians, supervises the School Safety Patrol, and apprehends both criminal and traffic violators. Most of the parking and moving violation citations are issued by Officers of this Sub-Division.

The prime responsibilities of this Section are controlling and regulating traffic, preventing accidents and enforcing all traffic laws and ordinances. Accident records are kept and analyzed to provide for better traffic control and accident prevention.

Continued

UNIFORM SUB-DIVISION

Capt. John Richard
Commander

There are three phases to traffic control: Education - Enforcement - Engineering - and this Section is mainly concerned with Enforcement and Education, but we do cooperate fully with the Traffic Engineer to provide for better movement of traffic in the City.

EDUCATION

Our educational program consists of an officer from the Staff Services Section visiting all elementary school class rooms, conducting special training classes for kindergarten through fourth grade, with specific emphasis on traffic safety. This program is carried out during the school year.

A Safety City program is also conducted during the summer months.

This officer also visits the various schools in the City and installs the School Patrol Units and works closely with them during the year. In addition to this officer, the Lieutenant, who is also the court liaison officer, also visits the various School Patrol Units and instructs and assists them in the performance of their duties.

This Section cooperates fully with the news media during the course of the year, notifying them of changes in traffic laws, street closings, etc.

ENFORCEMENT

While there have been some changes in our enforcement program, basically the system has not changed. We evaluate this program from time to time and, when there is need for a change due to court procedure, accident experience, etc., we adjust this program to fit the needs. In regards to court procedures, one Lieutenant is assigned as court liaison officer so that we may cooperate more fully with the court.

From the standpoint of accident investigation, we have pressed for a more thorough investigation into the cause or causes of the accident. When the investigation shows a violation on the part of one or both vehicles involved, citations are issued. Often a driver who has not been directly involved in an accident, but causes the accident, is issued a citation.

An ever increasing complaint in the field of enforcement is junk or abandoned cars about the City, both on public and private property, and many man hours are spent on the enforcement of our City Ordinance and State Laws governing these vehicles.

We feel that we have one of the best enforcement programs in the country, and the officers to enforce it, and that as a result of this program we do prevent innumerable accidents. However, we never cease to look for better ways to improve this program.

I N V E S T I G A T I O N D I V I S I O N

Capt. Ralph V. Jordan
Commander

This Sub-Division is charged with the investigation of all major crimes; suppression of vice in all forms; the serving of all out-of-town warrants; the checking of all communications from other police departments; and the general investigation of all persons suspected of criminal activities.

INVESTIGATION DIVISION

Capt. Ralph V. Jordan
Commander

This Sub-Division is charged with the investigation of all major and most minor crimes, suppression of vice, serving of local and out-of-town warrants, investigations requested by other jurisdictions or Law Enforcement Agencies and the general investigation of criminal activities.

The functions performed by this Sub-Division are of vital importance. Since the primary purpose of the Uniform Patrol is to respond to demand for service while maintaining constant (or preventative) patrol, it is necessary for the Investigation Sub-Division to do the follow-up investigations after the preliminary report is taken. Our initial investigation of major and minor offenses thereby relieves the Uniformed officers of tasks that would deter them from their basic responsibilities.

In addition to the primary responsibility, the Investigation Sub-Division has many secondary responsibilities relating directly to the Police function and priorities are dictated by the needs of the citizens of Springfield.

These duties include, but are not limited to, suppression of conditions conducive to prostitution; gambling, narcotics and other forms of vice; serving out-of-town warrants and returning prisoners from other jurisdictions through extradition proceedings; handling all communications and requests for assistance from other agencies and non-residents; and keeping abreast of the ever-changing crime conditions within the City.

This Sub-Division is staffed with twenty-six (26) people. These include: one (1) Captain (Bureau Commander), two (2) Lieutenants, five (5) Sergeants, seventeen (17) Patrolmen, and one (1) Community Service Officer.

The Investigation Sub-Division operates sixteen (16) hours daily except Sunday. However, in the event serious crimes or other emergencies occur, officers will be called in during the hours not covered.

The Investigation Sub-Division is divided into five (5) units. Each unit is under the command of a Sergeant. Each Sergeant works with the men assigned to his Unit advising and assisting them as needed. He is accountable to the Lieutenant on his shift who in turn reports to the Captain (or Bureau Commander).

These units are specialized in the types of assignments they receive. This enables the officers assigned to be held to a specific area of responsibility while allowing for specialization to enable the individual officer to become more effective in handling his assigned cases and assignments.

