# Law Enforcement Code of Ethics

As a Law Enforcement Officer, my fundamental duty is to serve mankind; to safeguard lives and property; to protect the innocent against deception, the weak against oppression or intimidation, and the peaceful against violence or disorder; and to respect the Constitutional rights of all men to liberty, equality and justice.

I thill keep my private life unsullied as an example to all; maintain courageous calm in the face of danger, scorn, or ridicule; develop self-restraint; and be constantly mindful of the welfare of others. Honest in thought and deed in both my personal and official life, I will be exemplary in obeying the laws of the land and the regulations of my department. Whatever I see or hear of a confidential nature or that is confided to me in my official capacity will be kept ever secret unless revelation is necessary in the performance of my duty.

I Will never act officiously or permit personal feelings, prejudices, animosities or friendships to influence my decisions. With no compromise for crime and with relentless prosecution of criminals, I will enforce the law courteously and appropriately without fear or favor, malice or ill will, never employing unnecessary force or violence and never accepting gratuities.

I RECULUTIZE the badge of my office as a symbol of public faith, and I accept it as a public trust to be held so long as I am true to the ethics of the police service. I will constantly strive to achieve these objectives and ideals, dedicating myself before God to my chosen profession ... law enforcement.

### A BRIEF HISTORY OF EL PASO

In 1536, just forty-four years after Columbus discovered America, Cabeza De Vaca and his party crossed the Rio Grande River at El Paso, but it wasn't until 1659 that the first permanent European settlement was established in the El Paso Valley. In 1680 Spanish colonists were driven out of the New Mexico territory during the Pueblo Indian revolt, and they, along with their Tigua Indian refugees, retreated to Ysleta which is within the present city limits. The Tiguas, who still have their reservation within El Paso, founded the Ysleta Mission in 1681 which is the oldest building in Texas. In 1848 a trading post and a United States Military post (Ft. Bliss) were built in downtown El Paso. The first railroad trains pulled into the city in 1881.

El Paso is located in the far west corner of Texas, and across the Rio Grande River is Juarez, Mexico with a population of 650,000. The Franklin Mountain Range runs through the middle of the city at an elevation of 7,192 feet. El Paso is the lowest all weather pass through the Rocky Mountains having an average daily high temperature in January of 60 degrees and an average annual rainfall of 8.4 inches. The city of El Paso has more days of sunshine than any city in the United States. Between 1961 and 1974 the sun failed to shine for only 15 days. El Paso has a population of 410,000 and is the 4th largest city in Texas and 33rd in the United States.

The early history of law and order in El Paso was turbulent with city marshalls being hired solely for their ability to shoot fast and straight. The first city marshall was appointed in 1873, however, due to a lack of concern, the citizens of El Paso disbanded the city government and there was no city marshall from 1875 - 1880. During this time the town was open to outlaws, but the anglo members of the community appealed to the state for protection and the Texas Rangers were sent to maintain order. Later, Marshall Dallas Stoudenmire killed five men in one shoot-out in 1880.

By 1883 the city marshall's force was expanded to five officers. Below is a list of items and when they were first implemented:

Uniforms and Badges	1887
Chain Gang formed	1889
Mounted Patrol	1890
Residental Patrol	1900
Detective Section formed	1902
First Motorized Vehicle	
(Motorcycle)	1909
Identification Section started	(1,1,2,2,2,2,2,2,2,2,2,2,2,2,2,2,2,2,2,2
(Used Bertillion System)	1915
First Radio equipped cars	1933

	Growth	of the	force	was as	follows:	
1873		1 Man	i i	1921	85	Men
1883		5 Men	1	1950	170	Men
1899		10 Men	1	1960	340	Men
1907		30 Men	L .	1970	393	Men
1912		45 Men	L <sup>in</sup>			

- 5 -

In 1912 the city of El Paso had a population of 39,000 and an area of 9.13 square miles. The town had 6000 telephones and eight railroads which provided 30 passenger trains a day to the town. Today the population of El Paso is 410,000 in an area of 239.208 square miles, and the police force consists of 707 officers and 160 civilians.

