Dear Mr. Davidson:

Austin, Texas 78701

Mr. Dan H. Davidson

City Manager's Office

Municipal Building, Room 100

City Manager

The Austin Police Department handled a record number of 27,237 index crimes in 1979. This Annual Statistical Report reflects a total increase of 10% when compared to the 1978 index crimes. Unlike 1978, the increase was in property crimes. Burglary, theft and motor vehicle theft increased 10%, while criminal homicide, rape, robbery and aggravated assaults only increased 1%. Nationally, violent crime was up 10% and property crime up 8%. The total national crime index was up 9%. The clearance rate for Austin was 24% in 1979, slightly lower than the 26% in 1978.

The main reason for the small increase in violent crime in Austin was the 9% decrease in robbery. Nationally, robbery was up 13%. In order to reduce index crime, weekly meetings of the Crime Reduction Committee were instituted. This Committee has representation from all operations of the Department. Utilizing information obtained by Committee members, Crime Analysis and Crime Prevention, officers were strategically located in select areas of the City during time periods when crimes were most likely to occur, particularly robbery. This strategy together with the full implementation of Career Criminal Identification and Prosecution were major factors in the dramatic decrease in robberies in Austin.

In June, 1979 following the retirement of one of our veteran administrators, reorganization of the Department was in order. I did so with the objective of creating a better balance of work and supervision within the Bureaus and Divisions to increase the overall efficiency of the Police Department. This reorganization, with our approval, has accomplished its intended purpose.

In January, 1979 at a General Staff meeting, I outlined ten goals I wanted the department to achieve during the year. With the exception of the pistol range, we were successful in meeting those goals.

We would not have been as successful without your support and the support of the City Council. With the construction of the new Police Academy, the department will get its much needed pistol range. With the construction of the new Police Building, of which you and the Council can be justly proud, a modern facility will become a reality.

I am again looking forward to working with you and the City Council in achieving our mutual goals and objectives for 1979/80.

Sincerely,

Trank Drum

Frank Dyson Chief of Police