This type of deployment enhances the efficiency of the Detective Bureau by enabling assigned officers to become specialized within a particular area of responsibility, thus enabling them to handle their assignments more effectively.

INVESTIGATION DIVISION

Capt. Ralph V. Jordan
Commander

CRIMES AGAINST PROPERTY

This unit has six (6) Patrolmen assigned. They handle such investigations as burglaries (both business and residence) and malicious destruction of property.

CRIMES AGAINST PERSONS

This unit has three (3) Patrolmen assigned. They handle such investigations as homicides, robberies, assaults, rapes, suicides and sudden deaths.

GENERAL ASSIGNMENT UNIT

This unit has two (2) patrolmen assigned. They handle investigations of "White Collar" crimes, arson, fraud, and bad checks as well as any other general assignments such as complete background checks.

INTELLIGENCE UNIT

This unit has two (2) Patrolmen assigned. They investigate drug abuse, prostitution, gambling, liquor violations, and other vices. They also perform detailed checks on requests for liquor permits and coin-operated amusement device permits. This unit also does complete background investigations.

JUVENILE BUREAU UNIT

This unit has four (4) Patrolmen assigned. They are responsible for all investigations involving Juveniles.

They may be assigned to any of the types of crimes in which the other units specialize if a juvenile is involved.

This unit investigates all incidents of the following: adults contributing to the delinquency of minors, child abuse, neglect, all missing persons, and bicycle thefts.

They are required to maintain a close and harmonious relationship with school officials, Juvenile Court officials, Welfare agencies and other groups and organizations engaged in Juvenile crime prevention, rehabilitation, or other related programs.

The Juvenile unit is charged with the primary responsibility of dealing with Juvenile control and delinquency prevention. Delinquency prevention, while being curtailed by this Unit, due to increasing demands for more services, is being carried on by the Crime Prevention Unit of the Staff & Auxiliary

Continued

INVESTIGATION DIVISION

Capt. Ralph V. Jordan
Commander

Services Sub-Division through working with youth groups and visiting classes in our schools.

Any of the five(5) Units may be given assignments other than those in their special fields. In the event of a serious crime, this would also apply.

Officers in the four (4) units not assigned to Juvenile cases do continue and carry through to completion those assigned investigations during which Juveniles are found to be involved.

One Lieutenant has the general supervision of the day shift and one Lieutenant has the supervision of the night shift.

One Community Service Officer is assigned to the Investigation Division on the day shift. In addition to her clerical skills, which is a great aid to all members of the Investigation Division, she assists in other police activities such as being present when female victims are interviewed, and referring people to the proper investigative unit or officer, after personal or telephone communication.

The success of the Investigation Sub-Division depends not only on the skills of the Detectives, but also upon the achievements of the uniformed forces. Their increased effectiveness and cooperation can only enhance the Investigation Sub-Division's functions.

STAFF & AUXILIARY SERVICES

Capt. Robert Taylor
Commander

STAFF SERVICES

This Section is charged with the responsibility of performing those non-line functions and activities that serve the purpose of developing personnel into effective patrolmen, supervisors, commanding officers and administrators; thus developing the Police Division to most effectively fulfill the police purpose and provide adequate administrative controls.

AUXILIARY SERVICES

The functions carried out by this Section include fingerprinting, photographing and search of crime scenes.

They are also responsible for compiling, maintaining and administering all records for the entire Division; including fingerprint and mug files.

STAFF & AUXILIARY SERVICES

Capt. Robert L. Taylor
Commander

A total of forty-six (46) personnel is assigned to Staff & Auxiliary Services. The duties of this Sub-Division are, as follows:

STAFF SERVICES

One (1) Lieutenant Supervisor - two (2) Sergeants, two (2) Patrolmen - and four (4) Neighborhood Assistance Officers are assigned to this Section. Staff Services is responsible for seven (7) aspects of police service and they are:

1. Staff Inspection Division
2. Training Units
3. Public Information Unit
4. Crime Prevention - Community Relations Unit
5. Planning - Research Unit
6. Officer in the School Unit
7. Internal Affairs Unit

Each of these Units is explained below:

1. Staff Inspection Division

This is inspection of all department components to identify deficiencies of process and personnel. Those involved in this Division are neither responsible to the supervision of the Units being inspected, nor responsible for the performance of the Units and their personnel.

2. Training Units

A. Recruit Training

Conforms with the Ohio Peace Officer's Training Act and we have a properly prepared training program which acquaints the recruit with some knowledge of practically all aspects of police work. Recruits are also trained in local laws, ordinances and procedures as well as the Ohio Criminal Code.

