INTRODUCTION

This report has been developed to provide information regarding the average daily population in each correctional complex, major institution and satellite housing unit under the jurisdiction of the Department during Fiscal Year 1980. In addition, Average Daily Population (ADP) and end of month counts are reported for the Residential Group Centers and the Community Treatment Centers for juveniles.

The Prison Complex includes the Trenton, Rahway, Leesburg and Clinton facilities. The Adult Diagnostic Treatment Center, although a part of the Prison Complex, is included in this report but will be reported under a separate heading. The Youth Correctional Complex consists of the Youth Reception and Correction Center - Yardville, the Youth Correctional Institution - Bordentown and the Youth Correctional Institution - Annandale. The Juvenile Training Schools include the Jamesburg Training School for Boys and Girls and the Skillman Training School for Boys.

From Fiscal 1979 to Fiscal 1980, the average daily inmate count for the Department as a whole increased 2% from 6,543 to 6,646 inmates. The following are the changes within the various correctional complexes or facilities:

- The County waiting list decreased from 91 to 79.
- The State Prison Complex count remained constant at 3,591.
- The Youth Correctional Complex count increased slightly from 2,092 to 2,100.
- The Adult Diagnostic and Treatment Center was down 3% from 195 to 190.
- The Training School Complex population increased by 19% from 419 to 500.
- The Residential Group Centers increased 24% from 59 to 73.
- The Juvenile County Treatment Centers increased 37% from 67 to 92.

The average daily inmate population in New Jersey State Correctional Institutions during Fiscal 1980, while lower than the peak populations experienced in 1977 and 1978, is 392 inmates or 6% higher than the average daily population experienced during Fiscal 1976.

Also, it should be noted that there was a significant increase in the number of offenders residing in the juvenile correctional facilities including the Training Schools and the Residential Group Centers and the Community Treatment Centers at the end of June 1980 compared with the end of June 1979.

NOTES ON AVERAGE DAILY POPULATION FOR FISCAL 1980

- a/ Some units were not in operation for the entire year. The Average Daily Population (A.D.P.) for these units was computed for a twelve month period, however, and therefore, these A.D.P. figures will appear low.
- b/ Residents include inmates in the institution and on furlough on last day of reporting period. For the Prison Complex and Youth Complex, number on furlough is included only in the total complex counts and not in the counts for separate units.

Also, note that, for this report, offender counts are based on physical location and not on correctional jurisdiction (e.g., prison offenders housed in youth correctional facilities are included in Youth Correctional counts).