DAN PONDER MAYOR PRO TEM RICHARD WAGNER RICHARD A. NAJERA DR. J. B. JONES JIM SCHERR POLLY HARRIS W. L. RIEGER CITY CLERK

POLICE DEPARTMENT

Honorable Mayor and City Council City of El Paso, Texas

Dear Council Members:

RAY SALAZAR

MAYOR

JIM KIRBY EXECUTIVE ASSISTANT

ROBERT H. GABEL

ADMINISTRATIVE OFFICER

With great pleasure, I hereby respectfully submit the Police Department's Annual Report and Statistical Summary for 1978.

I am proud to report that the crime index for El Paso in 1978 was at its lowest point since 1973. It is also significant to note that this is the second year in a row that index crimes have decreased in our city. The year 1977 saw a 2.8% reduction in crime and 1978 reflects a 4.1% abatement in crime. This is made more significant when it is taken into consideration that El Paso has experienced a population growth of 6.5% since 1977.

The statistics in this report attest to the dedication, and effectiveness of all the personnel of our department. Both commissioned officers and non-commissioned civilian employees have done a commendable job during 1978 in their efforts to suppress crime in our city.

Continued vigilence, pro-active law enforcement and responsive, professional, community service are the goals to which we are firmly committed in the coming years. With this pledge, we will strive to keep El Paso one of the safest communities in the nation in which to live.

Sincerely,

William E. Rodriguez Chief of Police

El Paso, Texas, The International ("ity

### CRIME STOPPERS OF EL PASO

As the American Society becomes more sophisticated and complex, so must the law enforcement agencies whose responsibility it is to protect it. A new program sponsored by the El Paso Police Department called "Crime Stoppers" is a means to receive the information necessary to expand investigations in particular crimes.

Crime Stoppers is a program that is directed by the community and is totally funded by donations from local businesses and private citizens. Basically, Crime Stoppers is a program that pays cash rewards to concerned citizens that are willing to give information that will lead to the arrest and indictment of felony criminal offenders. Telephone calls are received at the Police Department and the information is disseminated by the corresponding Detective Division. If an arrest and indictment is then procured, the amount of the reward is decided on by the Crime Stoppers Board of Directors. The Board of Directors is made up of a cross-section of the Community and sets policy for the entire program.

Crime Stoppers is a high profile program that is continually in front of the public. A crime of the week is selected for the television news broadcasts on all three channels once a week. This crime is also put in both newspapers once a week. The local radio stations also participate by airing the crime of the week periodically throughout the week. This type of media coverage keeps the program in the public eye and attracts the attention of casual witnesses to various crimes, who might not have real+ ized what they were seeing at the time of the offense.

Crime Stoppers is presently operating in over 30 cities throughout the United States with much success; most notably, in Albuquerque, New Mexico, where the program began. In the first three (3) months of it's existence, El Paso's Crime Stoppers Program has enjoyed fantastic success. To date, the Crime Stoppers score sheet reads as follows: 1 stolen pickup,

- 27 -

4 motorcycles, and a large quantity of stolen motorcycle parts recovered. The total value of the stolen property recovered is \$7,500.00. Confiscated were 1,647 pounds of marijuana and 1/4 gr. of cocaine with a street value of \$197,050.00. The total value of narcotics and stolen property recovered is \$204,550.00.

A total of 24 arrests have been made with information received through Crime Stoppers, and 28 cases have been cleared by these arrests. There are several cases being followed up at this writing. Police Department Detectives have been receptive to the new program because it is another means of obtaining information to assist with their investigations.

SGT. DWAIN JOHNSON PRESENTING THE WEEKLY "CRIME STOPPERS" BROADCAST

ţ

l

### THE SIRCHIE MOBILE EVIDENCE COLLECTION VAN

During the first of 1978, the Police Department acquired the "Sirchie" Mobile Evidence Collection Van. The evidence van was a welcome addition to the Identification and Records Division. Much of the difficulty in collecting, preserving, analyzing, and documenting evidence in the field was alleviated with the Mobile Evidence Collection Van.

Although not limited to the following, the Mobile Evidence Collection Van has the capability for conducting:

Narcotics Tests Gunpowder Particle Tests Blood Tests (Not Typing) Trace Metal Detection Number Restoration Casting Semen Tests Metal Detection

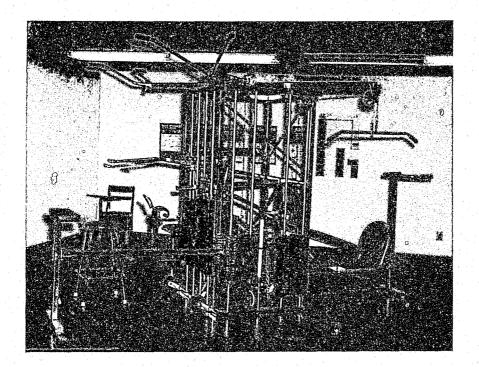

#### NORTHEAST SUB-STATION

Due to recent land annexations by the city, the latest occurring during the latter part of 1978, the station now services an area of approximately 100 square miles and a population of near 90,000 people.

The land area includes approximately 54 square miles known as Tom Mays Park, 39 square miles of land running west from the Southern Pacific Railroad property line to the East boundary line of Tom Mays Park, and of course, includes the original 26.5 square miles which has been policed by this station since its establishment in January of 1975.

During the year, the building was enlarged from 3,750 sq. ft. to 5,250 sq. feet. This addition includes a locker and storage area, two interview rooms and a gym equipped with a Universal Weight Machine.

- 30 -

### EAST VALLEY SUB-STATION

In 1978 the East Valley Police Sub-Station was responsible for patrolling the East and Lower Valley portions of the City of El Paso. The East Valley patrol responsibility covers approximately 48% of the total area of the City of El Paso and approximately 46% of the total population of the City.

The predicted crime norm for the East Valley Patrol area for the year 1978 was 43.05% of the total crime for the city. Commandable, East Valley Patrols were able to keep this average down to approximately 41.44% for the year 1978.

A Bicycle Patrol was organized at the East Valley Patrol Sub-Station in 1978. This bicycle patrol was organized to deal with the high crime rates in the large shopping centers and was effective in keeping down the crime rate in the areas where it was used.

Also in 1978 four new interview rooms, a new report writing room, a breathylizer room and a new Sergeants Office were constructed as additions to the original station. A seven ft. chain link fence was also erected around the entire East Valley Station and parking lot.

### EMERGENCY VEHICLE OPERATIONS DETAIL

The Emergency Vehicle Operations Detail is part of the Traffic Division. It consists of two officers which instruct on a full time basis and a sergeant who administers the school and schedules all classes. This detail began teaching classes in January of 1978. During the year a total of 170 Law Enforcement personnel were trained. 164 of those being officers of this department and the remaining 6 from other Law Enforcement Agencies.

This course involves 32 hours of training with the majority being actual driving hours on a specially constructed driving range in N.E. El Paso. Students in the course learn what their individual driving abilities are under various conditions. Also stressed are the capabilities of a motor vehicle along with various driving techniques.

### CANINE UNIT

In 1978, the Canine Unit was expanded to eight handlers. Canine Units are primarily used in preventative patrol areas where burglaries, robberies, assaults, purse snatching, and other street crimes are most prevalent.

