INTRODUCTION: PURPOSE AND INTENDED USAGE

In January, 1980, the New Jersey Division of Criminal Justice, began administering a Victim/Witness Project under a grant awarded by the federal Law Enforcement Assistance Administration. The project represents part of the Division's statewide effort to improve assistance through the development and coordination of services throughout New Jersey.

Research conducted in this area indicates this statewide directory of services for victim/witness assistance has been prepared as a referral resource to enhance the service network and encourage the delivery of service as soon after the crime incident as possible. The directory will be provided to victim/witness advocates resource people and service providers as well as law enforcement agencies and officials throughout the State.

Research indicates that gaps exist in servicing victim/witness crime-related and crisis needs.

DIRECTORY FORMAT

The directory is indexed by county. Service categories, representing areas of recognized victim/witness needs, are listed within each county section. (e.g., compensation, crisis intervention, emergency assistance, etc.).

Appendices have been added to include consolidated lists of statewide victim/witness units and resource persons, crisis intervention

services, and State agency hot lines.

The Resource Directory for Victim/Witness Assistance is intended to serve as a means for providing current information and appropriate referrals. We will continue to provide support to the Victim/Witness advocate.

An up-date form has been prepared to provide corrections or changes in information about included service agencies. With your assistance in completing these forms as needed, we will continue to provide current and accurate information for servicing victim/witness needs.

UP-DATE FORM
For The
Victim/Witness Resource Directory

The Resource Directory for Victim/Witness Assistance is intended to be a current referral resource. Since agencies and services are constantly changing, the directory is intentionally designed in looseleaf form, so new pages can be inserted in place of out-dated ones. All agencies and services will receive periodic up-dates on the directory.

If any change occurs in the services, address, and telephone number, or any other pertinent information, please fill out the form below and send to:
