INTRODUCTION

This second volume of the 1976 Iowa Uniform Crime Reports presents computer printouts prepared for the Annual Release by the Data Processing Bureau of the Department of Public Safety. These printouts contain, in tabular form, the raw data received from contributing agencies in 1976.

Upon careful examination, one will note some handwritten changes in Tables 1, 2, and 3 which were necessitated by the inclusion of two cities (Bettendorf and Altoona) in incorrect population categories and the erroneous use of estimated figures for Urbandale, which had submitted complete data. While the estimated figures used for Urbandale were very close to the actual figures, the latter have been used here in Tables 1, 2, and 3.

Other Tables presenting breakdowns by population categories have not been changed, as have the first three tables. Such reconstruction would have proved time consuming without resulting in significant changes in the Tables, and the judgment was made not to spend further time in this area.

This volume is not being distributed as widely as Volume I because of the greater difficulty in using data in a printout format and perceived greater interest of the public in the information contained in Volume I. Initial distribution of Volume II is being limited to contributing agencies and agencies to which the Department is statutorily obligated to provide crime data. Additional copies may be obtained from the Department's Office of Research and Development.
