FISCAL YEAR

STATISTICAL  
SUMMARY

RECORDS & STATISTICS

TECHNICAL SERVICES DIVISION

INTRODUCTION

The 1980-81 Fiscal Year Statistical Summary is issued by the Los Angeles County Sheriff's Department as a means of evaluating the effectiveness of current procedures and as a reference for future development of the Department.

The following is a clarification of the terms utilized in the Summary:

Crime Rates

Crime Rates in this Summary are based on a population of 10,000 rather than 100,000 as in the State of California and Federal Bureau of Investigation reports. This makes the rates more significant in view of the population distribution in the various Station and Contract City areas. The Crime Rate calculated as follows:

$$\frac{\text{Number of Crimes in Area "Y"}}{\text{Population in Area "Y"}} \times 10,000 = \text{Crime Rate}$$

Population

Population figures were obtained from Los Angeles County Department of Regional Planning 1980 Census Publication.

Area

The Area figures are based on figures provided by the Los Angeles County Engineering Department for January 1, 1981.

Comparisons

Factors contributing to crime are numerous and vary from place to place. Readers are cautioned against drawing conclusions from direct comparisons of crime figures between individual communities of similar populations and size. In Los Angeles County, a jurisdiction in excess of seven million population, several factors affect the rate of crime. The factors include:

- Crime reporting practices of citizens
- Multiple levels of economic status
- Population, both resident and transient
- Composition of the population in regard to age and sex
- Population density and community characteristics: commercial, educational, recreational, religious and economic
- Public attitude toward crime and law enforcement
- Number of police employees per unit of population
- Policies of the prosecuting officials and courts

In evaluating percent changes, consideration must be given to the dates during which the changes took place as well as to the actual number of crimes upon which the percentage is based.

Part I Offenses

The Part I Offenses are used by law enforcement agencies in the United States to reveal the extent and trend of criminal activity. Any significant change from the anticipated pattern of the figures alerts Law Enforcement Administrators to possible problem areas. The Part I Offenses are Criminal Homicide, Forcible Rape, Robbery, Aggravated Assault, Burglary, Larceny Theft, Grand Theft Auto, and Arson. Arson is treated as a Part I Offense in this Summary. The Sheriff's Department tabulates Part I Offenses by Uniform Crime Report standards and maintains statistical files with regard to violations, locations of occurrences, arrests by age and sex of the offenders, and by disposition of cases. Only the most serious classification is tabulated from reports with multiple classifications. If a suspect is charged with Burglary and Malicious Mischief, only the Burglary (the more serious crime) is included in the statistics. However, if several persons together commit one crime, each person is counted in "Adults Arrested"; only one crime is counted in "Cases Handled." Thus, statistics maintained by each of the Stations or Bureaus may differ from those recorded in this Summary. Similarly, a single case handled may have multiple assignments with the result that cases assigned with total more than cases handled.

Percentage Comparisons

Whenever the availability of data permits, percentage changes are indicated. These percentages reflect increases or decreases in the total number of cases. It must be noted that these changes do not adequately reflect changes in manpower expended. It is in fact possible for a decrease in cases to represent an increase in man-hours expended due to a greater number of hours required for each case.

YOUTH SERVICES BUREAU

ACTIVITY SUMMARY

The Youth Services Bureau is composed of four separate Details with widely diverse and varying responsibilities.

JUVENILE LIAISON DETAIL

This Unit works directly with the various components of the Juvenile Justice System. The monitoring and processing of court documents, and management of the witness on-call process at two juvenile courts are also responsibilities of the Detail. The Juvenile Justice Center, a unique program that unites every element of the system in making dispositional decisions by panel discussion, also has a representative from this Unit as does the Northeast Juvenile Justice Center, which became operational in March 1981, and reflects no statistics.

Additionally, this Unit is represented on 12 of the 13 County Diversion Projects, and on the County School Attendance Review Board.

This would include amusement parks, beaches, and other locations which may attract gang members in large numbers. A highly mobile force of gang experts, composed of Headquarters Gang Detail and Operation Safe Streets, can be reassigned, on short notice, to any location to suppress gang activity.