Our Springfield Police Academy has long been a front-runner in keeping pace with the latest techniques and skills. During 1977 five (5) officers from Springfield, three (3) from the Clark County Sheriff's Department, one (1) each from South Charleston, Catawba and Fairborn Police Divisions, were graduated from our 512 hour basic recruit school.

The current course in our Police Academy has recently been increased from the previous 408 hours to the 512 hours, due to a more extensive Officer Survival Course. It appears that even this allotted time will be raised in the near future.

STAFF & AUXILIARY SERVICES

Capt. Robert L. Taylor
Commander

2. Training Units - Continued

B. Cadet Training

Provides all Cadets with various phases of law enforcement work while attending Clark Technical College on a quarterly alternating basis. There are eight (8) Cadets in the program. Four (4) are working in the Springfield Police Division and four (4) are attending Clark Technical College. Then quarterly (every three (3) months) the Cadets change places. Their goal is an Associate Degree in Police Science.

In 1977 a milestone was reached in the Cadet program as the first promotions of Cadets to Probationary Patrolman were realized. This has been a goal of the Cadet program since its inception in the mid-sixties.

C. In-Service Training

The Springfield Police Division sent a total of ninety-one (91) officers to various police related training during 1977.

As in the past, many officers also attended Project LORISE at Clark Technical College.

D. Supervisory and Specialized Training

Fifty (50) officers were sent to nine (9) different schools for training in interrogation, Intoxilyzer Operation, Defensive Driving, Firearms Instructors Courses, Special Weapons and Tactics, Crime Scene Investigations, Drug Enforcement, Supervisors and Command Courses, In-depth Accident Investigation, Traffic Enforcement, Photography, and Crime Reduction Courses.

3. Public Information Unit

This Unit includes requests for speakers from various organizations and groups on narcotics, traffic safety, juvenile problems, womens safety, crime prevention, programs for the elderly and many other police subjects. As many requests as possible are fulfilled.

Tours are scheduled for both adults and youngsters at Police Headquarters to give them better insight into our Departmental structure and to explain the functions of the various Units.

Many pamphlets and paper materials were published on prevention of burglary and robbery, traffic safety, law enforcement information, laws juveniles should know, community relations and juvenile delinquency.

STAFF & AUXILIARY SERVICES

Capt. Robert L. Taylor
Commander

4. Crime Prevention - Community Relations Unit

Officers assigned to these Units are charged with the responsibility of maintaining a channel of communications with all segments of our community, to work with and assist the various organizations within our City and to handle the many requests and answer the many questions regarding the role of law enforcement in today's society. It involves:

A. Citizen Information on Crime Prevention

The Crime Prevention Unit has involved many individuals and communities in the Neighborhood Crime Watch Program, which they are currently expanding. Their goal is to blanket the City and have all the citizens of Springfield involved in an effort to reduce crime.

Under the auspices of the Comprehensive Employment and Training Act, we were able to hire four (4) Neighborhood Assistance Officers to assist our Crime Prevention Unit. In July of 1977, our first Neighborhood Crime Watch Program was started. Since that time this program has grown to involve over 3000 families in 30 different neighborhoods throughout the City.

Many demonstrations and services were conducted by the Crime Prevention Unit. These include checking homes of persons on vacations, home security checks, a monthly newsletter and conducting programs for the elderly, women's groups and meetings for sector block captains of the Neighborhood Crime Watch.

The Mobile Crime Prevention Van has once again proven a valuable aid in contacting the citizens in the community and to use as a classroom.

B. Police-Community Relations

To maintain continuous contact with all segments of the community so that meaningful information can be disseminated as well as received. It is important that our citizens be aware of the actions of their police and that the police, in turn, be aware of the attitude of the community they serve.

5. Planning - Research Unit

Primary objective of this Unit is to assist the Chief and Division members in accomplishing their desired needs and goals. Forms for police use and bulletins of operation, together with General Orders, are important written parts of police work. It is necessary that they be updated from time to time and available for rereading by all Division members.

This Unit has recently completed an update on the Divisional Rules and Regulations.

Continued

STAFF & AUXILIARY SERVICES

Capt. Robert L. Taylor
Commander

Another major accomplishment of this Unit was assisting in the planning of the new Safety Building.

6. Officer in the School Unit

The "Safety City" Educational Program was continued by the Police Division. This program ran for ten (10) weeks during the summer months and is conducted for kindergarten and first grade City school students.

During 1977, 900 children attended this program. They are taught how to cross the streets at intersections and traffic signals, how to walk back and forth to school in safety; also all phases of home safety; what to do if they are approached by a stranger; and last, but not least, they become acquainted with a policeman and his various items of equipment.