Canine Units are utilized, and are also very effective in the following tasks:

- 1. Building Searches
- 2. Bomb Searches
- 3. Field Searches
- 4. Narcotics Searches
- 5. Crowd Control
- 6. Tracking

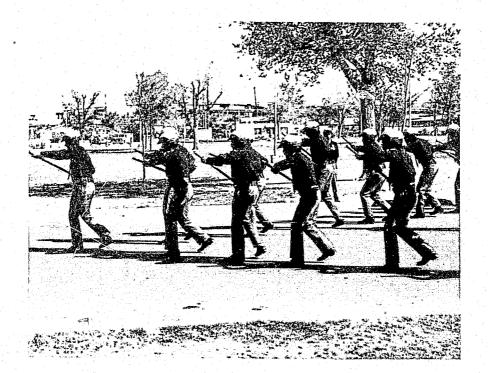

The below photo was taken at a demonstration to show the effectiveness of the Canine Unit during a staged robbery.

The Patrol Tactical Section is part of a combined force of specialized units, which along with the Foot Patrol and Canine Section are part of the Central Patrol Division.

The Patrol Tactical Section consists of two squads, each with one sergeant and ten patrolmen.

The purpose of the Tactical Section is to be a flexible force of the Patrol Division, ready to be directed at any specific crime problem within the city. Any unusual situation requiring special tactics or training such as a large disturbance, riots, crowd control, protection of dignitaries or any type of occurrence which requires concentrated police attention may be assigned to the Tactical Section. During the time that the Tactical Section is not working on a specific assignment, they will concentrate on Burglary and Aggravated Robbery suppression, with the emphasis being on crime in progress arrests. This is accomplished by the use of specialized surveillance equipment, unmarked vehicles, saturation patrol and stake-outs.

## ANNUAL CRIME STATISTICS

#### EL PASO POLICE DEPARTMENT MISCELLANEOUS FACTORS

Factors which may be considered contributing to the incidence of crime, in the City of El Paso.

	1974	1975	<u>1976</u>	1977	1978
El Paso's Rate of Unemployment	6.8%	10.0%	10.7%	10.0%	9.38
Texas Rate of Unemployment	: ent		<del></del>	4.78	4.6%
National Rate of Unemployment	5.6%	8.5%	N/A	6.48	6.48

Average age in El Paso is 23 years Average age in the United States 28.7 years Population in Cd. Juarez 650,000 plus

Total	Number	of	Persons	Arrested :	in 1978			+	19,469
Total	Number	of	Foreign	Residents	Arrested	in	1978		3,933

Of these 3,933 foreign residents 3,052 were 18 years and over, 881 were under 18 years of age.

The 3,933 figure constitutes 20.2% of the total number of arrests made in 1978 by the El Paso Police Department.

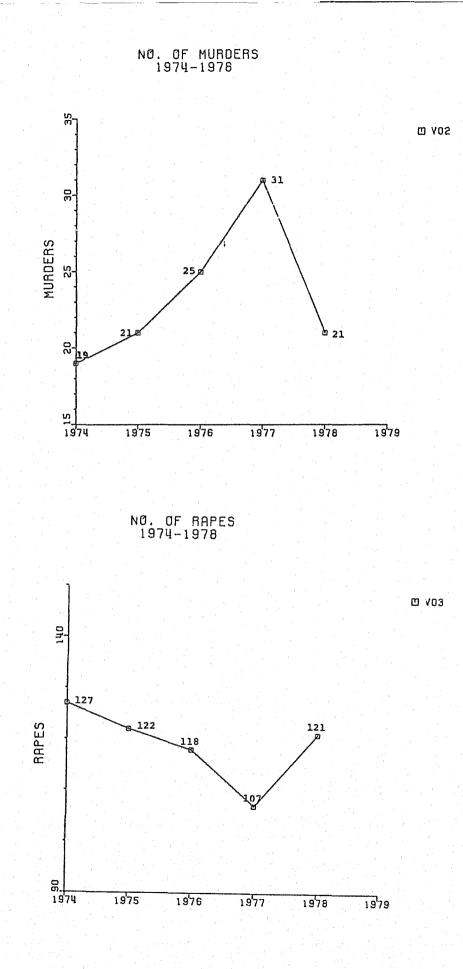

EL PASO POLICE DEPARTMENT CRIME INDEX COMPARISON 1977 - 78