OPERATION SAFE STREETS

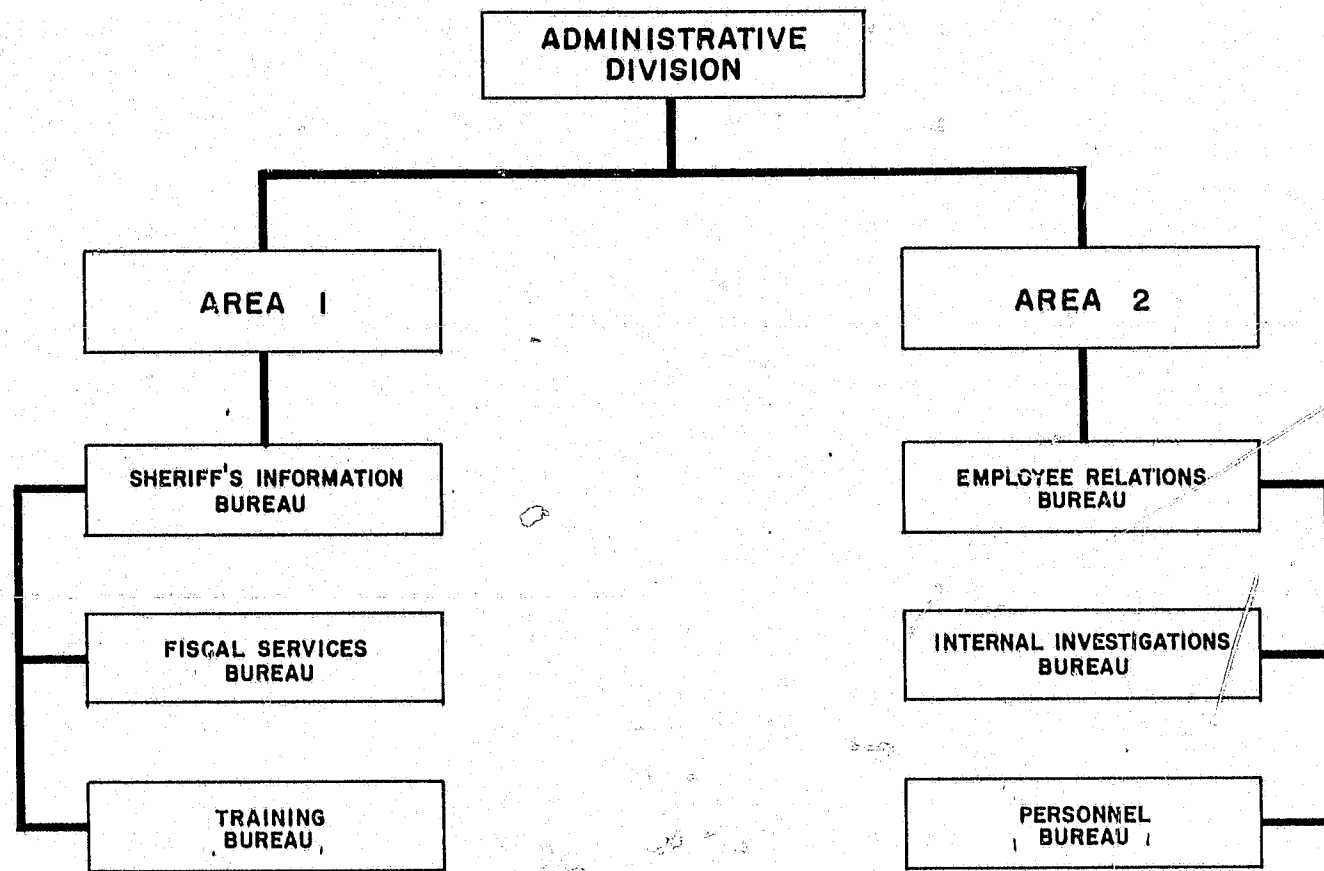

This program is reducing gang violence in selected areas through intensive selective enforcement aimed at the criminal activity of target gangs. The program currently includes team working at six stations.

HOMICIDE BUREAU

The Homicide Bureau is a specialized bureau employing unique investigative and evidence-handling expertise in such cases as homicides, accidental, narcotic overdose, suicide, and other sudden and unexplained deaths; kidnapping where ransom, extortion or victim injuries exist; missing and unidentified adults, including missing juveniles where there is suspicion of foul play, and gunshot injuries involving department personnel.

The Homicide Bureau also provides investigative expertise to independent cities, when requested, in homicides, other death investigations, and in officer involved shooting incidents.

MAJOR INVESTIGATIONS

The cases included in this category involve an immediate response by two or more homicide investigators, intensive investigation over a period of days or weeks, and the preparation of extensive written reports. The majority of the Homicide Bureau's investigative effort is expended in this area.

These investigations vary considerably depending upon the circumstances. An adult missing with no evidence of foul play normally involves several hours of investigation, follow-up reports, and oft-times a personal contact with relatives. A missing juvenile with foul play suspected can require a massive response of available personnel and days of investigation.