7. Internal Affairs Unit

In 1977 the Internal Affairs Unit was officially formed. This Unit investigates alleged wrongful and illegal acts by police officers. It also investigates all cases of discharging of firearms by police officers.

AUXILIARY SERVICES

Auxiliary Services consists of three sub-sections with a total of (36) thirty-six personnel. This division is responsible for the technical assistance of the entire Police Division, such as Records, Laboratory, Polygraph, Communications, etc.

Each sub-section is charged with specific functions and carries out the technical details necessary in maintaining the operations of the law enforcement division which is a major part of the total Criminal Justice System. These sub-sections and their activities are, as follows:

1. Communications

This Section is the nerve center of the entire police operation. There are ten (10) communications operators who man the Center, seven (7) days a week, twenty-four (24) hours per day. These people are responsible for receiving all telephone and radio calls for police assistance. In addition to receiving such calls, the operators dispatch the necessary number of officers to render the requested assistance.

They log all calls and dispatches in a uniform manner, with all pertinent information necessary to insure the proficient operation of the law enforcement division. They are responsible for the operation of the teletype systems. This teletype system is in contact with the following law enforcement systems:

Continued

STAFF & AUXILIARY SERVICES

Capt. Robert L. Taylor
Commander

1. Communications - Continued

Ohio Law Enforcement Automated Data Systems	(LEADS)
National Crime Information Center	(NCIC)
Michigan Law Enforcement Information Network	(LEINS)
National Law Enforcement Teletype Systems	(NLETS)

While it might be said that this nerve center is very demanding of its personnel, all the operators are highly trained and are very proficient in the operations of the center.

Constant evaluation of the center is made by the officer in charge of Communications. This officer is a Lieutenant, who is directly responsible to the Commander of Staff & Auxiliary Services.

2. Polygraph

This Unit assists investigations and investigators in cases that need to have truth verified. It assists in either proving or disproving points of a case up to and including guilt or innocence.

During 1977 a total of 123 polygraph examinations were conducted to assist the investigation of 89 cases.

3. Bureau of Criminal Identification

This sub-section furnishes many services to the total Criminal Justice System. The officers assigned to this Unit are highly skilled in crime scene searching, collection, evaluation and preservation of evidence. Presently there are a total of thirteen (13) personnel assigned to this sub-section: (1 Forensic Criminalist, 1 Biologist, 1 Sergeant, 2 Patrolmen, 2 Police Cadets, and 6 Clerks.)

In addition to these thirteen (13) employees, there are ten (10) uniformed officers assigned to the Patrol Section who operate the Mobile Crime Scene Search Van and make crime scene investigations. This makes the services of this sub-section available twenty-four (24) hours per day and has resulted in an increase in physical and other evidence being made available to the Criminal Justice System.

This sub-section is responsible for fingerprint comparisons, photography and the maintenance of all Criminal and Traffic arrest records. These records include all pertinent data on the subject who has been charged with a criminal offense and remain in the criminal file until the demise of the subject.

Continued

STAFF & AUXILIARY SERVICES

Capt. Robert L. Taylor
Commander

3. Bureau of Criminal Identification

This sub-section also maintains the police property room which contains all criminal evidence collected and all lost and found property which comes into the Police Division. This function involves an enormous amount of property and requires a great deal of time for the property officer. All property which has lost its value as evidence or is unidentified is sold at public auction, with all proceeds placed in the general fund of the City.

An Automated Criminal Identification System (Computer) is being put into operation. The fingerprints, photographs, physical descriptions and criminal histories of persons convicted of past major crimes are being entered in this System. Fingerprints found at crime scenes will be put into the computer. The computer will find those with similar characteristics. Further study would then be made to compare the prints for a possible match. Similar results can be obtained without fingerprints with an accurate physical description, age, race and type of crime.

Laboratory

Some of the types of work done in the Laboratory are:

- Hair and Fiber Comparisons
- Blood Analysis
- Narcotics Identification
- Tool Mark Identification
- Questioned Documents
- Firearms Identification
- Number Restoration
- Glass Fracture Identification
- Paint Sample Comparisons
- Quantitative and Qualitative Substance Analysis

4. Records Section

This sub-section is under the direction of a Records Supervisor and records all criminal activity within the City according to date, time and classification of crime; also all traffic activity, accidents, injury and non-injury, locations, date, time, etc., together with the number of arrests for various classified crimes and all traffic arrests. These records are compiled monthly and annually for use within the Department; for the Federal Bureau of Investigation, Uniform Crime Report; and for the National Safety Council.

Payroll records and personnel records are kept in this sub-section; recorded earned vacations, sick leave, pay scale and engrade adjustments are part of the personnel records.

Continued

STAFF & AUXILIARY SERVICES

Capt. Robert L. Taylor
Commander

4. Records Section - Continued

A secretarial pool is maintained for the entire Division. Secretaries take statements from officers as well as from witnesses to incidents, and also confessions from prisoners. This secretarial service is made available seven (7) days a week and twenty-four (24) hours per day in extreme cases. There are four (4) Clerk-Stenographers in this pool; other personnel includes three (3) Clerk-Typists and one (1) Records Supervisor.

The Records Supervisor works directly with the Captain of Staff and Auxiliary Services in writing all federal project applications for the Police Division, and also keeps financial records for these programs for the duration of the project. Together they attend meetings at the State level and keep abreast of the constant changes in requirements and reporting procedures.

Five (5) Projects were funded during 1977. These were:

Chemist Instructor # 3
Regional Crime Laboratory Services
Communications
Mobile Alarm Detectors # 2
Crime Prevention Education # 4

The total capital involved in these Projects is \$118,726.00 making a grand total funds for the Department \$1,135,806.00 since our first involvement in the Safe Streets Program in February of 1970.

Another Federal program, the Comprehensive Employment & Training Act, provided funds for the following employees;

Four (4) Community Service Officers - serve subpoenas and parking warrants, take reports on minor complaints, provide Communication Center relief and other departmental errands.

One (1) Clerk Stenographer - works 4:00 PM to 12:00 Midnite extends services of the Records Section to sixteen (16) hours per day.

Four (4) Clerk Typists - two (2) assigned to Records Section; one (1) to Property Room and one (1) to Computer Operation.

Four (4) Neighborhood Assistance Officers - assigned to Crime Prevention Unit to assist in their community programs.

One (1) Biologist - assigned to assist the chemist in our Springfield Regional Crime Laboratory.

Two (2) Communications Operators assigned to the Communications Center.

POLICE COMMUNICATION SYSTEM

The purpose of this system is to provide inter-city (Police, Sheriff, Public Works), city-to-city and city-to-counties communication, as well as communication to supportive agencies (State Patrol, BCI, FBI, etc.).

POLICE REPEATER FREQUENCY

(Main Repeater Base Frequency)	transmitter frequency ----	159.09 MHz
	receiver frequency -----	154.77 MHz
Mobile/Portables	transmitter frequency ----	154.77 MHz
	receiver frequency -----	159.09 MHz

The purpose of the repeater is to extend the useful talk range of mobile units over a wide city area. This is achieved by locating the high power repeater at a centrally located and elevated site which allows the mobile units to communicate city-wide and/or county-wide.

AREA WIDE FREQUENCY

transmitter frequency -----	154.845 MHz
receiver frequency -----	154.845 MHz

The purpose of the area wide frequency is to establish a communication network between Clark County, Champaign County, Urbana Police, Springfield Police Division and other law enforcement agencies in the above counties only. The above agencies will have base stations and mobile units transmitting and receiving on 154.845 MHz.

STATE WIDE FREQUENCY

transmitter frequency -----	155.37 MHz
receiver frequency -----	155.37 MHz

The purpose of this frequency is to establish a state-wide communication network. Cities, counties State Patrol and mobiles will share this state-wide frequency for emergency and locally directive information.

DUO COMMAND CONSOLE CENTER AS USED BY POLICE DISPATCHERS

Function/Operation

The control center can monitor 12 channels simultaneously, such as Police, area-wide, state-wide and Clark County Sheriff. Also, the control center can transmit on one or more channels at the same time in case of disaster.

This console is equipped to handle future additions such as teletype, mobile identification, etc. A stand-by system is connected to the command console in case of system breakdown.

Our system now meets the requirements of the State of Ohio Plan.

FEDERAL PROJECTS

Early in 1970, the Springfield Police Division began to look into the Federal Government funding program which derived from the Safe Streets Act of 1968. This program offered monetary assistance in the law enforcement field, i.e., funding action projects which possibly would reduce or prevent crime and enhance the police operation in the fight against the ever-growing crime picture in the United States.

Since February of 1970, the following projects have been funded by the Department of Economic & Community Development, Administration of Justice Division.

<u>PROJECT TITLE</u>	<u>FEDERAL CASH</u>	<u>CITY CASH</u>	<u>STATE CASH</u>	<u>CITY IN-KIND</u>	<u>TOTAL PROJECT</u>
